The student body has pretty generally expressed its contempt of the disgraceful conduct of some men at the show Monday night. Frequently such conduct is railed at and spoken of as the acts of Freshmen. But unfortunately there were others than Freshman among the rowdies Monday night; an upper classman, who had a very conspicuous seat, evidently got as much pleasure out of showing his rowdiness as he did from the magician. This paper does not aspire to a position as teacher of manners, but it does ask that if a student cannot go to a public gathering without acting disrespectfully towards ladies and professors, let him stay away.

WE HAVE the pleasure of announcing that the editor-in-chief will hereafter be admitted to the meetings of the Advisory Committee. This should have been the case all the time. The present editor realized it very keenly during the football season last fall, and purposed to suggest at the end of the year, when there would doubtless be a better prospect of success, that the Committee make the change. The Committee, however, felt that they were misrepresented in the Tar Heel recently, on account of their side of the case not being known. As a result, they voted to admit the Tar Heel hereafter. This action seems to us a very wise one. The Tar Heel is supposed to represent and reflect every phase of the life of the college, and it cannot do this if it does not know what is doing. To be a good editor, one must have the broadest possible view. We are glad our view has been broadened.

### Tar Heel Wanted.

The Library is very desirous of obtaining No. 18 of last year's volume of the Tar Heel. The date of the paper is Feb. 18, 1904. If any one has a copy and will give it to the Librarian, he will confer a great favor upon the Library and the Tar Heel as well. The file of the Tar Heel is kept in the Library and last year's file lacks this number of being complete.

## Representative Boutell to Deliver the Commencement Address.

The University is fortunate in securing Representative Henry Sherman Boutell, of Illinois, to deliver the Commencement address. He is a resident of Chicago and a lawyer of ability, being a graduate of the Northwestern and Harvard Universities. Since 1897 he has represented his district in Congress. He is easily one of the leading Republican representatives and has broad views on national questions. A great deal of interest was attracted by his recent Chicago speech declaring his opinion that the South should be allowed to settle the negro question.

Mr. Boutell had made arrangements to be abroad at the time Commencement will be but said he would gladly postpone his European trip in order to be here.

### Washington and Lee Debaters.

Mr. I. C. Wright, from the Phi, and Mr. A. H. King, from the Di, have been selected as the debating team that will represent Carolina in the contest with Washington and Lee. Mr. Wright's ability has been shown in one intercollegiate contest and is well known. Mr. King has not been in a public debate before, but showed great ability in the preliminary contest. Carolina will be well represented.

There is a bill before the Tennessee Legislature making football playing a felony. As the Purdue Exponent well puts it, this is just another proof of the statement that a new crank is found every day.
