## Historical Society.

The Historical Society held its regular monthly meeting Tuesday night in Gerrard Hall. An interesting paper, by Mr. G. V. Roberts, on the "Klu-Klux-Klan," was presented to the society. The origin and growth of the order was thoroughly treated, with a vivid insight into its workings. Dr. Battle, with his always helping hand, added some amusing and interesting points in connection with the Klu-Klux as applied around Chapel Hill.

"The Eve of the Revolution" was the title of a brief offered by Dr. C. L. Raper. The abstract was taken from Dr. Raper's new book, which is now under final preparation for the press. A clear idea of the pre-Revolutionary feeling of the Carolina colonists could be gathered from the Doctor's short talk. We look forward with pleasant anticipation to the research work of Dr. Raper and wish him a neat recompense.

Owing to a "short circuit" the society adjourned on account of darkness.

In the Phi. Society the query for last Saturday was, "Resolved, That local taxation should be enforced for the benefit of the rural school districts of North Carolina." The negative won and Mr. B. F. Huske was best debater.

The question in the Di. Society was, "Resolved, That the national government should have the power to compel, and should compel, the settlement of all labor troubles of national importance through a board of arbitration." The committee decided in favor of the affirmative and reported Mr. C. Ross as best speaker.
