### NATIONAL CITY BANK SCHOLARSHIP OPEN TO UNIVERSITY STUDENTS

From college training to actual training for international banking. This is the opportunity offered by America's largest banking institution—the National City Bank of New York—to North Carolina university men, who qualify for its Foreign Service Scholarship.

Seniors, juniors, and sophomores will be selected soon from colleges throughout the country to enter the Bank's Training Class for Foreign Service. While in training the men will receive salaries sufficient to meet their expenses.

Undergraduates will spend their summers in New York City, learning the "ropes" of the banking business. They will follow the laboratory method of doing real bank work in Wall Street. Training of the scholarship students is under supervision of the Bank's Educational Department.

After graduation students will finish training and be assigned to one of the more than 50 foreign branches of the Bank. These are located in South and Central America and Europe. Some students may be assigned to branches of the International Banking Corporation, located chiefly in the Orient.

Robert B. Gwynn, J. P. Washburn, and E. E. White, of the University of North Carolina, are holders of the Bank's scholarships now and will continue their training in New York next summer.

Alumni of the University of North Carolina who are former members of the class, with their present posts abroad, are: T. C. Boushall, Brussels; E. T. Cooper, Montevideo; De Rosset, Montevideo; E. H. Kendall, Santiago de Chile; J. W. G. Powell, Montevideo.

### Oratorical Contest Held Monday Night

On Monday night, February 2nd, at 7:30 P. M. the preliminary to select Carolina's representative to the Southern Oratorical League contest which is to be held in Lexington, Kentucky, on March 5th, will be held. The preliminary contest will be held in Gerrard Hall, and is open to the student body. Any man in the University who has not received an academic degree is eligible. According to the contract, speeches shall deal with political, social, or economic questions of current interest. No speech is to exceed twenty minutes in length of delivery, and must not contain more than two hundred words of quoted matter.

This is the greatest honor that is open to University students in this sort of work, and no small amount of interest is being manifested. Already more than a dozen men have already dropped their names in the pot, and if there are others who wish to enter they should hand their name to Grant at No. 12 Pettigrew at once. Some of the best oratorical ability in college is already out for this place, and from this array is going to be picked a man who will go to Lexington with no mean chance of winning.

The Southern Oratorical League is composed of the University of Kentucky, the University of Virginia, the University of Tennessee, Vanderbilt University, Johns Hopkins University, the University of Alabama, and the University of North Carolina.

The following men were initiated into Alpha Chapter of Epsilon Phi Delta on last Monday night: B. C. Brown, of Sneed's Feary; Bryce Little, of Marshville; Baily Liipfert, of Winston-Salem; Tokatoma, of Japan; Charles Phillips, of Trinity; and Donald Van Noppen, of Greensboro.

### Onslow-Jones Boys Plan Servicable Work

In the county club room of the Y tonight, at 9:30, the boys from Onslow and Jones Counties enjoyed their first feed of the year. Business was discussed in all forms. A move for the betterment of high school life in the two counties was inaugurated. President B. C. Brown appointed a committee of three, viz., J. M. Hargett, of Trenton Frank Thompson of Jacksonville; and D. L. Grant, of Sneed's Ferry, to present a plan at the next meeting by which the Club can get in touch with the high schools of the two counties. The Club wishes to co-operate with, and render any possible aid to high school students in Jones and Onslow Counties that it can.

It was voted that the Tar Heel be sent to every high school in the two counties and other steps will be taken to get in touch with the high schools.

The Club numbers fifteen men from Jones and Onslow Counties this year, the biggest enrollment ever at the University.

### GREAT ALUMNI MEETING WILL BE HELD HERE ON FEBRUARY 26TH

(Continued from page one)  
Murphy, of Salisbury; Dr. R. H. Lewis, of Raleigh; W. N. Everett, of Rockingham; Dr. H. E. Rondthaler, of Winston-Salem; and C. W. Tillet, Jr., of Charlotte.

All the alumni present for the conference have been invited by President Chase to a dinner at the University Inn, following which the business meeting will begin. "It is evident," said President Cannon, in speaking of the conference, "that there exists now over the state and elsewhere a great deal of the fine spirit for the University. Alumni have given notable instances of their love and loyalty for Alma Mater and of their faith in her future. But it is felt that this fine spirit is at present largely unorganized, that the local alumni associations, logical units that they are for alumni concentration and effort, do not now function in the vital manner necessary, and it is felt that from this conference a definite program may be worked out which will provide for excellent results."

