

CAROLINA CAGERS PLAY FIRST GAME IN STATE TONIGHT

Davidson Wild Cats Will Be Met In Their Own Lair.

The Tar Heel cage squad makes its first appearance on a North Carolina court when it tackles the Davidson Wildcats at Charlotte on Saturday night. The game is also the opening event in the campaign for the state's "Big Five" championship.

This game comes as the climax to a full week of practice for Coach Jim Ashmore and his University tilters. Back from a five game jaunt through the Middle West, the Tar Heels have had all this week to iron out the rough spots in their play, and they may flash near mid-season stuff against the Presbyterians.

The encounter in Charlotte means much to the Tar Heels in their race for title honors this year. A victory will put them off on their right foot and give them a one-game jump on State, Duke and Wake Forest. Those teams have still to open their state championship races, and their abilities are more or less unknown.

Coach Ashmore is pinning his hopes on several rank rookies this winter, for he has only four lettermen back in togs. The fifth regular and the reserves are youngsters. The Davidson game furnishes those youngsters their first chance under home state surveillance.

The opening five against Davidson will likely include Henry Satterfield and "Red" Price, forwards; George Cathey, center; with Captain Rufus Hackney at one guard. The other guard will probably show either Page Choate, Artie Marpet, or Winslow Smith. All three are first year cagers.

Wrestlers Settle Down to Program Of Stiff Practice

Since the holidays are over and exams are things of the past, Coach Quinlan has begun stiff work with his wrestling squad. Quite a few men are out for the team and there is stiff competition in nearly every weight. At present the squad is devoting most of its time to instruction in fundamentals and in rounding into condition.

Under the direction of Coaches Quinlan and Mottisger the men are being prepared for the preliminary trials which will be held next week. After these trials final matches will probably be held in order to decide who will make up the team for the first meet. This meet will be against the wrestlers of Washington and Lee on the twenty-sixth of this month. Little is known of the relative strengths of the two teams and so predictions as to the outcome of the match are not possible. The complete schedule for the wrestlers has not been announced, but it will be published soon.

Self-Help Bureau Has Busy Quarter

During the Fall quarter a large number of students have been aided through the Self-Help Bureau. According to figures given out by Mr. Leonard, secretary of the Bureau, 120 different men have been sent out on 429 jobs, and 340 calls have been filled. These figures do not include the number of regular jobs that have been secured for the students, for which statistics are not available.

Play Golf and Listen To Football Game Together

Eugene, Ore.—(IP)—Football and Golf can be mixed. This was proved by a foursome of University of Oregon golfers, who carried a portable radio with them about the course while the Southern California-Notre Dame game was in progress, and did not miss a single play of the football game. They reported, however, that their golf suffered somewhat from the experiment, especially when Southern California seemed about to win.

University of Idaho To Be Presented German Gun

Moscow, Idaho—(IP)—A 77-millimeter German gun, half of Idaho's allotted share of government war trophies, will be presented to the University of Idaho by the American Legion some time next semester, it has been announced. The gun will add color to a grass terrace on the north side of the new gymnasium near the entrance. It will be sent from the United States government "trophy dump" at Aberdeen, Maryland.

RECORD NUMBER OF MONOGRAMS AWARDED TO VARSITY ATHLETES

Twenty-seven members of the University of North Carolina's state championship football squad earned their letters or stars during the grid season just past. The list of awards was announced today by the University Athletic Council, and the number equals the previous high mark which was set with 27 awards to the 1926 grid squad. Other awards went to members of the varsity cross-country squad and to the undefeated freshman football squad.

While the varsity grid warriors were winning the state championship, the other teams were bringing home their own laurels. The cross-country team won its third consecutive Southern Conference title, and ten harriers received minor sports letters. The freshman gridgers marched undefeated to the South Atlantic freshman championship, and 25 of the Tar Babies received their class numerals and special awards of white sweaters.

