All communications for this paper should be in the hands of the Editor-in-Chief by Wednesday at noon to insure publication the same week. We shall be glad to publish pertinent discussions of college topics. The Tar Heel will welcome news items, and hopes the whole college will aid it along this line.

We have played our first game off the Hill for this season and won it without much trouble. We give two different accounts of the game. The first as seen by a South Carolina man in "The State"; the second as seen by our own representative. The two views do not accord exactly but we leave them for our readers to pass upon.

We have heard no complaints as to the behavior of our own men both on and off the field and we wish we could say the same for South Carolina. We do not think it wise for us to continue athletic relations with South Carolina College. Our baseball team did not receive the best treatment in the world when at Columbia last spring and now a South Carolina man exhibits his hate for U. N. C. by striking the youngest and smallest man on the foot ball team a foul blow in the eye; on account of which the latter was compelled to go to his home for treatment. There is no glory to be gained by defeating South Carolina College, so let us have no more of them.

What is the matter with our musical organizations? Where are the Glee Club, the Mandolin and Guitar Club, the Orchestra, and the Band? Last year these were the most pleasant features of our college life and we see no reason why they should be dropped after such a successful year. The musicians we sent to Greensboro last year were most highly spoken of; some of the Normalites even going so far as to declare that they were "just too cute for anything."

The band last year was a most up-to-date organization and aided the rooters very materially in our ball games. Whenever Carolina made a great play, which was often last year, the notes of "We are Tar Heels Born" sounded like a very paean of joy. We play one of our biggest games on the Hill this fall; at this and at Richmond on Thanksgiving the band will be a most valuable addition to our rooting organizations. By all means, let's have the band.

We are glad to see the class teams out and going through their signals with so much snap and ginger. These class teams are direct feeders

for the Varsity and more attention should be given them. The freshman team of 1903 won the class championship and seven men out of the eleven afterwards gained the right to wear N.C. on their breasts. We have probably the best class teams in the South, other Southern institutions paying very little, if any, attention to class athletics.

The way in which our class teams defeat neighboring preparatory schools show what a good article of ball they can put up and we hope they will be able to get games with nearby schools this fall. A little instruction by Coach Olcott would increase the efficiency of a class team very much and would besides aid in the development of material for future Varsity teams, and he could doubtless be procured for a short while occasionally to give instruction in the finer points.

Let us pay more attention to our class teams.

We acknowledge the receipt of the "Annual Report of the Auditor of the State of North Carolina for the Fiscal Year Ending November 30th, 1902," sent with the compliments of Auditor B. F. Dixon. It is a very neat volume, larger than a 12 mo., and bound in light green paper covers. We were much interested in the reports of the numbers of mules, goats, feather-bed renovators, lighting rod agents, etc., in all the counties from Cherokee to Currituck. On the whole the volume reminds us of what Mark Twain said of the dictionary, "Powerful interesting reading, but a trifle disconnected as to plot."
