

## LOCAL NOTES.

—The Modern Literature Club will meet tonight at 7.30 in the Alumni building.

—The election of Chief Ball Manager will take place in the chapel Saturday afternoon at 3.30.

—At a meeting of the Athletic Advisory Committee soon after the close of the football season Mr. J. M. Robinson, '07, was elected manager of the 1906 football team.

—At a recent meeting of the first Pharmacy class the following officers were elected: Messrs. C. M. Fox, president; C. T. Council, vice-president; L. Birdsong, secretary.

—At a meeting of the Dialectic society Saturday night Mr. L. R. Rudisill, '04, was elected as that society's orator for the Washington Birthday exercises. The Phi has not yet selected its representative.

—At a meeting of the members of the track team Tuesday afternoon Mr. W. H. M. Pittman was elected captain, Captain-elect Reynolds having left college. Earnest efforts will be made to turn out a team that will bring victory this spring.

—The final steps looking towards the debate with Georgia were concluded sometime in December when Georgia chose the affirmative of the query, "Resolved, That the tariff policy of the United States should be revised upon the basis of a tariff for revenue only." Carolina will therefore, defend the negative.

—A rather important change has been made by the Faculty in the grading system. Beginning with the next year the meaning of a "5" will be "from 60 to 70 per cent." instead of "from 50 to 70 per cent." as now and heretofore. This means of course, that those receiving 59 or lower will please accept the grade as a request from the Faculty for an encore.

—Dr. Charles L. Raper delivered a lecture before the American Historical Association in Baltimore, December 27 on the subject: "Why North Carolina at First Refused to Ratify the Federal Constitution." On December 29 Dr. Raper at a meeting of the American Economics Association in Baltimore led the discussion of the subject: "The Economic Future of the American Negro."

—The societies met in regular session last Saturday night for the first time in the new year. "Resolved, that Japan would have been justified in accepting Russia's treaty," was handled by the Di. The decision for the best speech was awarded to Mr. W. H. Jones, and the negative won. In the Phi the

question was "Resolved, that taxes for school purposes should be distributed among the races according to the taxes paid in by each." Mr. J. W. Umstead was voted the best speaker and the decision was won by the negative.

### Fair Warning.

The board of editors of the Yackety Yack for 1906 have gone to work in thorough earnest, determined to get out a publication worthy of this institution, and to get it out on time. In order to do this the material must be in the hands of the printers by March the 1st next. This makes it necessary that cuts of all pictures for the Yackety Yack, whether of individuals or groups, be back from the engravers by that time. This will be impossible unless the pictures are in the hands of the business managers by February the 1st. To give the photographers time in which to get these pictures ready, the negatives must be made next week. Mr Holladay will be on the "Hill" next week from Monday until Saturday. He will be in his studio from 8 A. M. to 3 30 P. M. for the purpose of making negatives of individuals and after 3.30 he will be on the campus to take groups.

All persons are hereby notified that unless their negatives are made sometime next week their pictures will not go in the Yackety Yack. This can work no hardship on any one, and we are forced, under the contract with the engravers, to make this regulation.

### YACKETY YACK BOARD.

#### Christmas on the Hill.

"Christmas on the Hill?" You look surprised. It had not occurred to you that there was any Christmas on the Hill? Or perhaps you thought that if there were any it would be like the case of the proverbial oak falling in the primeval forest. If there were any Christmas there would be no one to bear witness of its having graced the place with its presence.

But in either case you are wrong and lamentably far from the truth. There was Christmas in Chapel Hill, and the village was not wholly uninhabited.

True, the day was much like any other. The sun rose and set according to his custom. It was not a "red day" as McNeill's kid complained that it should be. Its bleak matter of factness compelled one, in order to realize it, to assure himself over and over again, "This is Christmas." There was really, however, no getting around the fact. The calendars were unanimous in asserting it. The colored natives lost no opportunity to remind one of it, making one feel as if he could sympathize with the author of that famous ragtime classic: "You Must Think I'm Santa Claus."

Nothing exciting occurred beyond Doc Klutz's free fire works exhibition Saturday night, and the occasional starting up of the heating plant. The train, it is true, was so late coming in, on several occasions that, like the traveler in the crooked road, it met itself going back on the return trip, but this was not unexpected.

And what of those who braved

the deserted campus and the empty dormitories? 'Twas as cosmopolitan a bunch as the University boasts. Some were from the ice-locked regions of the North, some from sunny Florida, some from the chilly mountains of the West. Some stayed because their homes were far away. To some the Hill was as home, and they stayed from choice. Some had not their fill of work and stayed to get it. Some were "strapped" and waited for checks that never came.

### Gifts.

Dr. Isaac E. Emerson, of Baltimore, has given to the University the sum of \$5,000 to be used as an endowment for the library of electrical and mining engineering. The gift is timely, and most highly appreciated. It will prove of the highest usefulness in helping to equip the new library and in emphasizing the importance of special departments, so essential for a library adequate to the needs of a great University.

Coming upon the heels of this gift is the establishment by Mr. Shephard Bryan, of Atlanta, of an annual prize of \$25, in the University Law School. This will be known as "The Henry R. Bryan Prize," and will be awarded annually to that candidate for the degree of Bachelor of Laws who presents the best thesis on the law of insurance. For this also the University is grateful. It is expected to stimulate interest among the law students.
