OFFICIAL, ORGAN OF THE ATHLETIC ASSOCIATION OF THE UNIVERSITY OF NORTH CAROIINA

## FIRST GAME OF SEASON-ENDS AN OVERWHELMING VICTORY FOR CAROLINA <br> OLD VARSITY MEN TENNS TOURNAMENT TO TAKE PLACE IN THE NEAR FUIURE.

## Tar: Heedis. Have no Difficulty in:Piling up 41 Points-Richmond College Fails to Score.

 ed the season with a complete victory over-Richmond College Saturday afternoon. The Rich. mond boys were unable to successfully resist the powerful machine that Carolina has working on the varsity field, and when the game ended the Tar Heels had piled up six touchdowns, the score being $41-0$. There was not a stage in the game when Riehmond seemed to threaten. To
begin with, she was out weighed begin with, she was out weighed
by Carolna, and the whole contest showed marked superiority of the latter team in everyrespect.
It was not until the last of the second quarter that Carolina was forced to punt. Richmond made only two first downs, and almost every rush she made was formidably resisted by Carolina's ime preguable line. Carolina could have made the score murh larger
but the coaches preferred giving experience to the second and third string men after the b
ning of the third quazter. 'It was on Carohina's fourth pla. in the first quarter that her first touchdown was made. A beautitul passfrom Britges was yather-
ed in by Fuller over his head while out a dead run, the balt being carried over with ease after the catching of the pass. Tandy missed his first goal after a tonctr-
down on this play, but booted the down on this play, but booted
ball successfully after the other scores were made. Last End runs by Bridges, play over tackle by Fuller and Tayloe, and line plunging by Parker and Reid were features. of forward passes were tried by both teams, mostofthemamount-
ing to nothing. In the last ing to nothing. In the last
quarter Richmond broke loose quare passes in desperation, but availed nothing. Bruce intercepted a Carolina pass but made no gain. Logan did the best
backfield work for the Richmond team. The punting of neither side was noticeably good. Carolina, unlike her 9 pponents, mad
not a fumble during the game. The day was fair and cool, and a large crowd saw the game. Many came from Raleigh and The game by plays:
Tandy kicks off; ball retunned Richmond's 30 yard line. Richmond gains 4 yards, then nothing, then 2 yards, Privatt ther kicks to Harker. Ball on 50 yard
line; Filler gains 10 yadds, then 2, Parker 9 yards, Bridges passes to Filler who ruas 80 yands for goal sscore Can. Tandy misses

Fuller receives kick and returns sto Cavolina's 35 yard line Tayloe 15 over left tackle, Parker Tayloe 15 over left tackle, Parker unequaled baritone, will probably 3. Bridges 3. Pass to Fuller iconduct the club this year.
fails. Richmond's ball. Privatt fails to gain, agaın no gain, Homewood downs Bruce on his 10 yard line, Privatt fails to gain Carolina's ball. Parker gains 9 , then over for second touchdown Tandy kicks goal; total 13-0,
Tayloe returns kick off 20 yards. Tayloe returns kick off 20 yards. Bridges gains 15, Privatt catches pass meant for Homewood; n gain.

## Second quarter:

On-Richomond's 32 yard line, furward pass fails, centre passes ball over head of ki.ker and the
back thrown to lis five yand line back thrown to lis five yard line, on badpass Homewood finds ball
on 1 yard line. Bridges passes on 1 yard line. Bridges passes
to Cowell over left eud for touchdown. Tandy kicks goal, tota 20-0.
Richmont' kicks to Jones. Ball on Carolina's 40 yard line, Fulle gets 8 , Bridges 4 , Parker 10, Tay
loe 8 , Bridges 22, Parker 4, I ay

## NEW STYEES INTRODUCED

## Chemical Club Enjoys Old Diet

 Served in New Dishes.The Chemical Journal Club noldits "get-4ogether" meeting Monday night. "Phirty-six chemists and chemists-to be, all pro-
perly labeled and guaranteed, assembled in the Chemistry work shop properly transformed into a banquet hall, at nine o'clock. Dr. Herty presided over the rather informal mecting and gave a resume of the various improvements in the laboratory, the positions held by the men who left he department in June, the ecent deaths in the field of chemistry, and the effects of the war situation on this laboratory. After this short discussion the meeting was turned over to Mr . Jeffries, the clref, who proceeded to serve up the fatted calf, as it vere. The menu consisted of voffee in beakers, with stirring
rods instead of spoons, sandrods instead of spoons, sand-
wiches in clock glasses, cheese in poraus plates, apples in ice baths, crackers in evaporating dishes, all served with a delightful sauce of good fellowship. Several flashlights were made by way of finale.

Glee Clab Begins Practice.
The Glee © Chub continues to
grow more harmonious as the seasor aduances. Although Mr Sneath, last year's director, and Sneath, last year's director, and
Henry Meeks, the tenor who last year captured his hearers through out the state, are not in college
this year, there is an abuudance ofypomising new material. Mallett and Harris at the piano, and Wright with his violin are all baek. Preston ${ }^{\text {EPpps, Carolina's }}$
into Delta Kappa Epsilon Monday uight.

