PARAGRAPHS

A few more of these one point victories by Wake Forest and it'll reach the proportions of a Baptist jinx.

Tonight the visitors from Duke-domin are here. After that and there will only be one more game on the local court until middle February.

Mr. R. R. Clark, who conducts a daily column of comments in the Greenboro News, attended the Newspaper Institute and discovered that there was mud in Chapel Hill. He puts himself on record as being opposed to it. At last we've got some support—the Tar Heel has been campaigning against mud for years.

We were hoping, when brick laying got under way along Cameron Avenue, that it meant hard surfaced walks. But no, it meant only gutters. Older students well remember when walks were below the level of the surrounding campus and served, on rainy days, to drain the grounds of both water and students. The water didn't mind it, but it was pretty hard on the humans. So the building of gravel walks and the installation of brick gutters is a modern improvement on this campus. Elsewhere such might be considered almost primeval, but not here.

The Alumni Review is about the most readable publication produced at the University, student papers not excepted. The make-up is attractive and the content exceedingly interesting. This organ should be a powerful factor in welding together the University and its alumni.

The alley that connects the northwest corner of the campus with the main street of Chapel Hill is now boasting of a light that shines at night. It hasn't any lamp post to its credit, but it probably renders more service to the students than any light on the campus.

A Federal Bureau of Education, similar to the United States Bureau of Education, for the purpose of collecting and affixing information respecting education generally, is urged for Australia by the Australian Teachers Federation.

LET THE BOOM DIE

The state papers insist that there is a distinct boom under way to get Mr. Garrity, former Wake Forest coach, to come to Chapel Hill and take charge of certain athletic teams here. There is even a strong undercurrent of such a desire evident upon the University campus.

But we have the statement of Dr. Chase that the University is not considering employing the former Princeton star. It is to the credit of the institution that such is true. Certainly the trustees of Wake Forest College would not have called its highly successful coach upon the carpet and brought about his resignation unless there were serious and grave charges against him.

It is to the everlasting glory of Wake Forest that such action was taken. Many rumors had spread over the state and South concerning the Baptist's phenomenal success in the athletic world and while that college was being lauded on the sporting pages, she was sinking in the respect of many of those whose respect she needed most.

Carolina has a great name in the realm of sports and can hardly afford to resort to the employment of coaches with doubtful reputations in order to win temporary fame in a side-line of University activity.

OPEN FORUM

POOR SPORTSMANSHIP

I suppose we will have freshmen and boobies with us always. But the exhibitions of cheering that some of our rural freshmen are pulling off at the basketball game is disgusting to say the least.

I am referring to the yelling of "shoot, shoot" at opposing players whenever they get their hands on the ball. It doesn't matter in what part of the court the ball is, some shining fresh, probably from the sticks and backwoods where such things are done, bobs up and hollers at the player at the top of his blooming voice.

Certainly the visiting players know when to shoot as they all seem to have coaches along with them. These coaches are the ones that are supposed to teach the visiting teams, not the University freshmen.

Heckling of other players, as well as all unsportsmanlike conduct, should stop. The Tar Heel team isn't representing Hicksville High School and us students who have a little respect should not have to be disgraced by the actions of those few.

A 54-acre tract of ground is being developed by the park department of Buffalo, N. Y., for the recreational field. The tract adjoins one of Buffalo's new standardized schools, which is itself situated on a 5-acre tract.

Trees are studied in public schools of New York as a part of the nature-study program, and the progress of the seasons is followed in a tree-study calendar prepared by one of the scientists of the Brooklyn Botanic Garden.

A loan fund to amount to not less than \$10,000, for assisting students in four Class A normal schools in Alabama, has been established by the Birmingham News. The fund is to be administered by the presidents of these institutions.

Calendar

Saturday, January 23
7:00 P. M.—Phi and Di Societies Phi and Di Halls.
8:30 P. M.—Basketball Game—Carolina vs. Duke, Tin Can.
8:30 P. M.—Faculty Play, Playmaker Theatre.
Sunday, January 24
8:30 P. M.—Playmaker Reading, by Anne Majette Grant, Theatre building.
9:00 P. M.—Sigma Upsilon meeting.
Monday, January 25
6:45 P. M.—Glee Club Practice, New West Building.
7:30 P. M.—North Carolina Club, 112 Saunders.
8:30 P. M.—Y. M. C. A. Cabinet meeting.
8:30 P. M.—Francis MacMillan, violinist, Memorial Hall.
Tuesday, January 26
6:45 P. M.—Glee Club Practice, New West Building.
8:30 P. M.—Freshman Friendship Council, Y. M. C. A.
Thursday, January 28
6:00 P. M.—Playmaker Try-outs, Playmaker theatre.
7:00 P. M.—Playmaker Try-outs, Playmaker theatre.

