

THE TAR HEEL

OFFICIAL ORGAN OF THE ATHLETIC ASSOCIATION OF THE UNIVERSITY OF NORTH CAROLINA

VOL. 21

UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL, N. C., WEDNESDAY, OCTOBER 10, 1912

NO. 4

SATURDAY WILL BE UNIVERSITY DAY

Then will Be Celebrated Carolina's 119th Anniversary

THE YOUNGER ALUMNI TO SPEAK

Messrs. W. H. Swift, W. P. Stacy, J. K. Wilson, George Stephens, and Victor Bryant, will be Among the Speakers.

On next Saturday, October 12, the University of North Carolina will celebrate with appropriate festivities her one hundred and nineteenth birthday. "Home Comings" for town and city are now universally becoming occasions for celebration. October 12th, the University's birthday, is the great Home Coming Day for the Alumni.

The key note of the celebration this year is to be The Greater University. Instead of having some one distinguished speaker from another state or another University to make the address, the celebration of the day is given largely into the hands of the Alumni. Representatives from among the younger Alumni will make informal talks of a suggestive and interpretive nature upon various phases of the larger life of the University. At the instance of the Committee on University Day, Dr. Archibald Henderson, Dr. H. M. Wagstaff, and Professor P. H. Winston, the following speakers, chosen by the General Secretary of the Alumni, will speak on specific topics as follows: The Relation of the Alumni to the University, by Mr. W. H. Swift, of Greensboro; The Things that Count in the Greater University, by Mr. W. P. Stacy, of Wilmington; Complacency and Idealism: Shall We Stagnate or Progress?, by Mr. J. K. Wilson, of Elizabeth City; Athletics, by Mr. George Stephens, of Charlotte, and Mr. Victor S. Bryant of Durham will speak upon a selected topic. A word about the new Alumni Review, the first copy of which comes out late in October, its function and purpose, as an instrumentality in behalf of the Greater University of to-day and of the future, will be spoken by Professor W. S. Bernard. Lastly, Mr. Frank P. Graham will speak on behalf of the students of the University.

This celebration is a popular occasion, this year being prominently entrusted to the Alumni. Not only all Alumni, but the public generally, of all classes are cordially invited to assist in the celebration of the Greater University.

Amphorotheron met in regular weekly session Thursday afternoon. The question of woman suffrage was presented by the leader, and a spirited discussion followed.

TRIAL BEGINS OCT. 14TH

Hazers Will Face Orange County Jury

The trial of R. W. Oldham, A. C. Hatch, W. L. Merriman, and A. H. Styron, the four Sophomores charged with manslaughter in connection with the death of I. W. Rand, will begin in Hillsboro on Monday, Oct. 14. Unusual interest is attached to the trial because it will be the first blow by the State aimed at the institution of hazing and because of the wide prominence which has been given to hazing at the University.

A large number of students will have to go to Hillsboro as witnesses and many more will probably go as interested spectators.

The list of attorneys includes names known all over the State, and their work alone will make the trial a noteworthy one in North Carolina history. A partial list follows: For A. H. Styron, Kenan and Stacy, and Louis Goodman of Wilmington; for W. D. Merriman, J. O. Carr and George Roundtree of Wilmington, D. P. Scern and Duncan, of Greensboro; for R. W. Oldham and A. C. Hatch, Victor S. Bryant and W. J. Brogden, of Durham, The prosecuting attorney for the State, Solicitor S. M. Gattis will be assisted by E. J. Justice and E. D. Broadhurst, of Greensboro, and J. A. Wellons, of Smithfield.

PROFESSOR COBB WITH GEOLOGISTS

Prof. Collier Cobb has gone to Memphis to join the transcontinental excursion of European geographers who have been studying the United States since August under the leadership of Prof. W. M. Davis of Harvard.

The party is composed of representatives of fifteen European countries, and includes professors from Oxford, Edinburgh, Berlin, Leipzig, Munich, Paris, Vienna, Rome, Utrecht, Lisbon, St. Petersburg, Madrid, Stockholm, and Geneva; besides such men as Capt. Henry G. Lyons, director of the Ordnance Survey of the United Kingdom, and the Secretaries General of several Royal Geographical Societies.

Prof. Cobb will go down the Mississippi River with them, cross Mississippi, Alabama, and part of of Georgia, visit the region around Chattanooga, and look over the Asheville district. The party will visit the University of Virginia on the 12th of October, and hold there a conference that will be addressed by Dr. Joseph Partsch, Geheimrat, Professor of Geography, University of Vienna; Lucien Gallois, Professor of Geography, University of Paris; Emil Chaix, University of Geneva; Geo. C. Chisholm, University of Edinburgh, and others. Prof. Cobb was a member of the party four years ago, studying Europe under the leadership of Professor Davis.

DOWN WITH BOGUS CHECK WRITING

This Form of Law Breaking Has Become a Nuisance

MR. WIGGINS INTERVIEWED

The Best Student Sentiment and the Law Demands That the writing of Bogus Checks Shall Cease.

Much interest has been shown in the article which appeared in last week's TAR HEEL regarding the collection of bogus checks. Mr. A. L. M. Wiggins, who is undertaking this work, in discussing his plan, gave out the following statement:

"An investigation of the causes of the writing of bogus checks shows that in the majority of cases in which students write checks they are nothing more than a mere promise to pay at some future date. In nearly every case, the writer of these worthless checks is financially hard up, and prefers writing a check rather than borrowing money or denying himself until he has money in hand. The most inexcusable fact is that in the large number of cases, the worthless checks are used to pay for unecessaries, such as drinks, cash for moving picture shows, tobaccos, etc.

