

## QUICK RE-ADJUSTMENT TO PRE-WAR ACTIVITY

IN GENERAL STATEMENT UNIVERSITY OUTLINES WORK FOR REST OF YEAR

## SELF-HELP FOR ALL STUDENTS

Financial Difficulty Need Not Embarrass Any—Work to be Divided into Quarters

Since the disbanding of the Students' Army Training Corps, the University of North Carolina will return to a pre-war basis after the Christmas holidays. The work for the remainder of this college year will be divided into two quarters, and the schedule of courses will be so arranged that a student may begin at the opening of the winter quarter and pursue courses as complete units during these quarters. Many courses hitherto three hours per week will be offered for five or six hours per week, so that full instruction in these subjects may be assured. By this arrangement it will be possible for old students to continue their college work at the point at which they left it. No advantage will be gained by waiting until the opening of another college year. From the standpoint of academic credit, courses will count for the two quarters and in the same proportion as in the past. New students, who are prepared for entrance to college, may register and complete two-thirds of their year's work instead of one-half, as formerly.

Rooms for the Winter and Spring terms may be reserved at the Treasurer's office on December 10th, by signing room contract and making initial payment of \$5 on room rent by each intending occupant. Preference on any particular room will be given to those who had reserved the room before September 1st, provided they apply on December 9th. After that date the room will be assigned to the first applicants.

The fees for the Winter and Spring terms are as follows:

Academic	
Tuition	\$20.00
Registration Fee	10.00
Total per term	\$30.00
Pharmacy	
Tuition	\$20.00
Registration Fee	10.00
Total per term	\$30.00
Medical	
Tuition	\$25.00
Registration Fee	10.00
Total per term	\$35.00
Law	
Tuition	\$25.00
Registration Fee	10.00
Total per term	\$35.00

## Non-S. A. T. C. Selects Permanent Officers

Both companies of the non-S. A. T. C. have lately shown great improvement, doubtless due to the fact that the officers of the organization have been permanently appointed and the unit is now on a more established basis than ever before. The officers commissioned and non-commissioned, who were appointed are as follows: Co. E—S. C. Ogburn, Captain; T. J. Wilson, 1st Lieutenant; Jacobi, 2nd Lieutenant; Williams, 1st Sergeant; Hill, 2nd Sergeant; Burr, 3rd Sergeant; Hagood, line Sergeant. Co. F—A. H. Pell, Captain; H. Edmundson, 1st Lieutenant; McLeod, 2nd Lieutenant; T. C. Smith, 1st Sergeant; J. W. Daniels, 2nd Sergeant; Howard Patterson, 3rd Sergeant; A. L. Purrington and J. Carrol, line Sergeants.

The work of the battalion is now under the direction of Adj. J. V. Whitfield, Capt. J. Stuart Allen having returned to his home in Canada. All restrictions have been removed from non-S. A. T. C. men and they are now at liberty at all times. The military examinations of the non-S. A. T. C. will be held Saturday, December 14. It will last two hours. After Christmas, it has been announced, the work of the organization will continue under the supervision of Mr. Whitfield, with probable official recognition as a R. O. T. C.

## MRS. MARVIN RITCH PNEUMONIA VICTIM

Mrs. Hazel Robinson Ritch, wife of Coach Marvin Ritch, died Sunday, December 1, at Watts Hospital, Durham, following a week's illness from pneumonia complications. The remains, accompanied by several members of the family were taken to Charlotte Monday afternoon and the body was interred Tuesday.

Mrs. Ritch followed her husband,

## ANNOUNCEMENTS IN TUESDAY CHAPEL

The regular Tuesday evening Chapel meeting was conducted this week by Dr. Chase. Dr. Moss was present and led in a short prayer.

While opening the meeting Dr. Chase announced that his capacity on this occasion would be quite similar to that of a bulletin board. Many interesting and important announcements were made in regard to credits for work done this fall, organization of academic classes, plans for next term, etc.

