CAROLINA TRACK TEAM INVITED TO PARTICIPATE IN TWO WINTER MEETS

Coach Bob Fetzer Has Started Men
In Regular Training For Com-
ing Season.

OTHER MEETS SCHEDULED

Winter training for track began during the past week under Coach Bob Fetzer, with about fifty men out, and indications are that many more will report. The majority of these are men of some experience, and Carolina's track team is expected to be the best in many years. The season's schedule though not definitely known now, will be representative and put the team in the running for the Southern championship.

At a meeting last week, Coach Fetzer stated, "Track has been a back number in athletics for the past few years, but I intend to make every effort possible to place track on an equal footing with baseball, football and basketball."

Tentative schedule includes dual meets with N. C. State, Trinity and V. P. I. The manager is planning a trip to Baltimore, to enter the Johns Hopkins In-door meet, February 25. The University will also participate in the Southern Conference meet, which will probably be held in Atlanta early in May. The exact dates of the meets are not known now.

Plans are being made by Fetzer for a 12 lap outdoor board track. This will be built in sections and will be used for winter and early spring practice. He also plans to hold an inter-class Relay Carnival. The class winning the Carnival will be presented with a silver loving cup. The cup will become the property of the class winning for three years.

The majority of last year's track men are back and out. The addition of John Pursler, Ratty Ranson and Johnny Hutchins to the team should strengthen it materially. It is not known yet whether Woodard will be able to go out. He was operated on for appendicitis during the Christmas holidays. Pursler came in second in the triangular cross country run held here during the past quarter. Ranson took first place in the inter-class cross country run last year. Woodard won five places in the inter-class meet, and Hutchins handled the weights for Woodberry Forest two years back.

The annual meet to decide the State championship will be held at Trinity, although the exact date is not known.

Twenty-four teaching fellowships, each paying \$500 are available to graduate students in the University of North Carolina. A portion of the time of each fellow is devoted to assistance in the department to which he is assigned; the rest of his time is spent in study for an advanced degree. The fellowships are open to graduates of any standard college, and holders this year come from many states.

SPEED COP ACTIVE

"Watch out for the Speed Cop!" is fast becoming the motto of motorists coming into and leaving Chapel Hill.

Since the appointment of Homer Bennett as full-time speed cop some ten days ago more than 20 motorists have been hauled before the local justice for exceeding the town limit of 20 miles an hour.

The concrete road within the town has been marked off in blocks of known length, and it is an easy matter for Bennett with his stop watch to get any law-breaker.

The maximum fine is fifty dollars and costs, but for the first offense the offender usually draws the minimum of five dollars with the admonition that later offense will be more costly.

STUDENT NEWSPAPER MEN SEND OUT CAROLINA NEWS

Professor Louis Graves Appoints
Local Newspaper Men as Cor-
respondents.

The entire list of state newspapers has been turned over to student newspaper men on the campus by Professor Louis Graves, teacher of Journalism at the University. Professor Graves handled all the newspaper work from the Hill last quarter, but on account of the press of other affairs has deemed it wise to turn the correspondence over to other men.

Scott M. Thomas has the Charlotte News, and W. C. Huffman has the Charlotte Observer, along with the Durham Herald and Asheville Times. J. J. Wade is corresponding for the Greensboro News, the Asheville Citizen, and the Raleigh News and Observer. C. J. Parker, Jr., is handling the Wilmington Morning Star.

A number of the smaller newspapers will be taken care of by work done in the classes on journalism, and a system of supplying the county weeklies with up-to-date and live news matter is being rapidly worked out by the classes, assisted by the teacher.

Professor Graves hopes to see the journalistic field at Carolina developed within the next two or three years until a department of journalism is founded, and on the department he hopes to build a school of journalism that offers a degree. The lack of a school of this sort is keenly felt as men in North Carolina desiring training in this field are forced to leave the state to go north.

He states that the field for such a work in Carolina is almost unlimited, and a rapid growth of the journalism work at Carolina is almost sure to follow upon the steps just taken by the University in securing several courses that deal strictly with subject of newspaper writing.

