Boxers and Harriers Win in Conference; State Titles in Football, Basketball, Boxing, Tennis and Golf; Baseball Team Wins in Tri-State League.

Carolina's athletic teams have just glosed one of the most successful seacons in the history of the University. During the year the teams amassed a total of ten championships.

In the Southern Conference the Tar Heels captured titles in cross-country, and boxing, and took second place in the conference track and field meet, which was held a few weeks ago. This is the second year that the crosscountry and boxing teams have won the conference championship.

The cross-country team went to Atlanta for the conference run and succeeded in bringing the title back with them with no great amount of difficulty. Captain John Henderson ead the team to its second successive victory.

Coaches Quinlan and Butler took the Tar Heel boxers to Charlottesville in March with not a single defeat in the meets that had been held. It was a close contest there with only Captain-elect Archie Allen winning first place, but sufficient second and third places were annexed to give Carolina its second boxing title in as

The boxers won all their dual meets and thereby have a clear claim to the title. Duke was supposed to be the most likely contender, but they were defeated by a very good margin.

The tennis team won championships in both the singles and the doubles in the tournament which was held here in April. Yeomans captured the singles title, and the doubles finals were fought out between two Carolina pairs with Merritt and Shapiro defeating Waddell and Norwood.

The state meet in golf was held at Sedgefield and the team took this meet with ease. This was the first year that tennis and golf teams had a Harper, of Richmond, league statis- Miss Knutzen coach, and Coach Kenfield deserves tician. much credit for winning these titles.

Weil and Case made up the other two sprinters, and it was this quartet which captured the halfmile relay at the Tech Relays in Atlanta and lowered the standing record by three seconds. Incidentally, their record was only a fifth of a second behind that of the colleges.

In the mile, Clarence Phoenix was consistently good and captured all his races in very creditable times. With some improvement, he should give plenty of competition next year.

Possibly the next most consistent man was Ty Reid, who took care of the hurdles and broad jump, and helped in the high jump. He had no trouble making away with first place in both hurdles and the broad jump in every meet. His best times were 15.6 or the highs and 25.2 for the lows, both of which mean trouble for some college's aspirants in the hur-