According to Dr. Chase, credit will be given in war courses pursued by the men this fall, and which do not come in the regular requirements for an A. B. degree. For every hour of work taken one hour of credit will be given. Thus a 3 hour course in a subject will render a student 1 hour of credit for the work done by a man during the fall term toward his final graduation. The work done on the drill field by the S. A. T. C. men will render 1 hour's credit toward graduation. Final examinations on the fall work begin Monday, December 16, and end December 20. The Christmas vacation begins December 20. Registration days for the spring term are January 2 and 3, and regular class work begins the fourth. Beginning with the spring term, the courses offered are to be so altered that Juniors and Seniors can secure the credits needed for their graduation. The Sophomore and Freshman classes will take such work as is needed to fulfill their requirements. The same method of giving credits for work will be in vogue as during the fall. This spring term will end about the last of March when final examinations will (Continued on Page 3)

## Prof. P. H. Dagget S. A. T. C. Director

Prof. P. H. Dagget, head of the department of Electrical Engineering, has been appointed district director of the S. A. T. C. for the South Atlantic States, to succeed the late President E. K. Graham. President Mathewson, of the Georgia School of Technology, who was tendered the appointment by the Committee on Education and Special Training, thought it unwise to accept at this time. Professor Daggett, having been intimately connected with the work of the S. A. T. C., as chairman of the committee on education and special training, at Washington, during the past summer, and director of the S. A. T. C. at the University this fall is eminently qualified to fill the position made vacant by the death of President Graham. Professors Daggett and Hamilton, the latter being regional director of the war issues course, returned last week from Washington, where they had attended the S. A. T. C. meeting.

All college authorities were not in favor of disbanding the S. A. T. C., according to Professor Daggett, though the majority approved such a move. It was costing the government over half a million dollars a day. The good results were considerably offset by the influenza epidemic and by the fact that entirely new machinery had to be created by the war department for its operation. A tremendous amount of work was involved, Professor Daggett states.

## DI SOCIETY ELECTS EDITOR YACKETY YACK

At a meeting of the Di Society Saturday night, twelve new men were initiated. This brings the total of initiates to approximately 24.

Following Messrs. Coker and Williams engaged in a spirited debate on the question "Should Germany be Admitted into the League of Nations?" Mr. Coker, representing the affirmative, won.

Mr. Grisett made a humorous oration. He was followed over the program by Mr. Stewart, who delivered an impromptu oration and gave several selections from poetry.

Mr. Tom Simmons, '08, made an interesting talk, urging men to stay in college and get the "Spirit".

In the business of the evening it was decided, if possible, to continue the publication of the Yackety Yack. W. C. Eaton was elected editor-in-chief.

Coach Marvin Ritch, who has been training the University football squad this season, to Chapel Hill several weeks ago to be with him during the remainder of the football season.

While returning from Raleigh, where Mr. and Mrs. Ritch had been visiting relatives, she was suddenly taken ill on the train and carried to Watts Hospital, Durham. Her condition became suddenly worse Saturday night and the end on Sunday was not unexpected.

## LARGE AUDIENCE HEARS PROF. WM. STARR MYERS

NOTED CAROLINA GRADUATE SPEAKS ON "AFTER THE WAR—WHAT?"

## NOT THE LAST WAR, IS CLAIMED

Germany Unrepentant; Beware of Foolish Sentiment—Be Just, Not Lenient

How shall we meet post-war problems and rearrange matters on a peace basis? was the theme of an interesting and instructive lecture delivered by Professor William Starr Myers, of Princeton University, in Gerrard Hall Monday night, December 2nd. The formal subject of the lecture was: "After the war—what?"

Doctor Archibald Henderson in introducing Professor Myers spoke of him as an alumnus of the University who has made an enviable reputation for himself in the educational world. Of especial interest to students here is the fact that he is the author of our college song "Hail to U. N. C." which was first sung by the glee club at his graduation in 1897. Professor Myers now holds the chair of Professor of Politics at Princeton formerly held by President Wilson. During the past year he delivered lectures throughout the country on subjects dealing with politics, history, and the war.

Professor Myers paid a tribute to the University when he said that a varied experience has taught him that the advantages offered by the University are equal to any offered by any other college in the country.

"The cost of the war to the United States," said Professor Myers, "has been twenty billion dollars and we have loaned our allies ten billions. This fact alone should cause us to take a keen interest in our debtor nations. There has been and still is economic and political bonds of union between us. But the most important factor that binds us together is a spiritual unity, the tie that binds nations together. There was indeed cause for the people to rejoice when the premar-

(Continued on Page 2)

The Tar Heel announces the appointment of the following men to the Board of Associate Editors: West, '19, Foster '20, Beers, '21, T. C. Taylor, '21. These men were successful contestants in the Tar Heel contest, just closed. They will assume their duties immediately.