COUNTRY CLUB TO BE BUILT NEAR THE HILL

The Club Plans To Have An Excellent Golf Course Which Carolina Students May Use.

Plans have been completed whereby the proposed \$50,000 country club between Durham and Chapel Hill has been made an assured fact. A meeting was held at the Washington Duke hotel Friday night to make final plans for its erection. All interested citizens of Durham and vicinity were invited to attend this meeting which was in the form of a banquet. At that meeting officers were elected and various committees appointed to attend to all the business of the organization.

The new club will have a membership of 250 members, 100 of which have already joined. This number includes several people from Chapel Hill.

This club should prove very interesting to Carolina students since one of its purposes is to provide a good golf course which could be used by both Duke and Carolina men. Donald Ross, famous golf course architect, has looked over the proposed site of the course, and he says that it is ideal. The soil is admirably suited for the growing of grass. There is ample room for two eighteen hole golf courses; so the property is well suited for development of a Country Club, golf courses, and other outdoor sports.

ALAMANCE CLUB IS REORGANIZED

Club Votes To Put Picture In 1926 Yackety-Yack

HARDEN IS PRESIDENT

Group Addressed By Two Members of The University Faculty.

After a lapse of three years, the Alamance County Club came back to life last Wednesday evening at a meeting held in the "Y" club room. Fifteen of the forty Alamance county students were present.

As W. W. Stout, of Burlington, and E. A. Farrell, of Mebane, were the only old members present from former Alamance clubs, Mr. Farrell presided as chairman while new officers were being chosen. The following officers were elected: J. W. Harden, of Graham, president; W. M. Cooper, of Graham, vice-president; and G. A. Noah, of Burlington, secretary-treasurer and publicity agent.

The feature of the program was interesting talks by Mr. Stout, an instructor in the English Department, and Mr. Farrell, of the medical school. Mr. Stout explained the benefits that had been derived from the publishing of a county bulletin and reports. An economical and social bulletin of Alamance County having been published by the club several years ago under the auspices of the Department of Rural Economics.

Mr. Farrell told of some of the pleasures that the club members formerly received from the meetings and insisted that every member present at the first meeting do his best to get every other member to be present at the following meetings.

Plans for entertaining the Alamance High School students during the High School Week and at the spring debates were also discussed. A banquet for the Alamance students and alumni to be held later in the season; probably during the Easter Holidays, was also suggested. But the final action on the matter was delayed until a later meeting. The main object of the business discussion was the question of the club picture for the Yackety Yack. The vote was in favor of the picture and arrangements will be made immediately for an appointment, and each member from the county will be notified and is urged to be present at the time decided on.

The purpose of the club is to promote a better feeling of friendship and cooperation among the Alamance students. Meetings will be held every other Wednesday evening at 8:30 o'clock in the club room of the Y. M. C. A. Building. All students from Alamance county, are urged to attend every meeting. A smoker with light refreshments is being planned for the next meeting.

Miss Lawson Entertains At Bridge Thursday Afternoon

Miss Estelle Lawson entertained at bridge Thursday afternoon in honor of the new members of the Chi Omega fraternity, Miss Ethel Crew, Margaret Bridges, Miss Elizabeth Calvert, Augusta Andrews and Lucile Heath. Those present besides the active members of the fraternity were Mrs. E. L. Mackie, Mrs. Gustave Braune, Mrs. Wallace Smith, Mrs. H. D. W. Connor, Mrs. R. E. Coker, and Mrs. W. J. Matherly. A salad course and an ice course were served after the awarding of the prizes.

There will be a meeting of the Durham County Alumni Association in Durham on the Saturday evening of the 23rd. Frank Graham will make the principal address of the evening, and election of officers will be held. The present officers are J. W. Umstead, president, and M. D. Fowler, secretary.

INTRAMURAL SPORTS

Intramural Office, 114 Alumni Building

There will be a meeting of the managers of both the Dormitory and Fraternity Basketball Leagues Monday night, Jan. 25, in the Intramural office, 114 Alumni, at 10 o'clock. Several important problems are to be discussed at this meeting and all managers are urged to be present and if the manager cannot be present himself, he should send a representative.