The twenty-five members of the freshman football squad who received their "F31b" numerals were T. W. Alexander, Charlotte; E. C. Belton, Jr., Mount Airy; J. D. Branch, Salisbury; G. T. Dialectic Senate To Hold First Meeting Of Quarter Tuesday

The Dialectic Senate will hold the first meeting of the winter quarter Tuesday night in New West. First Radio Debate Tomorrow Evening

On the night of January 13th Coe College and Chicago-Kent College of Law will stage a radio debate. The query to be used is: "Resolved, That further extension of installment buying would be economically unsound."

Ten days will be allowed for balloting after which the result will be announced through the columns of the Chicago Daily News or may be had by request from the Chicago-Kent College of Law. Each ballot must be on a separate sheet of paper and signed by the party casting it.

The debate will be broadcast from station WMAQ, Chicago, Illinois. Coe College will uphold the affirmative and Chicago-Kent College of Law will argue the negative.

Student Loan Funds Are Now Available

In an announcement in chapel yesterday Dean Bradshaw said that the University does not want any man to drop out of the University because of financial reasons without calling by the office of the Dean of Students. Mr. Bradshaw explained, however, that at present there is less money available for student loans than at any time during the past two years. Mr. Bradshaw also requested that all students who know of anyone who is considering dropping out of school because of financial matters tell this person of the student loan funds, and try to get him to come to the Dean's office.

Commuters' School Is New Educational Venture

Los Angeles—(IP)—The Commuters' School is the latest educational venture in Southern California.

Several educational institutions in this section have combined to offer courses to suburbanites for study while traveling to and from their work.

The school, begun this fall, seeks to put to more profitable use the time usually spent in playing card games or in general reading, and is open to all who ride in the cars of the Pacific Electric Railway. Fees are small. The pupil is self-taught, but may consult an instructor if he wishes. And the textbooks are small and easy to carry.

Engineer Society Resumes Meetings

The William Cain Chapter of the American Society of Civil Engineers held its regular session last night in Phillips hall. Although this was the first meeting since the Christmas holidays and the attendance was small, an interesting program was rendered.

One reel of motion pictures, "Driving the Longest Tunnel in the Western Hemisphere," was shown, and it attracted much comment from those present. This picture showed all the operations which were used in constructing the tunnel, and it illustrated the methods employed by the engineers in overcoming unforeseen difficulties which arose in the construction of the tunnel.

The next regular meeting will be held Thursday, January 17, at which time the program for the winter quarter will get underway.

Chapel Hill Gets New Apartments

A distinct addition has been made to Chapel Hill's apartment facilities in the new Graham Court Apartments on McCauley Street, which J. W. Foister, agent, has announced will be ready for occupancy Thursday, January 17.

The two twin buildings contain 24 apartments, each apartment having five rooms and bath and being fitted with modern conveniences. They are already open for inspection upon application to Mr. Foister, at Stetson "D."

W. S. Sampson, the owner, has announced that he will hold open house Thursday, January 17, and has invited the inspection of all.

Little Speaks To Ministerial Group

M. G. Little of the Extension department was the principal speaker at a meeting of the Greensboro Ministerial Association meeting in the Y. M. C. A. building in Greensboro last Monday. The subject of Mr. Little's talk was the possibility of post graduate courses in divinity being offered to ministers of the state by the extension department of the University.

RUFUS HACKNEY WILL APPEAR IN NEW ROLE

Carolina Captain Will Probably Hold Down Guard Position against Davidson.

The cage fans of North Carolina will probably see Captain Rufus Hackney in a new role when the Tar Heels meet the Davidson Wildcats in Charlotte on Saturday night. The Carolina captain has been shifted to guard to strengthen his team's defense, and he will likely occupy his new post in the Charlotte encounter.

The Davidson game furnishes state fans their first glimpse of the 1929 Tar Heel team, for the state champions are just back from a five-game invasion of the Middle West. They enter this Davidson battle after a full week of rest and practice on their home court here.

The shift that carries Captain Hackney to guard also places "Red" Price back at the old forward post that was his choice in high school and freshman ball. Both Hackney and Price, therefore, feel at home in their 1929 duties. Hackney has always been one of the finest defensive forwards in the South, and he fits exactly into the running guard position.

