

FRESHMAN CLASS HOLD THIRD ANNUAL SMOKER

The third annual smoker of the freshman class was held last Monday night at 9:30 P.M. in Swain Hall. President McGee acted as toastmaster. A short talk was made by Mr. B. C. Brown, stating the purpose of the smoker. Mr. J. V. Baggett then spoke on the old and new relations between sophomores and Freshmen. Dr. Chase then addressed the Freshmen on "How to Be a Soph." He spoke of the life of a freshman and his translation into a sophomore and of the place in the campus community they hold. He stressed the great strategic importance of the sophomore and the importance of welcoming the freshman class as citizens of the campus community with a glad hand. D. L. Grant spoke of the relation and co-operation of the Y. M. C. A. with the students and called on the incoming sophomore class to extend the hand of friendship to the freshmen next year.

Open discussions were held and a resolution passed to welcome the class of '24. Slight refreshments were served during the evening.

Ye Assistant

Enter his presence humbly, that assistant in chemistry 1-2. He knows all; you know nothing. Do not disturb his reflections as he listlessly leans against the radiator at the window and wonders how such a little head as his could contain so much knowledge of chemistry. Do not bore him by asking questions about your work, for it is very distressing to a man with such an abundance of knowledge to be called upon to answer questions of such an elementary nature. Do not attempt to be familiar with him; you might lower his elevated dignity. He really knows too much anyway to be associated in the capacity of an assistant with students of elementary chemistry. And above all refrain from disturbing his mighty brain with petty trifles in chemistry; he ought to have the professor's position any way.

Seniors Gather About The Old Davie Poplar

Following up a custom which originated some years ago of holding short informal meetings under the historic Davie Poplar, the seniors have arranged for a series of these meetings, five in number, the first of which was scheduled for Monday, May 24th, with the others following in close order, the last to be held on Tuesday, June 1st. To say that the seniors are merely following up a custom is hardly doing the class justice, for the meetings for this year are to be of a much more extensive character than those heretofore. At each meeting some member of the faculty will address the august gathering. The purposes of these meetings are quite evident, being intended to promote a greater feeling for a comradeship and to establish closer bonds of friendship during the last days of their stay at Carolina.

All seniors are requested and expected to be present at these informal meetings, and as they will only be detained for about forty-five minutes. A complete program for these meetings is appended.

Monday, May 24th—Ben Cone and his orchestra will provide part of the entertainment. Bring your memory books.

Wednesday, May 26th—A quartet composed of members of the senior class.

Friday, May 28th—Dr. J. M. Booker will address the class.

Tuesday, June 1—Parson Moss and Professor Hibbard will address the class.

North Carolina Club Meets Monday Night

The next regular meeting of the North Carolina Club, which will be held Monday night, May 31, will be in charge of W. E. Price, who will discuss "Civic Organization." This will be the third and last of a series of reports on the general topic of "Business Organizations." The subjects of the other two reports were "Corporate Organizations" and "Co-operative Organizations."

ATHLETIC RESUMES OF THIS YEAR SHOW CAROLINA'S STANDING

(Continued from page one)

Captain-elect Shepard look exceedingly promising.

One of the very brightest lights in the athletic review of the year is the Varsity Track aggregation. This has without the slightest doubt been one of the best years in track at Carolina within the last couple of centuries. In the State Meet the bunch under Captain Spencer formed the "mopping up wave," and they did their work thoroughly. The team practically doubled the score on their nearest competitor. But this was not all. Captain Spencer ran wild with the pole vaulting record of the State and when he was finally cornered (a foot or so higher than his nearest competitor) it was found that he had smashed the record at 11 feet 2 inches. In the V. M. I.-Virginia meet the Tar Heel cinderpath artists came out second, and in the South Atlantic Meet they took fourth place among eight or ten of the leading teams of the southeast. In the latter meet Bill Nichols, for Carolina, was the highest individual scorer with three first places in the shot put, discus, and javelin. Captain Spencer also took first in the vault. This meet closed the season.

When the election of "Lefty" Wilson, of Dunn, to the captaincy of the next year's baseball team, the 1920 team has closed its season. The season has been a very good one, especially the latter part, which has been conceded by the State sport writers to have been brilliant. The team was a little off in the earlier part of the season, or was rather a little late in getting started, but with the leaving of the outfit for the northern trip things began to brighten up decidedly, and the latter part of the schedule was gone through with in great style. By winning six out of the eight games with state colleges without losing any of the series with them Carolina is the undisputed state champion. The losing of the Virginia series was

marked by very close scores, as were also the northern games that were lost. The season as shown by scores was as follows:

April 3d—Carolina 3, Maryland State 3.
April 5th—Carolina 8, Winston-Salem 9.
April 6th—Carolina 3, Yale 5.
April 7th—Carolina 3, Davidson 2.
April 8th—Carolina 5, A. and E. 6.
April 10th—Carolina 3, Virginia 4.
April 12th—Carolina 3, Washington and Lee 3.
April 14th—Carolina 3, Elon 2.
April 16th—Carolina 9, A. and E. 0.
April 19th—Carolina 1, Wake Forest 8.

April 20th—Carolina 1, Trinity 0.
April 24th—Carolina 7, Virginia 8.
April 30th—Carolina 2, Catholic University 4.
May 1st—Carolina 4, Maryland State 3.
May 4th—Carolina 1, Swarthmore 3.
May 5th—Carolina 1, Pennsylvania 2.
May 8th—Carolina 8, Wake Forest 0.
May 10th—Carolina 6, A. and E. 2.
May 12th—Carolina 2, Trinity 1 (12 innings).

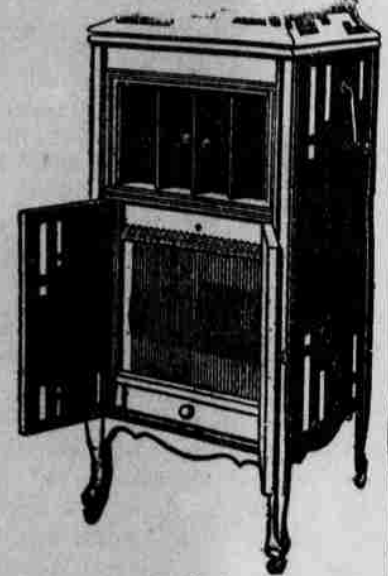

The University of Washington baseball team will be sent to Japan during the summer of 1920.

Columbia Grafonolos and Records

TONE is a test for the ear, not for the eye. The glorious voice of the Grafonola can sing its own praises far better than any words we can put in type.

Before you decide upon a phonograph you should certainly hear the Grafonola. Test its tone by ear. Play any record on any Grafonola—when ever you like and as often as you like.

We have all the latest Records. December Records now on sale. Come in and hear them. Our doors open with a welcome.

Why Best

Like all good things it is very simple after all. You are absolutely protected from loss if you work faithfully. You know at the start what your minimum commissions will be, \$42.00 per week, but there is no limit placed upon the maximum.

Some men this summer will clear \$2,000.00 and more. How do we know? It's been done every summer for the past several years. We can use a few more good men. Let's get acquainted.
