The freshmen at Missouri University who enter into college activities are to be distinguished from their inactive brothers by activity buttons which are to be awarded for both athletic and non-athletic activities.

Fifteen hundred freshmen caps have been sold to the first year students at Ohio University. The freshmen are required to wear the caps until November 22 when they may discard them until spring.—Ohio.

SWIMMING TEST BEING GIVEN IN GYMNASIUM

Tests, to determine the number of freshmen and sophomores that must take swimming lessons have commenced in Doremus gymnasium under the supervision of Dan Blain, one of the University's expert swimmers. The tests will be given on Mondays, Wednesdays and Fridays at three o'clock and those who can already swim are asked to report first in order that as much time as possible may be given those who have not, as yet, mastered this art.

It is interesting to note that these tests are being given in compliance with the one request of Mrs. Robert Parker Doremus, the donor of our beautiful gymnasium. Her only re-

quest when she gave it to the University was that every W. & L. man, before graduation, should learn to take care of himself with ease while in the water and save another if necessary.

To pass these tests the student must be able to make a plain dive, swim the length of the pool twice, carry another man across it and remain for ten minutes in the water without touching the bottom or sides of the pool.—Ring Tum Phi.

R. O. T. C. ADOPTS UNIFORM

The classes in R. O. T. C. work voted Monday, almost unanimously to adopt a uniform. The one they have adopted is a medium between a civilian suit and an army uniform so that it will not look out of place in civilian life. The movement must be acted upon by the committee on R. O. T. C., of which Dean Walker is head, before it will become effective.—University Daily Kansan.

Indiana—The students of dramatics at the University of Indiana are planning to give five plays during this semester. They will be as follows: "Madame Butterfly," "Suppressed Desires," "Neighbors," "Riders to the Sea," and "The Proposal Under Difficulties."

Princeton—Sixteen representatives of the Princeton speakers association were sent out to speak before civic clubs and high schools in behalf of the Roosevelt Memorial campaign.

Cornell—The total enrollment of freshmen and old students at Cornell University number 4,977. This is the largest enrollment Cornell has ever had.

Harvard—an old custom of having senior advisers for members of the freshmen class has been renewed this year at Harvard University. About 100 men of the class of 1920, have been chosen to act as big brothers of freshmen.

Jazz in general and "The Vamp" in particular, are favored by university students in preference to more classical music, according to Columbia music dealers.

Columbia—Plans are being made at Columbia University to revive the monthly magazine. None of the staff of the magazine have yet been appointed. The old name for Columbia magazine, the "Monthly," has been discarded. Columbia, according to the latest reports, has the largest enrollment of any university in the world. The total registration is 15,625. The entire number of those taking advantage of Columbia's extension courses is 7,441.

TAMING OF THE SHREW SUBJECT OF DR. KOCH'S LECTURE THURSDAY NIGHT

(Continued from Page 1)
regard comedy as a form of amusement not to be taken seriously. He had no comment to offer on the brainless presentation of the modern comedy except to state that there isn't enough cerebration in the modern comedy to clog the mind of a flea. "I have no quarrel with Charlie Chaplin," said Dr. Koch, "but his comedy is merely of the feet."

"The genius of Shakespeare," declared Dr. Koch, "rests in his ability to delineate character and as a portrayer of human sympathy he stands alone. His comedy is thoughtful, always of the mind. He does not discriminate between the saint and the sinner. He writes of the hearts of men, be they beggar or king, rags or crowns. Before his fall the great Belgian poet-philosopher, Neitche, said 'all good things laugh' and Shakespeare's comedy laughs with the heart."

Dr. Koch's impersonation of the various characters was an excellent piece of dramature and he brought out cleverly the psychology of the spoiled child and shrewish woman who had only to be shown her faults to cause a reversion to the true and beautiful woman she really was.