The change works for faster floor-work for the Tar Heels, for Hackney can handle the ball all over the court, and he feeds Satterfield, Price and Cathey well. Satterfield and Price will likely pair at the forward berths, with the veteran Cathey at center.

Either Choate, Smith or Marpet will pair with Hackney at guard, all three being rank rookies in their first year of varsity play. Choate and Marpet are sophomores, while Smith is a junior up from last year's scrubs. All three will probably see service against Davidson.

A press institute for Georgia newspapermen and women will be held this spring at the University of Georgia, Athens. It is sponsored by the Henry W. Grady School of Journalism of the university and the Georgia Press Association, and sessions will be held in the new commerce-journalism building recently completed at the university at a cost of \$215,000. The program will consist of lectures, addresses, and round-table conferences and discussions devoted to problems of the press. The first institute sponsored by the Georgia Press Association was held last year at Mercer University, Macon.

POTTER TO READ THRILLER SUNDAY

Playmaker Reading Will Be Hair-Raiser; Victorian Melodrama.

Professor Russell Potter of the English department will read Charles Dibin Pitt's Victorian melodramatic thriller, *Sweeney Todd, The Demon Barber of Fleet Street*, at the Playmaker Theatre Sunday night at eight-thirty o'clock.

The story has to do with a highly dramatic situation. A man, ostensibly a barber, lures prospective customers into a chair, there to let them down through a trap door to a secret room in the basement of the establishment. Once imprisoned the unfortunate victim not only lost all of his valuables but forfeited his life. The bodies were then served up in savory meat pies in the shop next door by a young and attractive widow. Like *Ten Nights In a Barroom*, *The Demon Barber of Fleet Street* drips with the sentimentality and morality of the Victorian period, but is nevertheless fully as interesting as *The Bat* and the works of Edgar Wallace.

Potter is an excellent reader, having a resonant voice and a poise unusual in an amateur actor. During the time that he has been instructing at the University he has been the organizer of the informal Bull's Head readings, and has read to Playmaker audiences twice before.

Lutheran Minister Will Deliver Sermon

Dr. J. L. Morgan, D. D., president of the United Lutheran Church of North Carolina, will preach in Gerard hall on Sunday morning at 10:00 o'clock.

Dr. Morgan is a man of much experience and reaching influence in church work. He is not only the president of the Lutheran Church in this state, but is also a member of Foreign Mission, Home Mission, and Educational Boards of the United Lutheran

Church of America. During the past several years he has shown much personal interest in the progress made by the Lutheran Student Association at the University, and his presence tomorrow is further evidence of this interest. Many University students have heard Dr. Morgan preach, and they know him as a very forceful and interesting speaker.

Pianist All "Encore" for This Smoke

San Francisco, California, August 8, 1928

Larus & Bro. Co., Richmond, Va. Dear Friends: I have been a very heavy pipe smoker for the last thirty years, and have always used Edgeworth Tobacco (Plug Slice) and find there is no other tobacco like it for a cool and well flavored taste. I am in the vaudeville business, and have traveled all over the world with my brother, and always have had very great pleasure in recommending your tobacco; and many a time I have had to pay double the price in different countries for it, but I would sooner do that than smoke anything else, as I have tried all different brands. I generally buy a one-pound tin and roll it up; and believe me, gentlemen, it is real tobacco. With best wishes from Yours sincerely, Sam La Mert of the La Mert Brothers' Piano Novelty Act.

Dallas—A Skyscraper City of the Southwest

A GREAT change in the skylines of this country has taken place in recent years, especially in the West. Where formerly great expanses of open range were the rule, now the West is dotted with rapidly growing cities and towns, and where one and two-story buildings were ample for the commercial needs of these cities, today the tall building is necessary.

More and more, as the center of population moves steadily westward, our cities beyond the Mississippi are growing upward, and Otis equipment and Otis service, instantly available anywhere, are doing their part in the vast development program.

All skyscrapers, East or West, were made possible by the elevator—and the world's first safe elevator was an Otis.