## MEMORIAL SERVICES LATE DR. GRAHAM

Memorial services in honor of the late Dr. Graham, president of the University, will be held in Gerrard Hall, Sunday afternoon at 3 o'clock. Professor M. H. Stacy, faculty chairman, will preside.

Among the speakers on the program are Professor H. H. Williams, of the University faculty, who will speak on the subject: "President Graham As the University Knew Him." Mr. R. D. W. Connor, of Raleigh, president of the General Alumni Association, will speak on "President Graham as the Alumni Saw Him." Dr. C. Alphonso Smith, formerly professor of English at the University, will speak on "President Graham as the Nation Knew Him."

E. R. Rankin, Assistant Director of the Bureau of Extension, will graduate as second lieutenant in Field Artillery at Camp Zachary Taylor December 25 and will enter the Reserve Officers Corps. He expects to return to the University January 1 to resume his duties connected with the Extension Department and the High School Debating Union. Mr. Rankin has been in service since the latter part of May of the present year, serving first in the Psychological Department at Camp Jackson prior to entering the school at Camp Taylor.

Representing both the general staff of the War Department Commission on Training Camp Activities and the War Work Council of the Y. M. C. A., Dr. Winifred Scott Hall, the noted authority on sex problems, will speak at 9:45 A. M. Sunday in Gerrard Hall to the students and town boys on the subject, "The Sex Problems of Young Manhood." Any man wishing an interview can see Secretary Wunsch.

Don't "hitch your wagon to a star", use it down there where you are.

## INITIAL MEETING OF LOCAL DRAMATISTS

On Wednesday, December 11 at 7:30 P. M. there will be a meeting in the auditorium of Peabody Hall of all those interested in Dramatics. It is the purpose of this meeting to interest the students in the formation of "The Carolina Playmakers," which is to be a University and Community organization for the production of plays illustrating North Carolina folk-life. At this preliminary meeting the names will be taken of all those interested in any form of Dramatic Art, acting, play-writing, costuming, stage construction, scene-painting, etc. Professor Koch will present the plans of the new organization at the meeting and will show some slides of scenes taken from folk plays produced by the Dakota Playmakers of which he is the founder. Prof. McKie, director of last year's Dramatic Association, will speak about dramatic history at the University.

The Carolina Playmakers is to be a community movement in which problems of production will be worked out by "home talent" and its membership will comprise all those interested in working along any line of stagecraft. It is planned to carry the idea of community production of North Carolina plays all over the state for the people that they may eventually help in producing the life and characters of our state on the stage in many communities.

The first production will be given as soon as possible after the Christmas vacation and will consist of a program of three one-act plays dealing with North Carolina life selected from those which have been written this term by members of Professor (Continued on Page 2)

## Carolina Eleven Made Creditable Showing

After an absence of one year the Carolina eleven entered the field with a team that made a most creditable showing. Working under the handicap of restrictions necessarily imposed by the S. A. T. C. on the men the team overcame the seemingly unsurmountable odds and made good in a very positive manner.

The season opened with a game with the old rival of Carolina, Wake Forest, and the Tar Heels experienced little difficulty in romping away with the bacon by the score of 13 to 7.

After an interesting game between the teams representing Companies A and B against C and D, the next opponent to face Carolina was the aggregation representing the Camp Greene Remounts. This proved to be the most lopsided event of the season and the Tar Heels walked on Camp Greene's neck for a total of 53 while the Remounts were garnering an unlucky 13.

The team next met Davidson at Winston-Salem and received a defeat, the first of the season, at the hands of the Presbyterians, in a very close game.

The next and last defeat which came to Carolina was the drubbing administered by the heavy V. P. I. team. Carolina put up a wonderful fight but the vastly superior weight of the Techs finally told and Carolina lost the best game of the season.

The last game was played on Thanksgiving Day under a threatening sky and in a veritable sea of mud. Camp Polk was the victim and the white-wash was applied by the Tar Heels with the score of 12 to 0. The O. T. C.'s put up a stiff fight but their efforts were of no avail against the terrific fighting spirit of the Carolina warriors.

