The Basketball Association met yesterday afternoon.

Junior Banquet

On the night of Friday last there were a goodly number of the class of 1910 assembled at the University Inn to celebrate their Junior Banquet. At nine o'clock they filed into the dining room, where contrary to to custom they were seated six at a table instead of all at the three long tables. Mr. T. P. Nash, president of the class, presided as toastmaster. Between the courses the following members of the faculty addressed the class: Prof. H. H. Williams, Dr. C. H. Herty, Prof. E. K. Graham, and Dr. C. Alphonso Smith. They were replied to by H. E. Stacy, L. C. Kerr, D. B. Teague, and A. H. Wolfe, respectively. Prof. Williams gave what appeared to him to be the reason for Bryan's defeat in the recent election. He made a speech that stirred up in the heart of more than one present a desire to be of service to his party in future campaigns. In his response Mr. H. E. Stacy gave some reasons for the unflinching love of their alma mater exhibited by alumni of the University. The next speaker, Dr. Herty, offered some suggestions for increasing the pleasantness of life on the Hill. Mr. L. C. Kerr spoke of what appeared to him to be the absurdity of the summer ball rule. Prof. Graham spoke on the danger of the honor system in being too loosely interpreted. Mr. D. B. Teague spoke on the development of the class. The next speaker was Dr. Smith. His subject was the man of vision as shown in the poets foreshadowing of the discoveries of scientists. Mr. A. H. Wolfe wound up the speaking with an excellent speech on class unity. The festivities were concluded with a series of yells and songs.

1765 *University of Pennsylvania* 1908
DEPARTMENT OF MEDICINE

Undergraduate Department. The One Hundred and Forty-second Session will begin September 27, 1908. The course, which covers a period of four years, of eight and one-half months each, is eminently practical, and properly graded, beginning with laboratory introduction in the fundamental subjects, and concluding with a comprehensive system of clinical instruction, terminating in the Fourth Year with the assignment of students as clinical clerks in the Hospital.

A large proportion (at least 80 per cent.) of the graduating classes secure positions as Resident Physicians in Hospitals.

Summer School for Graduates. The clinics and laboratories of this Department are open throughout the year for the benefit of those who wish to engage in graduate work. For those whose time is more limited, a comprehensive course is given, beginning this year, May 13, and continuing for a period of six weeks. This course is designed to meet the needs of the practitioner.

For further information, apply to the
Dean of the Medical Department, University of Pennsylvania, Philadelphia.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR

She is now independent and cares not how bad times are. Can be done by others

A woman in North Carolina started in business with only one dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver, and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 25 cent package, which she used carefully according to the directions. After one week's use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderful change in her condition, asked her to get them a package, and she sent one dollar to the manufacturer of the tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wonderful." She at once sent for 100 packages and kept on distributing samples and sold them all in a week's time. Then she sent for 500 packages and now she had 59 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day \$10,000 dollars for her Agency, but she declined his offer.

Any one, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who want to build up an independent business, to write to H. FELDSTEIN, 1375 Myrtle Avenue, Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today and build up a business and be independent.
