The Man Who Died At Twelve O'Clock, by Paul Green Job's Kinfolks, by Loretto Carroll

Quare Medicine, by Paul Green Tour bill of repertory plays presented by The Carolina Playmakers at The Playmaker Theatre. November 13th-15th.

The Northern Tour bill: Comparatively, Green's first comedy was poor, Mrs Bailey's tragedy was exceptionally well done, and Quare Medicine near-vaudeville to stirring tragedy to honest comedy.

I am glad the Playmakers opened the curtains with The Man Who Died At Twelve O'Clock because that gave the audience a chance to forget it before the program was over. However, it is a negro comedy and so it will go well on the tour through northern states. It should have gone better here. I wish that it was played faster and with not too earnest an attempt at realism. But that is like thinking of something you want after the wagon's done gone to town. When white actors rub on brown make-up and enter a straight negro comedy they, of course, wish to steer the play clear of burlesque and often they succeed only in being solemn. Hubert Heffner, Helen Dortch and Howard Bailey played their parts not at all lazily, but they did not make it as comical as it might have been and the play is certainly built for nothing but to make people laugh. All three, obviously, had their moments. Mr. Heffner's drunken entrance was remarkably dramatic and Miss Dortch's wailing was at times presentable, but on the whole the acting was too strained and too slow. I have seen a high school company do the same play on while they have no bearing on the the same stage with more abandon, race for state honors, will be real and the piece has its worth although tests, of the Carolina freshmen's in it Paul Green does not reveal his abilities. The girl gets caught being sociable with a taxi-driver and there is a warrant sworn out for her. Her mother knows pretty well what will happen if she's sent to the reformatory. So before she realizes what she is doing she marries the girl off to a hardheaded old bluejaw who has loaned them money. He takes her upstairs to his room and slams the door. The bride isn't but fourteen years old and she's in love with a boy named Danny. Think of a little girl in love with a boy named Danny having to marry a stale old guy, and she's scared to death of him. Freshman Outfit Has Fine Chance to Win State Championship.

Although in the Notre Dame sysem of football training the freshmen never play a game with the freshman teams of other schools but devote their time to scrimmaging with the varsity, The Tar Babies have a schedule of five games this fall. Two of these have already been played and resulted in victories for the Carolina frosh. Duke furnished the opposition was good. At the beginning of the year this looked to be a rather ambitious schedule, since none of the teams to be played were considered easy victims. However the Tar Babies have proved to be a strong machine and are expected to win the majority of the remaining games. Last year the Tar Babies played only two games with freshmen teams and representing members of the Big Five, and since they beat State and were only able to tie Duke, there was some controversy as to who won the championship. Playing all of the parts of the middle age comedy with great gusto, the popular professor of the French department again scored as an important campus actor. He entertained the audience for an hour and a half with the comical fortunes of Pierre, Guillamette, the shopkeeper, and the judge. In his reading of "Pathelin" Dr. Holmes virtually gave a one man performance of the play.

The Doctor is a capable actor of professional ability. During his four years on the campus he has assumed the lead in Moliere's "Imaginary Invalid" and "The Barber of Seville" by Beaumarchais.
