Prominent Faculty Playmaker Returns

Returning to the campus after a year's absence, Kai Jurgensen, new faculty member of The Carolina Playmakers, finds himself involved once again in the whirlpool of dramatic activity which surrounds all Playmaker work.

As the director of Thornton Wilder's allegorical tribute to the indestructibility of Mankind, "The Skin of Our Teeth," Mr. Jurgensen has to stage the history of man from the Ice Age to the present. That's a job in itself, especially when it entails casting 36 roles, including mamoths, dinosaurs, Moses, Homer, and the three Muses.

Kai Heiberg-Jurgensen was born in Copenhagen, Denmark. Coming to this country when he was 16, he lived with an aunt in Missoula, Montana. Here he attended the University of Montana and majored in English literature, receiving his A. B. degree in 1937. While there Jurgensen was student manager technical work with the Montana Mas-

atre. Jurgensen was awarded the Carolina Playmakers' special award in Playwriting in 1941-42.

Made a Graduate Assistant to th late Dr. Koch in 1942-43, Jurgensen devoted his energies to the composition of his M. A. thesis play "Down to the Sea," which was produced by the Playmakers in March of 1943. A play of the Danish fisherfolk, "Down to the Sea" was authentic in its use of Scandinavian folklore and was received with notable success. For this accomplishment he was awarded the Roland Holt Silver Cup for Playwriting, the highest honor conferred by The Carolina Playmakers. He also received his M. A. degree in Dramatic Art and English Literature in the spring of 1943.

Last year Jurgensen taught Theatre, Literature and Playwriting in the College of Fine Arts at the Carnegie Institute of Technology in Pittsburgh. Carolina over William and Mary by two touchdowns. Army will slide over Notre Dame with ease. Michigan over Illinois. Minnesota will topple Indiana. Alabama will squeeze out over Mississippi. North Carolina Pre-Flight over Georgia Pre-Flight again. Purdue over Northwestern. Bainbridge over Cherry Point by at least six touchdowns. Navy over Cornell. Ohio State will remain in the undefeated ranks at the hands of Pittsburgh.

Sound and Fury **Begins Tryouts** For Annual Show

Tryouts are being held this week for the First Sound and Fury production, "Packet Show No. 1", which will be presented here December 6 for the Pre-Flight school and December 7 for the university students and faculty.

The show, which will center around the dream of a shipwrecked naval pilot, former UNC pre-flight student, will feature singing, dancing and comedy. Anyone talented along these lines is invited to try out as the cast has not been chosen as yet.

Marion Gurney is directing the entire production, assisted by Fred Caligan, dance director, and Bill Sasser, musical arranger. Other productions of this type are being planned as well as a gigantic all-star show which will climax the year's produc-

Where blues hold sway Dinah Shore cops top billing in popularity. So you'll all be glad to know that many of her old all-time favorites are being re-released so that you can fill in the holes in your collection of her recordings.

Many of the excellent records made by the original Artie Shaw band, "Carioca," "Lover Come Back To Me," "Pastel Blue," "Octoroon," and others, are included in this list which will make any collector's dreams come true. And, by the way, have you heard about the newly organized Shaw band? It's a 17 piece outfit similar to that of "Begin the Beguine" fame.

For leisure listening pleasure on some Sunday afternoon or in a few spare minutes when you can find a workable record player in some secluded corner, here are some recent releases in the classical vein which you might enjoy.

Two works by English composer Frederick Delius have been recorded recently adding greater impetus to his steadily growing fame. One side of the record holds "La Calinda" from the opera "Koanga," which is based on Negro themes Delius picked up in Florida. The excerpt is deriven from a popular Creole dance of Cuban origin. On the reverse you'll find "Intermezzo and Serenade" from the composer's incidental music for Flecker's "Hassan." This is a richly orchestrated sample of the composer's more mature style.

For the true lover of classics music Hans Kindler, maestro of the National Symphony Orchestra in Washington, has made and recorded a compelling arrangement of two movements from Handel's Concerto Grosso No. 5, Op. 3, for full symphony orchestra, with sonorous re-

Typical of the comments about the recent release of Rachmaninoff's Concerto No. 4, as played by the composer with the Philadelphia Orchestra under Ormandy, is that made by Henry Simon of PM: "It is played and recorded so well that it will probably never have to be recorded again." Get this one and hear for yourself.

With these records to start with here's to better listening and dancing pleasure on and around the campus-sweet, swing, or low-down jive.

IRC Will Discuss Polish Question

Marking the fourth in its present series, the International Relations club will present a forum on the highly inflammable subject of the Polish-Russian dispute Tuesday, November 13, in the Graham Memorial lounge at 8 p.m.

Dean F. F. Bradshaw, acting as moderator, will attempt to keep the battle a verbal one when "experts" Dr. E. E. Ericson, of the English department; Dr. Helmut Kuhn, philosophy professor; Dr. L. C. MacKinney, history professor; and Dr. E. J. Woodhouse, of the political science department, mount the rostrum to air their

To lay the foundation for the discussion MacKinney will review the historical background of the disagreement. Upholding the Russian contention that the olish border be drawn along the Curzon line, Ericson, a frequent speaker on the IRC presentations, will present the Russion viewpoint; while Woodhouse will air the Polish attitude. Bringing into play his philosophic background, Kuhn will wind up the forum with an analysis of the ethical questions involved.