Physical examination will be required of all men entering Intramural Basketball. This must be done by Feb. 1st, and any man participating in a game after that time without having undergone the examination will cause his team to be subject to forfeiture of each contest he enters. Dr. Lawson will be in his office in the Gym at the following hours:

Tuesday.....5 to 6 P.M.
Wednesday.....3 to 4 P.M.
Thursday.....5 to 6 P.M.
Friday.....3 to 4 P.M.

The managers should get behind their men and see that they take this examination. The men must turn their certificates of this examination over to "Red" Routh at the Tin Can.

In the Fraternity League the Pi Kappa Phi stand out during the first week. The Pi Kappa Phi have always had strong intramural teams, being Tag-Football and Baseball champions last year. Schuler, Scott, Brand, and Whitnirre showed up as stars during the past week for the Pi Kappa Phi. "Rooney" Boone says that the end of the season will find him manager of another championship team.

During the first week of play, Steele, present titleholders, looms as a possible contender this year. Steele played a very good game in its opening contests and if its team continues this stride the other dormitories will have to step out. Marginoff is playing a hot game at center and Ellis, Steele's All-Dormitory man of last year, has been strutting his stuff. Prevatt, former Lumberton high star, is making up for the loss of some of last year's men.

Perry, of the Chi Tau team, led in individual scoring during the past week. This lanky center, who played for Oak Ridge last year, made 24 points in the first game and 16 in the second. Scott, of the Pi Kappa Phi, was also a high scorer for the week. In the game against the Alpha Lambda Tau, Scott shot 10 field goals, and in the Sigma Phi Epsilon game he made good four shots from the field. If Perry and Scott keep at this rate, they will soon be getting offers from professional quints.

Last year, several of the dormitories and fraternities purchased basketball uniforms. The chief reason for this was to aid the officials in refereeing the games and to add distinction to intramural basketball. Several teams bought very elaborate uniforms, while others bought only gym shirts with the fraternity or dormitory letters. Several men have been speaking about uniforms this year. Some of the teams have uniforms left over from last year, and the others will be given an opportunity to get them. Every team should have its uniforms for the individuality it thus acquires enables it to have better team work besides giving it a very snappy appearance. This will be found to be a regular thing in Intramural Athletics among northern colleges and universities, and remains with the teams as to whether we shall have it at Carolina. This question of uniforms will be discussed at the manager's meeting Monday night and every manager should be prepared to express the views of the group which he represents.

TO MAKE SURVEY OF FRATERNITY AVERAGES

Inter-Fraternity Conference to Compare Scholastic Standing of Fraternity and Non-Fraternity Men.

The Inter-Fraternity Conference, representing all of the 58 national fraternities in the country, has started a recent survey to determine the average scholastic standing of fraternity and non-fraternity men. The fact that this apparent condition has caused a great deal of probably unfair criticism, has caused the conference to undertake this census. The survey will be made of the 127 colleges and universities of the country which have at least five national fraternities.

Each of the above-mentioned institutions have been called upon for figures on their scholarship. From these figures will be computed the relative standing of all fraternities, compared with each other, with locals, with the non-fraternity element, and with the student body as a whole.

The standing of the University of North Carolina will undoubtedly be high in this comparison because a recent survey of the campus showed that fraternity men make better grades, on the average, than non-fraternity men.

OVER 200 APPLICANTS FOR COACH'S POSITION

No Definite Decisions Have Been Made By The Coaching Committee—To Meet Next Week.

Conjectures are still numerous as to who will follow Bill Felzer as athletic coach at the University. The coaching committee will not meet until some time next week; so nothing definite will be known until then, even if it will at that time.

There have been over two hundred application and recommendations for the position which was made vacant by Coach Bill's resignation to go into real estate development in Brevard. Many of the men proposed for the position are well known throughout the South and the Country. Little is known as to how the Committee will go about its selection but it is thought that the number of applicants will be narrowed to about fifty before any definite action will be taken.

Members of the coaching committee realize that it will be a hard matter to adequately fill the vacant position. Athletics at the University have been unusually successful under the Felzer regime. Football enthusiasts in the state are glad that both the Felzers are not interested in Western North Carolina developments.

DI LITERARY SOCIETY INVITES GOV. SMITH

The Diabetic Literary Society has invited Governor Alfred E. Smith, of New York, to address it sometime during the next few months, the date to suit his convenience.

Members of the society, in extending the invitation, expressed the belief that Governor Smith will accept. They would transfer their meeting from New West Building to Memorial Hall and invite the University student body to hear him. The society believes the campus would give the New York governor a very cordial reception.
