**HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR**

**She is now independent and cares not how bad times are. Can be done by others**

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.

hundred references to Cornelius Harnett. He was the representative Revolutionary hero. Typical of the spirit of the times, he was the Samuel Adams of North Carolina; and though his name does not appear in national history, yet it is but a question of time when the name of Cornelius Harnett will be recorded along with those of Revolutionary heroes of national, renown declared Dr. Smith.

**The Election Returns.**

The election returns were heard at several places at Chapel Hill Tuesday night. In the Chapel B. L. Banks, Jr., and J. L. Morehead had a leased wire and gave a report of both national and state returns. The report began at nine o'clock with a large number of students present, some of whom remained until three o'clock in the morning. Mr. T. J. McManis had a leased wire at Graves' Cottage where over two dozen students stayed up until two A. M. Long distance telephone messages were received at Pickard's Hotel. And Mr. Best's office wasn't empty.

DON'T forget Hall the barber.