The men who have taken over the correspondence work are backing the

BASEBALL SCHEDULE OF 18 GAMES ANNOUNCED; OTHER GAMES PENDING

Five Games On Emerson Field With
Probability of More Being Ar-
ranged Later

TEN DAY NORTHERN TRIP

The baseball schedule for the spring has been announced finally with eighteen games arranged, several open dates, and five games on Emerson field. The first game of the season is with N. C. State, March 25, at Chapel Hill. The schedule then jumps from March 25 to April 8, at which time Wake Forest will be played at Wake Forest. The other four games at home are with the University of Georgia on April 12, Davidson College, April 11; Wake Forest, April 24; Lynchburg College, April 7; and Virginia, May 1.

The schedule at first glance is not the best Carolina has played, but has one big redeeming feature, a ten-day trip north, at which time a number of important games will be played. There are two games with Washington and Lee, two with Virginia, one at Greensboro and one at Chapel Hill, a game with the University of Maryland and one in New York with Fordham.

The schedule as announced is incomplete and arrangements are underway now to close for several games, the majority of which are to be played in Chapel Hill if possible. Several dates are still to be filled on the northern trip.

The incomplete schedule follows:
March 25—A. and E. at Chapel Hill.

April 7—Lynchburg College at Chapel Hill.

April 8—Wake Forest at Wake Forest.

April 11—Davidson at Chapel Hill.

April 12—University of Georgia at Chapel Hill.

April 15—Trinity at Durham.

April 17—Davidson at Winston-Salem if field can be obtained.

April 20—Washington and Lee at Lexington, Virginia.

April 21—Washington and Lee at Lexington, Virginia.

April 22—University of Virginia at Charlottesville.

April 24—Wake Forest at Chapel Hill.

April 29—University of Virginia at Greensboro.

May 1—University of Virginia at Chapel Hill.

May 3—University of Maryland at Baltimore.

May 4—Georgetown at Washington.

May 5—Swarthmore at Swarthmore.

May 8—College of City of New York at New York City, probably.

May 10—Fordham at New York City.

FRESHMAN QUINT HAS EXCELLENT PROSPECTS

Bailey Liipfert Coaches First Year
Reserve Team—Has Not Cut
Down Squad Yet.

With Bailey Liipfert coaching, the freshman basketball squad is fast beginning to take on shape. The squad has not been cut down yet, but Liipfert says that he will cut them down the latter part of this week. He will reduce the size till they can be easily handled by one man.

The men out are the pick of the high schools, the majority having had three or four years experience in basketball. The material is much better than that of last year.

The freshman are practicing every afternoon, immediately after supper. Liipfert has divided the seventy-five candidates into squads and is practicing them separately, in order to develop team work. He says, "there are so many good men out that it is impossible to determine who is outstanding."

This year's schedule has not been made up yet, but it is thought that the team will take on practically the same as that of last season's. The freshman will play their first game about February 1. They will play on an average of three games a week during this month. A number of these games will be played here when the varsity is not playing or is away from home.

TAR BABY HAS GREAT PLANS WITH STUDENTS AS BOARD OF EDITORS

R. L. Gray, Jr., New Editor, Says
Publication Will Again Win Favor
in Eyes of Students.

PRIZE CONTEST BE SOON

An announcement has been made by The Tar Baby, once a humorous publication of the students of the University, but which has been a private corporation for some time, to the effect that a student editorial board has been chosen and will handle this end of the magazine from now on. R. L. Gray, Jr., is the new editor of The Tar Baby, and has already selected a board with some of the best literary ability in college.

With a student board of editors The Tar Baby hopes to take its place again as one of the best college humorous publications. The late issues have been far from standard, and this new editorial staff realizes and will attempt to overcome in the very first issue under their editorship.

Mr. Gray states that more cartoons will be used and that an all-around better make up will be employed, and that expense will not be spared in making The Tar Baby worthy of being associated with the name of the University. The publication will conduct a prize contest at an early date for undergraduates, which will be a splendid field for college wits.

A Tar Baby club is contemplated, the club to be the Board of Editors of the magazine, which will bring them closer together and more able to get a common view as to the best way to issue a real good funny publication.

EDWARD CALISCH WILL SPEAK IN CHAPEL HILL

One of Country's Foremost Jews
To Talk In Presbyterian Church
Sunday.

Students and townspeople will have the privilege of hearing Dr. Edward N. Calisch, Rabbi of Temple Beth Ahabah, Richmond, Va., at the Presbyterian church on Sunday morning, January 22 at eleven o'clock. His sermon, one of vital interest, will be on the subject: "A Jew's View of Jesus."

