

**Playmakers to Present
Two Plays June 15th**

The Playmakers will present two plays on June 15, Alumni day of commencement. These two plays were selected from the season's series; they are "Dod Gast Ye Both," by Hubert C. Heffner, and "The Last of the Lowries," by Paul E. Green. As usual these plays will be presented in the play-house, and will be followed by the reception in the gymnasium by the president and faculty. The cast for the two plays follows:

"Dod Gast Ye Both!"

(A comedy of mountain moonshiners.)
Noah Setzer, a mountain moonshiner, George Denny.
Walt, his son, Wilbur Stout.
Mary, his daughter, Lone Markham.
Bill Spivins, a rough mountaineer, Burgin Lohr.
Mose, a frequenter of the still and bootlegger for Noah, Chester Burton.
Sink, frequenter of the still and bootlegger for Noah, Hubert Heffner.
Lawrence Abner, a "revenoor," George Crawford.

The Last of the Lowries

(A play of Robeson county outlaws.)
Cumba, the aged mother of the Lowries, Elizabeth Taylor.
Jane, her daughter, Ruth Penny.
Mayno, Cumba's daughter-in-law, Rachel Freeman.
Henry Berry Lowrie, last of the outlaw gang, Ernest Neiman.
An even better still than was used in the last presentation has been promised the Playmakers for this production, however, we have been informed that the "old copper tub" used last time had made some of the best juice run out in this country.

**Tennis Tournament
Produce New Winners**

The varsity tennis tournament has at last been brought to a close. After Wood Williams won the captaincy of the team from Jernigan there was a series of elimination matches played by the men Williams had beaten to decide who was to play Jernigan for second place on the team. These elimination matches with the scores and the players are as follows:

T. J. Wilson, III, defeated J. P. Washburn 6-3, 7-5, Hume Bardin defeated E. A. Menzies 6-4, 6-3, Bardin defeated Wilson 6-2, 6-3, 6-4, thereby winning the right to challenge Jernigan. In the final match Bardin defeated Jernigan 6-4, 6-8, 4-6, 6-3, 6-2, thereby winning second place on the varsity tennis team.

**Dances To Be Given
In Swain Hall**

The final dance of the University will be held this year in Swain Hall thereby allowing much more room for the gentle art of dancing. The price has been lowered from \$20 to \$15 for this year. All University students are eligible. The tendency on the part of the students is to co-operate with the dance managers in making the dances this year high-tone and decent in every respect. The student body looks to the alumni to aid in this co-operation and has assured all a good time. All arrangements have been made and it is expected that more students than ever will stay for them.

A few days ago Joyner pitched a 16-inning game for High Point, in the Piedmont League, against Raleigh, losing his first professional game by the score of 1 to 0. Joyner lost only after he had hung up a record of 33 scoreless innings.

**Joyner Mainstay For
High Point League**

"Big Stuff" Joyner, who has been a varsity pitcher for Carolina for three years, is making good in his first professional ball, proving to be the mainstay of the High Point, Piedmont League, pitching staff. Joyner showed up best on the Carolina pitching staff last year, pitching wonderful ball all the way through the season, and hanging up to his credit a no hit game.

A short while back after the close of the college season "Big Stuff" slipped off down to High Point, without giving a formal notice of it, and the next morning his name was featured in the head lines, much to the enjoyable surprise of Carolina students. He won his first game, a shut out victory, allowing only four hits, and pitching against Greensboro, a pennant contender. The next game Joyner pitched he registered another shut out, and allowed about the same number of hits. In the meantime he went in a game as a pinch hitter and delivered the single that tied a score for High Point. A few days ago Joyner was beaten for his first time by Raleigh, after he had pitched sixteen innings of masterful ball. In this game he also hit, smashing out a long double at a critical time.

Campus opinion is an effective thing. Sometimes a student with draws from the University on account of cheating on a quiz before the student council has acted, being prompted in his leave taking by student opinion.

Professor Bernard completed last Sunday his series of talks, at the Methodist Church, on "Religion Philosophical and Cultural Subjects."

Dr. MacNider leaves soon for Philadelphia where he will spend 12 days doing research work.

**Mangum Orators
Are Selected**

The preliminary contest to select four competitors for the Mangum medal was held in Gerrard Hall Saturday afternoon, May 15. The successful contestants and their subjects were as follows:

T. J. Brawley, "The University and the State."
C. A. Hoyle, "The United States and the League of Nations."
F. L. Townsend, Jr., "The New America."
J. P. Washburn, "The Growth of a Campus Ideal."
The committee of judges for the preliminary contest consisted of

Professors Dargan, Graham and Hibbard. The final contest will be held during commencement week. The winner of the Mangum medal last year was W. E. Price.

**MIKADO IS ENJOYED
BY LARGE AUDIENCE**

(Continued from page one)

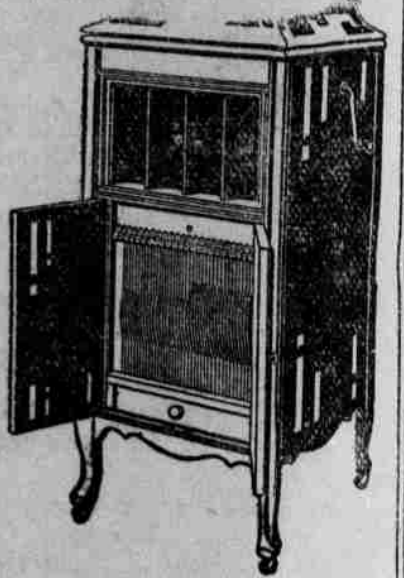

Costumes for the presentation of the play by Professor Weaver's organization were rented for several hundred dollars, and the stage setting was very clever and up to the minute. "The Mikado" was presented in Durham on the following Saturday night, but owing to inadequate advertising only a small audience was present.

**Columbia Grafonolos
and Records**

TONE is a test for the ear, not for the eye. The glorious voice of the Grafonola can sing its own praises far better than any words we can put in type.

Before you decide upon a phonograph you should certainly hear the Grafonola. Test its tone by ear. Play any record on any Grafonola—whenever you like and as often as you like.

We have all the latest Records. December Records now on sale. Come in and hear them. Our doors open with a welcome.

HOW THEY GO

We are training men daily. The biggest records in years are being made.

Our large United States World Map featuring the principle Auto Highways on the United States side with the new world and new boundaries on the reverse side, has surpassed in popularity and volume of sale all other National Publications.

We can only take care of 600 men this season, handling this—the greatest of our sellers. A letter to us will be an invitation to submit facts and figures.

**Entering the
World Electrical**

THE graduate of today enters a world electrical. Gathered from the distant waterfalls or generated by the steam turbine, electric power is transmitted to the busiest city or smallest country place.

Through the co-ordination of inventive genius with engineering and manufacturing resources, the General Electric Company has fostered and developed to a high state of perfection these and numerous other applications.

And so electricity, scarcely older than the graduate of today, appears in a practical, well developed service on every hand.

Recognize its power, study its applications to your life's work, and utilize it to the utmost for the benefit of all mankind.
