All communications for this paper should be in the hands of the Editor-in-Chief by Monday at noon to insure publication the same week. We shall be glad to publish pertinent discussions of college topics. The Tar Heel will welcome news items, and hopes the whole college will aid it along this line.

The debate last Friday night showed very plainly the efficiency of our system of training debaters. Nine debates won out of twelve held with three different colleges speaks more plainly of our methods than many words, and a long discussion on the subject is not necessary here. We acknowledge no superior in the South when it comes to debating.

Our representatives made an ideal team and they have the thanks of the entire college for the able way in which they sustained the honor and reputation of old U. N. C.

The visitors were true Georgians, able men and courteous gentlemen. We were glad to have them with us and we trust that the friendship now existing between the two Universities shall grow with time.

We trust that our baseball team will not listen to the voice of the croaker now when so much depends on our winning the rest of the games we have. There are some men around college to whom it seems a positive pleasure when we meet defeat, and satirical remarks are all they contribute towards the support of the team. We know that we have the material for a great team whether it develops this year or not, and the thinking part of the students is with it.

Dr. Smith delivered an address March 27 before the Presbyterian congregations of Richmond, Va., on the "Publication Department of the Southern Presbyterian Church." The Committee of Publication is publishing the address and will send a copy to every minister in the Southern Presbyterian Church.

Two Games Lost.

Well, we have lost two more games, and feel that a detailed report is neither necessary nor desired. We have no complaint to make on the work of our team with Maryland. They put up an excellent game against a seasoned, two-thirds professional team. The score in the Davidson game is explained by inability to hit Vail, coupled with errors at the wrong time. However, let's put the memory of these games aside and go in now to win. Gloomy predictions are out of place right now. We need to back up the team.
