It's mighty easy to like the best

THAT'S why Camel is the most popular cigarette ever made. In all tobacco history there has never been a cigarette preference like Camel's...

Camel is the friendliest cigarette ever made. From early morning to night's last reluctant parting you just can't smoke enough Camels to tire the taste...

Library Sets Record

Circulation Reaches New High-Water Mark—Need of New Library.

Just at this time when the University is having such a struggle to get the necessary funds for a new library, Mr. Baker, of the library staff, announces that the circulation for the month of November reached the high-water mark of 15,544.

At the present rate of increase in the circulation of the library it can easily be seen that the present building will be unable to take care of the necessary new volumes and staff.

The Theta Phi fraternity announces the initiation on Friday night of W. N. Michal of Woodrow, and K. E. Alsbaugh of Taylorsville.

Carolina Wins Cross-Country Meet of State

Carolina 19, Duke and State tied for second place with 59 each. The time of the triumverate that tied for first place over the four mile course was 21 minutes 6 seconds.

Two Carolina runners sang their swan song of cross-country as they jogged along Saturday. The two were Captain Arthur Daniels and "Knots" Goodwin.

The University freshmen added another title for the day as they captured the first year championship meet by a margin almost as large as that of their big Varsity brothers.

ALL-STATE HIGH TEAM IS CHOSEN

L. N. Byrd Selects All-North Carolina High School Team of 1926.

MUCH TALENT IS FOUND

By L. N. Byrd

The state high school title clash on Emerson Field here Saturday with Sanford and Charlotte bearing the standards of the east and west, dropped the curtain over another high school football season in North Carolina.

The end of the season brings that annual institution, the all-star elevens, and today's clash opened the season for the All-North Carolina High School selections. Naming eleven players from the array of grid talent in the state and tagging them "The Best" is a difficult task; albeit a thankless one.

CHRISTMAS CANTATA GIVEN NEXT WEEK

The Adoration, a Christmas cantata by Nevin will be given in the Christian church, December 12, at 3:30 in the afternoon. The performance will be directed by J. M. Williams. Attendance is open to everybody.

GOOD RECORDS BY MEN IN ACTIVITIES

Scholastic Standing Above Average In Most Cases.

A survey of the scholastic standing of men in the various student activities has been prepared jointly by the Faculty Committee on Athletics and the one on Musical and Dramatic Activities. The statistics are based on the academic records of the individual students during the quarter in which they actually participated in the activity concerned.

The academic average of the entire student body was found to be 3.40 or approximately a C-, the athletic average, 3.666. It was found that varsity baseball, varsity track, members of the Playmakers, and members of the Glee Club were above the average of the University. Varsity track led with 2.90. Varsity and freshman basketball, varsity football, and freshman track were found to be below the average but above a passing mark. Freshman football and baseball were both found to be below a passing mark. Freshman baseball was lowest with 4.55.

The Committees which prepared these statistics were very pleasantly surprised with the results, and they will be presented for consideration before the next meeting of the University faculty.

The Woman's Association will be at home to the members of the faculty and their wives at the Woman's Building Friday, December 10, from eight-thirty to ten in the evening. All women students who do not live in the dormitory are especially urged to be present.