## PREPRRATIONS FOR FALL TRACK. MEET.

 In answer to the need and call of Carolina track athletics three of last year's stars have volun-teered to help the varsity in teered to help the varsity in
bringing the new material into shaye for the fall class meet, which comes off just before Thanksgiving. Spence, after three years bloody work in the mile and the half mile under the universally noted Nat Cartmell and one year's work under Nat's one-time team-mate, Dr. Kent J Brown, together with Skeet Cobb also of four year's fame under
the same two efficient coaches in the same two efficient coaches in
the two mile and the mile, should be as able as any young coach in the country to train and whip into condition any material that may come out. Price, with two
year's experience on the 10 w year's experience on the low
hurdles, is willing to give all the help his time will permit. Besides these men who are not eligible to run on the team this year there are the men of last year's squad who are also well
able to assist these older men in the early coaching. Wright, our 22 ft .10 in . broad jumper, and Homewood, in the pole vault will have to be absent from the track
during the football season; but Woollcott will take charge of these events together with the high jump and the hurdles. Harrison, Whiting and Rand will run with the new men in the distances, and Patterson and McDuffie will hely the quarter men. Smith will be on the job to show how it is done in the hundred and

In order to simplify this scheme the new men are requested to come out at the times most convenient to the busy old men. The following schedule of the different
events will make things move along smoothiy.
All men trying for high jump, broad jump, vault, weights or hurdles come ont at 4:00.
Those trying for the dashes be n hand at $4: 45$.
Two mile, ane mile, and hal nilé men come out at 5:15.
Quarter men be out at 5:30. harp.
The above times suit the schedules of the older men best. If you find it impossible to come out at the above times, don't let that
keep you away. If you can't come out then do so whenever you can; you will always find somebody out to work with you.
The class meet is barely a month away, and it is time for everybody to be out. Don't let a ittle thing like the lack of a suit rouble you; put on anything, and come out.
C. W. Bain Jr., was initiated

## Old Courts Being Repaired and New Ones Made Ready for Immediate Use.

The tournament for the select-
on of the Carolina Tennis team for 1914-15 will probably begi
Monday, Oitober 5 . Wish the graduation last year of Lenoir Chambers, the team which ha represented the University for the past thrce years was broken up anyone to beat out Malcom Oate for his old place on the team. but it is up to somebody to fill the other vacancy. It is a hard matter to predict what the personm onls fifiecn names have been entered for the contest. The students as a whole do not seem to realize that tennis, as much a football or baseball, is a form of intercollegiate athletics. Someoorly is going to make the team. somebody is going to fight for institutions, somebody is goin institutions, somebody is going
to wear and N. C. monngram All those wishing to enter the tournament should see W. I.
Ragland or E. Y. Keesler before Monday.
Many fellows do not seem to ralize tiat the Tennis Association is an organization entirely eparate and distinct from any-
hing else. Lots of fellows think hing else. Lots of fellows think hat when they euter college they re entitled to use the tennis courls without additional expense. Though this is true of many intitutions, it does not hold got a t Carolina. Not one penny is given by the University or by the Atbletic Association for the upeep of the courts. There is but ne source of funds for this pur-pose-the yearly dues of the members of the Tennis Association. These dues are a dollar and a half a year, payable at the begiming of the year. Since only members of the associatian cont is only natural and just th all non-members shouhl le pr ibited from playing.
Every year at the beginuing of the season the tennis courts are in more or less bad condition Some of the posts are usually down, reels are missing, wire backstops are broken throngi, are gone, and haif the courts are Itogether covered with grass uch has been the case this year At present only four or five courts are in condition to be used. How have been ordered, the backstops and the courts are being laid off once more and the grass scraped off. The delay in putting the the inability on the part of the association officers to secure bor.
For the past several years, a east, the number of courts lias ofninadequateduring the height of the season. There liave been
more players than all the court. ised twice a day could accomo condition four couris medy thi of the old ones were sraded and backstop,s were erected. Nothin: hore was done, however. Posts were never fixed, the courts never laid off, grass grew up every-
where. This year it is the purpose of the association to prepare these four additional courts toWher with the old ones. say thy ane going to make this olina has ever known. Help them achieve this end. You can do it by paving your dues to one of the following: Red Martin, Ed Keesler, John IVilson, Trent atar

## A NEW ENTERPRISE BEGUN

Enthusiaism Characterizes the First Meeting.

Two huudred people were present Friday night at the first meeting of the North Carolina Club held in the chapel. Two hundred people had a new supply of "pep" and interest in their own homes injected into them by and Prof. Branson Prof. Branson, president officers, P. Graham, secretary, were unan imously elected. Two commit. ees, the steering and the pronotion and publicity, were anpointed by President Graham as ollows: Steering Committee: D J. G. deR. Hamilon, G. W. Euts er, J. A. Cayps, L. B. Gunter
and F. F. Bradshaw. Promotion and Publicity Committec: W. P Fuller, S, R. Winters, Fred Yoder, and H. B. Hester.
President Graham characterized the meeting by kising, "I believe that this is the most sigificant meeting of students ever hell in North Carolina." All niversites have their department of Economies, but 11 is is the first to have a separate and distinct department for the study of the teritory it reaches directly. He expressed the "hope that very university student will have burned into his conscious ass NORTH CAROLINA as the result of this club," and that it would engender in him "a larger curosity and a larger horizon." Prof. Branson was introduced by the President as the "Proessor of North Caroliva," and be proceeded to enject the "pep" he elt for the club's work into its members. ;Get first knowledge about your own county" is his dea, "know your county," his logan.