Dr. Calisch is one of the foremost Jews in the country today. As a scholar, author and eloquent preacher he has achieved great prominence and is nationally known. His greatest work, "The Jew In English Literature," is widely read and has been translated into several languages.

He is a graduate of the Hebrew Union College, The University of Cincinnati, and has received the degree of M. A. and Ph. D. from the University of Virginia.

As the culmination of the many high honors that have been bestowed upon him, Dr. Calisch has been recently elected to the position of President of the Central Conference of American Rabbis, an organization of all the reform Jewish congregations in America.

The eloquence of his oratory, together with his magnetic personality, make certain a rare treat for those who hear him.

WOMAN'S ASSOCIATION ELECTS NEW OFFICERS

Miss Adeline Denham is President of
The Organization—Basketball to
be Started Soon.

The regular monthly meeting of the U. N. C. Woman's Association was held Thursday afternoon, January 12, in the Co-Ed room, Peabody Building. The chief business of the meeting was the election of new officers for the remainder of the school year. In accordance with the constitution, elections are held semi-annually, but heretofore no girl has been eligible to re-election in two successive terms. However, this year an amendment to the constitution was adopted which removed this condition, making it possible for the same officer to be nominated again in the succeeding term. The new officers who will be installed at the February meeting are as follows:

(Continued on Page Three.)

NEW INTEREST IN TRACK

Following the first call for candidates for the 1922 track team, Coach "Bob" Fetzer made a strong talk in chapel Wednesday urging men to go out for the varsity.

"Track should be elevated to its rightful position here this year," said Fetzer, "and I'm taking the responsibility on myself to do everything possible to bring it about." He urged every man to come out if for nothing else than to get daily exercise.

Track offers better opportunities to more men than any other sport, and it's only a question of going out and finding out what you're fitted for and then going after it. A large number of men are expected to report for practice.

DI SOCIETY LAUNCHES MEMBERSHIP CANVASS

Discuss Anti-Lynching Bill—To Take
Up Fraternity Question Next
Saturday Night.

In the regular Saturday evening meeting of the Di Society, the president launched his new plan of increasing the society's membership. He appointed a committee of three men from each dormitory on the campus to canvass their building for new members. Also he announced that he wished to have suggestions from members in regard to making the programs more attractive and more beneficial to the members. He advised each member to think over this matter seriously and to turn in a suggestion which would get his and the program committee's thorough consideration.

The query for the evening was: "Resolved, That the Di Society go on record as favoring the anti-lynching bill as presented by Representative Dyer." John M. Brown upheld the affirmative while Sam Cathey, "Pike" Trotter, W. E. White, and S. O. Bondurant spoke on the negative. The salient objection to this bill as brought out by the negative was that it is unconstitutional in that Federal authority has no right to penalize a state. The affirmative maintained that the law was constitutional and presented a provision in the Constitution to that effect, and that this bill was not directed against the South but to render justice equally to all citizens of this country. There were only three votes in favor of this bill.

The open forum discussion for next Saturday evening, as announced by the program committee, will be for Freshman only. The query is: "Resolved, That the Society go on record as favoring that social fraternities be for the best interest of social life at Carolina."

The Graduate School of the University of North Carolina has 160 students registered this year. They come from 33 different colleges and from 14 states.

U. MICHIGAN WANTS TO PLAY CAROLINA TENNIS TEAM ON TRIP SOUTH

Tar Heels Will Probably Play West-
erners if Finances Can Be Ar-
ranged—Good Prospects.

FINE RECORD LAST FALL

The University of Michigan has asked for a tennis match with the University of North Carolina to be played during the Easter season at which time the Michigan team is taking a southern trip.

This is the first time in the history of the two institutions that a challenge has been exchanged for a tennis match, and if possible, the athletic authorities are going to arrange to have the games played.

The only difficulties facing the University are financial ones, and it is hoped that these may be overcome. In the opinion of the managers of the athletics, this may mean closer athletic relations with the Western University, and the match may become an annual affair.

B. Hume Bardin, manager of the Carolina tennis team, stated yesterday that he would do all in his power to stage the match here during Easter when the campus will be crowded with people here for Easter games and dances.

The Carolina tennis team has an excellent record for the year, winning every tournament entered into, and out of seventeen matches played winning fourteen.

The management of tennis is arranging a trip to Baltimore, Washington, Annapolis, and Richmond for the spring season, and several definite dates have been arranged.

