

**LASLEY WINS PEACE WAR**

**L. M. Bailey Wins Second In Peace Contest**

Through an error the account of the Peace contest Monday night week was omitted from the TAR HEEL.

R. L. Lasley '14, with the subject of "Peace—the High Word of Unity" won over L. H. Ranson, I. M. Bailey, J. F. Pugh, and W. B. Umstead Monday night, March 4, in the State preliminaries of the Mohawk conference for International Peace. I. M. Bailey speaking on "The Logic of Universal Peace" was chosen as alternate in case Mr. Lasley will be unable for any reason to attend the State meet in Greensboro.

The topics of the others were as follows: J. F. Pugh, "Peace: an Intellectual Problem;" W. B. Umstead, "The Final Progress of Peace;" "Ratty" Ranson, "The Forces That Make for International Peace."

The judges were Dr. Royster, Prof. McGhee, and Dr. Bain. Prof. Patterson presided.

In continuing his talk Dr. Pratt gave some of the details and facts concerning North Carolina forests. At the present rate of cutting timber it will be only a few years before the forests are destroyed unless the practice of forestry is put to good use all over the state. North Carolina ranks high in the tanning industry and in manufacturing pine and hardwoods. There are over 200 different species of trees in the state, due to the remarkable differences in climate of the several parts of the state. The appeal for the preservation of our forests demands the attention of all people of the state.

North Carolina now controls and utilizes about 75,000 horsepower of her waterpower but this amount could be increased to five times as much if all available was harnessed. However, there is great danger of the present amount of waterpower diminishing unless the people of the state become educated to the fact and practise forestry and land preparation according to improved methods.

There is no mineral in the catalogue that can't be found in our state. Our output of the more precious minerals is comparatively small. North Carolina mines better mica and more of it than any other state of the Union. Mount Airy granite has no equal in building purposes any where in America. There is an inexhaustible supply of this commodity and the output steadily increases in amount and value.

**Freshmen Meet.**

The Freshmen met in Chapel last week and elected Wilson Dalton class baseball manager, and Francis Jordan class track manager. A committee was appointed to confer with the like committees from the other classes to make arrangements for entertainment Junior week.

An institute for road engineers will be held here next week under the auspices of the University and of the Geological survey.

Miss Mary Alexander Seddon of Norfolk, Va. who has been visiting Miss Alice Noble has returned home.

**BURNETT WINS FIRST LAP**

**Squire Barbee Decides That \$50 is Just Claim.**

The case of Jas. A. Burnette vs. the Southern Railway was brought up for preliminary hearing before Squire Barbee yesterday afternoon. The case was: did Jas. A. Burnette have ground for the recovery of fifty dollars damages on account of the delay of the special train to Richmond last Thanksgiving? Mr. McLendon, the attorney for the plaintiff introduced the testimony of several witnesses and of the North Carolina statutes to show that he did. Mr. Parker, the railway attorney introduced the testimony of the Traveling Passenger Agent of the road, Mr. Jones and tried to convince the court that the plaintiff had no case. However, he did not succeed; the verdict was in favor of the plaintiff. The case will be carried into the higher courts.

**Mr. Lacy Addresses Y. M. C. A.**

Mr. B. R. Lacy, formerly quarter back of Davidson and Rhodes scholar and now student at Union Theological Seminary, Richmond, spent Tuesday and Wednesday on the Hill. Tuesday night he addressed a large number of students at the regular Y. M. C. A. evening service. His talk was on the need of men for christian work both in the regular ministry and on the home and foreign fields. His talk was especially interesting because it was largely personal experience. He has worked among the mountaineers of east Tennessee and also has traveled in foreign heathen lands.

Wednesday morning he spoke in Chapel on the subject of "Power". He gave various illustrations of the fact that we all respect and admire power in whatever form manifested. He then went on to show that while the power of God is not as plainly seen as the power of steam for instance in running a locomotive, yet it is just as present in every thing connected with our daily lives.

Mr. Lacy spent a large part of his time in personal talks with individuals who are considering the ministry as a possible profession.

**Many Entries for Varsity Debates.**

The preliminaries to the Hopkins and Virginia debates will be held next Monday and Tuesday nights, March 16, 17. An unusually large crowd of speakers are preparing to contest for the honor of representing Carolina against these worthy opponents. The query is: Resolved, that the political interests of the U. S. demand the abandonment of the Monroe Doctrine. On Monday night we will pick a team on the Affirmative which will go to Charlottesville and represent us against Hopkins. On Tuesday night we will select a team on the Negative to meet Virginia at Baltimore. These final debates are scheduled for April 18. At that same time Virginia and Hopkins will send teams here to debate in Gerrard Hall. Under this arrangement each team gets a trip and debates on neutral ground. The judges for each of the three debates will be chosen from the members of the faculty of the institution at which the debate is held. The faculty committee on Debating will act as judges of our preliminaries, selecting Carolina's representatives.

**This is the Ballot Box**  
Where you vote for the most popular student. You will find one of these boxes in every tobacco store in town.

**How to Vote**  
Tear off the front of a Fatima, a Piedmont or a Chesterfield Cigarette package. On the back of this package front write the name of your choice, and drop it into the Ballot Box which you will find in any tobacco store. Package fronts have the following values:  
Fatima . . . . . 60 Votes  
Piedmont . . . . . 20 Votes  
Chesterfield . . . . . 10 Votes  
Votes will be collected and counted at the end of each week and the results will be announced on Bulletin Boards and in these advertisements.

**This is the Trophy**  
4 1/2 H.P. M-M Motorcycle. A light, convenient, easy handling machine—very comfortable and smooth in operation. Speed—5 to 30 miles an hour. With free engine clutch a thousand intermediate speeds are possible.  
The Motor combines absolutely perfect compression and great wearing qualities with minimum vibration. It stands upright in frame (the only proper position for a single cylinder motor.) It rated 4 1/2 H.P. but develops 6 H.P. by brake test at 2400 R.P.M.  
See the Motorcycle for yourself

**Help your favorite win a \$200 Motorcycle**  
Vote early and often. It's going to be a hot race. The prize is well worth working for—and to be chosen "the most popular" is an honor to make any student proud. Contest closes May 15th at noon.

**Standing of Nominees,**

A. H. Moore	5570
R. W. Jernigan	4670
David Heath	1750
J. L. Orr	1040
Geo. Eutsler	890
L. L. Abernathy	840
Joe Hoffman	690
Dave Tayloe	650
J. L. Parker	620