"To such extent has become the practice of writing bogus checks that merchants, banks, and students refuse to accept checks until they have been assured by the bank that such account is good. It is not a question of whether the check will be made good at some future date, but there is such inconvenience and delay and expense attached to the collection of a worthless check that some of the merchants have threatened to stop honoring any check whatsoever.

"It is time and past time for the students to wake up to the enormity of their offence. Such practice as is frequently indulged in here would not be tolerated at another place. It is not only a grave violation of honor to write a worthless check, but it is a fraud and cheat, punishable by the courts of law. As such violator of law and honor every guilty man may expect to be prosecuted before the Student Council, the Faculty, and the courts of law. The courts will furnish adequate remedy. The legislature of 1907 passed a law which declared that a person who, with intent to cheat and defraud another shall present a check, when he has not provided funds to meet the check, shall be guilty of a misdemeanor, and upon conviction shall be fined or imprisoned, or both, at the discretion of the court. The legislature of 1909 strengthened the former law by the amendment which provided

WAKE FOREST SATURDAY

Carolina Plays Baptist Team This Week

Wake Forest comes to Chapel Hill Saturday for the second game of the season. It will be the first chance the student body has to see the team in action against another team and a large crowd will be on hand. The Baptists are strong this year. Frank Thompson, the old A. and M. star, is coaching them for the second time, and those who saw last year's game know what a fighting spirit he has instilled into them. Such well known players as Utley, Holding, and Faucette will be on hand. Utley was called by many the best quarter in the state last year.

Carolina is very well satisfied with the showing the team made against Davidson. The squad is unusually strong and willing, but needs lots of coaching. Wake Forest was defeated Saturday by the University of South Carolina, but the Palmetto State is said to have the best team in its history, one composed of stars gathered from all over the South.

ANNUAL TENNIS TOURNAMENT

The annual Varsity tennis tournament was started last week with fifteen entries. The first round and part of the second has been played off. The entries include Oats and Chambers, last years team, who however are being closely pushed. Venable and Bailey, the team of two years ago, are both in college. Venable is not eligible though, and baseball will keep Bailey from playing in the spring.

The first round resulted as follows: Oats beat King; Busby beat Smith; Kennedy beat Lamb; Cone beat Ragland; Long beat Strong by default; Chambers beat Hunter; Spence beat Royall. In the second round Chambers beat Long. Play should be finished this week.

DR. BATTLE AT Y. M. C. A.

On Tuesday, Oct. 1st, Dr. Battle spoke on "David and Goliath" at the Y. M. C. A. auditorium. In this talk he expressed his views on how the Bible should be read in order that the reader can be interested and receive instruction. This lecture was thoroughly enjoyed by an unusually large audience.

The Y. M. C. A. Bible study groups had their first meeting last Sunday at 12:30. This year there are twenty two enthusiastic leaders with two hundred members enrolled. This is the largest number that has ever before been in this work.

The Y. M. C. A. itself has over three hundred members and is aiming at four hundred. Men are out almost nightly canvassing for new members, and the prospect is very bright.

CAROLINA WINS FROM DAVIDSON

It Was Foreordained That the Score Should Be 13 to 0

COACH SIMMONS REFEREED THE GAME

Wakeley and Abernethy Played Good Ball. Davidson Was not Up to Her Usual Class.

Carolina started the season right by defeating Davidson, 13 to 0. A touchdown by Wakeley, the star of the game, in the first quarter on a sweeping end run and a smash through the line by little Abernathy in the last quarter, together with Stevens' goal from the first touchdown, made up the the thirteen points. Davidson never even threatened the Carolina goal.

For a first game the team played well. The line was jam tight all through and no gains were made over it. The defence on end runs was not so strng, though it always braced when Davidson got in Carolin territory. The backs gained well when gains were needed. Wakley's punting was first class.

Davidson had a lighter team which did not display quite as much ginger as in former years. Booe, the most dangerous man on the team, was not in good physical condition and did not give much trouble. Graham played well and was the only man who could do any consistent gaining.

Carolina kicked off to Davidson, and on the first line-up Booe got loose for 30 yards. It was a flash in the pan though, and Carolina soon recovered the ball on a fumble. Immediately the attack started. Wakeley, Harkins, Moore, and Tillett rushed the ball down the field consistently, mostly on plays off tackle. Wakeley went over on a wide dash around right end. Stevens kicked goal.

During the second and third periods the was listless. Neither team gained much and the ball see-sawed back and forth. Garrison took Stevens place in the second quarter.

In the fourth quarter Davidson was forced back into her own territory. About the 35 yard line a fumble came and Applewhite, who had replaced Huske at end, picked up the ball and started for the goal. He was forced out of bounds about the 1 yard line. Little "Ab", playing full, ripped through the center of the line for the second touchdown.

Little "Ab," who replaced Harkins, played well and tore through the line for long gains. Wakeley gained practically every time he was given the ball and played a star game throughout. Strange's defensive work was good. Moore and Harkins gained well. Little fumbling was done by Carolina, though Davidson offended much