Among the outstanding features of the season is the success which crowned the efforts of a team made up almost entirely of new men. Since Carolina had no varsity football last year, she had to start the season without the nucleus of even one letter man. This was a handicap that can hardly be overestimated and it is to the credit of every man on the team that this season is one of which Carolina has every right to be proud.

In the line of the work of Brown, Captain Gant, Carter, Holt, McQueen, and Nichols was of the highest order.

In the backfield Pharr, Fearington, Lowe, Herty and Gibson played a brilliant game, and much of the credit for the season is due to their efforts.

Coach Ritch had an abundance of good material to work on this year but no letter men, this fact, although a handicap, was not positively prohibitive to a successful team, as was forcibly demonstrated in all of the games.

In view of the existing conditions the season may be called a success in the best sense of the word and not one iota of the season's record is detrimental to the highest traditions of a Carolina team with all that that means.

## DEMOBLIZATION WORK TEMPORARILY SUSPENDED

BY THE NON-ARRIVAL OF RELEASE BLANKS; EXPECTED TO ARRIVE HOURLY

## INTENSIFIED STUDY PROBABLE

Courses May Meet More Frequently—Reductions of Courses Per Student

As the Tar Heel goes to press only limited news can be gathered concerning the demobilization of the S. A. T. C. The work of physical examination is going on rapidly and steadily, the guns have all been turned in, extra clothing, etc. A slight delay has been caused by the non arrival of discharge blanks but these are expected hourly and it is probable the work of demobilization will be well under way by the time the Tar Heel leaves the press. The demobilization of the unit will be speedily effected, it is thought. The plan is to demobilize Cos. A, B, C, and D on successive days.

It has been announced that one uniform may be retained and worn four months after demobilization. It has been further announced that bedding may be kept until Christmas by the deposit of ten dollars. This money, of course, is refunded when the bedding is turned in.

The University further announces the division of the college year into quarters. The schedule has been so arranged that a student may enter college after the holidays and pursue courses as complete units during these courses. Nothing will be gained, it is announced, by waiting for the beginning of another college year. Courses will count for the two quarters, from an academic standpoint, and in the same proportion as in the past. New students may register after the holidays and receive credit for two thirds of a college year.

Of interest to the old students is the announcement that many courses formerly three hours weekly will be changed to five and six hours weekly in order that full instruction may be offered in the remaining quarters.

Indeed it is not improbable that a complete intensification of courses will be adopted—that the number of courses taken by the individual and the hours of the course increased. It is thought this system will lead to a more thorough understanding of the subject.

Robert Wunsch, Y. M. C. A. Secretary, has returned to the Hill after a business trip to Atlanta. He reports seeing the Carolina Marine unit, now stationed at Georgia Tech. The men in the unit are uncertain as to what time they will be dismissed from service.

## Dicken's "Christmas Carol" Will be Read

The English Faculty announces that an interpretative reading of Charles Dickens' "Christmas Carol" will be given by Professor Frederick H. Koch, Professor of Dramatic Literature, in Gerrard Hall on December 15 at 7:30 p. m. This is an innovation at the University, but the fact that the subject deals with Christmas times and the spirit of the Yule-tide which will soon fill our hearts assures a success for the reading. The cutting that is to be used by Professor Koch is practically the same that was used by Dickens himself when he toured this country and gave similar readings.

The manner of presentation is unique and unlike anything that has been held at the University. The stage setting will be such as to preserve the atmosphere that pervades the story. Throughout the performance the reader will remain seated at a table upon which a solitary candle is burning. This candle together with a spotlight playing on the reader will be the only light in the house, the lights in the audience being turned off. Christmas carols sung between the different divisions of the story by a chorus probably seated in the gallery will form the interludes.

Fourteen years ago, while he was teaching in the University of North Dakota, Professor Koch was requested to give a reading of this Christmas story to a few invited guests. His rendition received such an enthusiastic reception that he repeated the performance the following Christmas to the public. Since that time Professor Koch has given an annual reading of the "Christmas Carol" to an ever increasing and enthusiastic audience. It is the desire of Professor Koch to bring more vividly to the students the spirit of this period of the year, to make this masterpiece of Dickens a ritual of the Christmas spirit.