The trip will be the most extensive ever undertaken by a tennis team representing the University, and assist tennis in taking its place as one of the major sports of southern colleges.

Carolina has some of the best tennis men in the state, having defeated Virginia and Trinity both during the fall, and both those institutions always have excellent tennis material. The team is composed of B. Hume Bardin, Tench Coxe, Robert Johnson, Thomas Hawkins, and E. C. Jernigan.

"13" Club to Stage Inter- Fraternity Basketball

"13" announces an inter-fraternity
basketball season with the following
schedule:

- January 18—Sigma Nu vs. Sigma Alpha Epsilon.
- January 24—Delta Kappa Epsilon vs. Alpha Tau Omega.
- January 26—Zeta Psi vs. Sigma Pi Epsilon.
- January 30—Kappa Sigma vs. Beta Theta Pi.
- January 31—Kappa Alpha vs. Theta Chi.
- February 1—Delta Tau Delta vs. Sigma Chi.
- February 8—Pi Kappa Alpha vs. Phi Delta Theta.
- February 9—Delta Sigma Phi vs. Pi Kappa Phi.

City Alderman Grant Permission For Raising Telephone Rates

If One Tax Payer Objects to the Increase, However, State Cor-
poration Commission Can Adjust—Chapel Hill Will
Not Buy Company, Says Mayor Robinson.

Mayor Robinson states that the city of Chapel Hill has no intention of purchasing Mr. Hogan's telephone company, and adds that the city aldermen have given permission for him to raise the telephone rate in Chapel Hill.

The permission to raise the rate given by the city fathers is invalid if one tax payer of the town protests the paying out of more money for telephone service. It must then be carried to the State Corporation Commission for adjustment; and there is some doubt as to whether a public utility in the state of North Carolina has a right to raise rates even with the town's permission in which it happens to be located.

Early in January the telephone company through Mr. Hogan presented to the city solons two sets of figures, showing that by the present rate the company will go far in the hole, and by the increased rate will be able to pay all charges and

still declare a dividend of six per cent. The figures look so plausible to the fathers that they promptly granted Mr. Hogan the right to raise the rates.

There is one feature of Mr. Hogan's figures that looks rather out of proportion. He figures sixteen per cent in as a replacement and depreciation charge. This is entirely outside of operating expenses. A three or four per cent depreciation charge is nothing unusual with a public utility company, but sixteen per cent for such work and material is all out of proportion, and would call for a detailed statement to the State Corporation Commission were the matter to come to its attention.

The Company has one trouble man it pays \$1,800 a year. There is one operator at \$1,000 a year, another at \$600 and still another at between \$600 and \$1,000, according to Mr. Robinson.

Old Frame-up Stunt Successful As Usual In Sophomore Election

Delta Tau Delta-A. T. O.-Zeta Psi Frame Breaks Down Deke-
Sigma Chi Alliance—Ed Pendergrass Elected Leader
of Hop By Overwhelming Majority Over Parham.

With well organized strategic tactics and perfect interference the mighty frame-up of Delta Tau Delta, Alpha Tau Omega, and Zeta Psi ran gamut in the Sophomore elections Tuesday and easily corralled all the richest plums of victory. Ed Pendergrass will lead the Sophomore hop assisted by Al Johnson and W. B. Waddell. The usual Deke, Sigma Chi frame failed, with Scott Parham running. George Ragsdale was elected class vice president.

For many moons ere the election there conflicted on this campus ward, raucously sometime amiably another, vague rumblings of rumor and counter-rumor. Everybody had heard who was to be elected and hurried to tell everybody else—with the admonition of course that they don't breathe it to a soul. In course of time everybody had told everybody else and nobody had told anybody else until everybody really did have a pretty good idea how things were coming out, that is if they had been

in Carolina politics long enough to know that there isn't room for more than one successful frame-up in a class election; and that that one is the first one.

Well the contest was scheduled for 2 o'clock (President Ambler actually started the business booming five minutes after that hour). The steam roller got into action while Ragsdale was being injected unanimously into the vice presidency. A hush fell over the assembly and Ambler called the nominations for Prom leader. The machine could be heard blowing off surplus steam. The usual preliminary business of nominating and withdrawing was gone through with before somebody put up the name of Scott Parham. That was the starting whistle for the machine—immediately all the Deke brothers in the hall were nominated along with a smattering of Sigma Chi's—