Judge Augustus Van Wyck is president of the New York Association, and Francis Guder, secretary. A. W. McLean, of the War Finance Board, is president of the Washington Association, and Dr. R. O. E. Davis, secretary. In Richmond Herbert W. Jackson is president, and Dr. D. B. Bryan, secretary; and in Atlanta Dr. Michael Hoke and J. W. Speas are the officers.

### With Apologies to Peps

Lay long in bed wrangling with my freshman about who should put down the windows and very angry we were but quickly friends again. Up and put on my best cloth blue suit and flannel cloake and to church where I had not been these three weeks. Stood awhile at door where pretty merry over Boide's saying a two-bit job was better than a gold one. Then inside where I saw some snappy janes and Reverend M. did discourse mightily. Thence to dinner where we had stew smelling of goat but dessert was good. So to room where staid within drawing up a second letter house, and learned correctly to spell "financially." To supper where no discourse at table of any purpose but a freshman pointed his finger at me which had a nail in it, and someone with a biscuit put flour on the shoulder of my coat. Back to room where much silly and churlish discussion till 11 at night when snow fell and there was a call, "Come out to freshmen prayer meeting at once."

**WE APPRECIATE** The cooperation shown by a number of students and alumni in the past week in sending in remittance for their subscriptions.

**IT MAKES US KNOW** You are behind The Tar Heel—in more than a moral way. It is proof that you believe in the paper, not only as a campus news medium, but as an institution of University Student Life.

All subscriptions are Due—if yours is not paid, please let us hear from you at once.

### North Carolina Club Discusses Race Problem

The vital problem of race relationship was taken up and discussed in full by the Race Relations Committee of the North Carolina Club last Monday night in Gerrard Hall. The Committee, composed of G. D. Crawford, Chairman, A. W. Staley, Brantley Womble and L. J. Phipps presented each side of the matter and reported their findings.

The first paper was that of A. W. Staley, who outlined in detail the negro's viewpoint of the race relationship problem in so far as such a viewpoint can be outlined by a white man. He was followed by Brantley Womble, who took up the question from the standpoint of the Southern white man, the man who in the end has the biggest job to handle in connection with the problem of race relationship, even as you and I. L. J. Phipps then presented the viewpoint of the outsider, the detached point of view, and the view of the man who is not directly connected with the problem. Finally G. D. Crawford summarized the report of the Committee and rendered its findings. The report summed up in brief says that the solution of the problem will take a long time; that all parties must take part in the solution and settlement; that the need for education of each party as to the needs and views of the others is paramount; that social equality at present is not desirable; and that especially must the negro have justice in the future with respect to courts, living conditions, and education. The conclusion of the report was followed by a short but live discussion by the members of the Club.

### CAPT. BROWNE IS COMPLIMENTED FOR WAR WORK BY SEC. BAKER

(Continued from page one)  
for making this material of the greatest value to the young men who will be receiving military training.

I am asking The Adjutant General to file a copy of this letter in the permanent records of the department, an evidence of your helpfulness in the development of the lessons which the war brought out with regard to physical exercise and bayonet fighting.

With sincere wishes for a happy holiday season, I remain,  
Cordially yours,  
(Signed) Newton D. Baker,  
Secretary of War.

Before going to Camp Gordon, Captain Browne was athletic director at Camp Doniphan, and before that he was physical director in a New York high school.

ANY tobacco—every tobacco—tastes better in a WDC Pipe. Our own specially seasoned and carefully selected French briar makes it so. Add to this the supercraftsmanship of the Demuth workers, and you'll not wonder that we claim pre-eminence in the quality of our pipes. Ask any good dealer.

### Peace Oratorical Contest To Be Held This Year

After a lapse of two years, on account of the war, the North Carolina Intercollegiate Peace Oratorical contest will be staged this year about the first of April. The place of holding the contest has not yet been determined, but it is likely that it will be held either in Greensboro, Durham, or Raleigh. The Debating Council has just accepted an invitation to participate in this contest and at an early date the conditions and requirements will be announced together with the date for holding the Preliminary to select a representative. The first prize offered is seventy-five dollars cash, and the second prize is fifty dollars; and in addition this inducement, oodles of glory.

Coates for the University won this contest in the spring of 1917, the last time that it has been held and judging from our resources in linguistic material there is no reason that this seventy-five dollars shouldn't become a University asset.  
Begin now to prepare your oration on some subject that has to do with maintaining peace among the nations of the world and consult Grant of the Debating Council for further details.

### LOVE

A bit o' sighin'  
A bit o' cryin'  
A bit o' dyin'  
A lot o' lyin'.

—Exchange.

C. K. Torrence, '19, is engaged in the cotton mill business at Gastonia as superintendent of the Ozark Mills.
