Cross Country Trials Thursday

There's a lot of space to cover today, but probably the most important topic for discussion is that of the great game of football. The grid sport is becoming the main topic for talk among sportsmen and fans nowadays, as definite signs of fall air begin to creep upon us.

Coach Carl Snavely is out of town today, as he was yesterday along with his entire coaching staff, to conduct a clinic for high school mentors of this section in Charlotte. He returns tomorrow and will wind up the summer drills for his potential Tar Heel gridders Thursday, Friday and Saturday of this week. There will be a layoff of one week, and things will get back into full swing Monday, September 3, with the season opener a minute 26 days hence.

Speculation on prospects for the grid sport this year in Dixie is not focused in any one place, but according to the experts most of the power will come out of Georgia Tech, Duke, Tennessee and Alabama. However, to put it in the words of Grantland Rice, "Carl Snavely did not return to North Carolina to play second Stradivarius -not for long." We are not going to go out on the traditional limb and say that Carolina will have a powerhouse, but we will say that unless we miss our guess miles, the old Tar Heels will be far from the bottom when December rolls around.

We have a tough slate ahead, which includes games with three of the

Pre-Flight Footballers Outscore Tar Heel, Crew By 20-12 In Closed Full-Time Tussle

By Frank Miller

Carolina's rapidly improving Tar Heels again clashed with the N. C. Pre-Flight Cloudbusters at Kenan Stadium in a closed scrimmage last Saturday afternoon for a full, four quarter game, with the Fliers coming out on top, 20-12.

Although coming out on the short end of the scoring, Coach Carl Snavely's combine held their opponents well during the scrimmage and clicked much more smoothly on offense than in previous drills.

The Blue and White aggregation was minus the services of two of their first stringers. Max Cooke, end and Al Bernat, center, were both out of battle togs, Cooke absent due to internal chest injuries and Bernat recovering from illness.

Starting the fray off with quick action, the Pre-Flight eleven was prompt home games this fall will go on sale in scoring, racking up two touchdowns over the counter at Woollen Gymbefore the green Carolina team could tally. Along this line of local football, we the student body and most ardent of Carolina fans, should begin right now and plan to give the Tar Heels the best support they have had in years. All this support from the stands goes a long way to helping a team get ahead, and it is as little as we can do to get out there and back our gridders to the hilt. Let's go, gang, plan now to see the footballers from Tar Heelia through the season. . . . Tickets went on sale yesterday for the four Carolina home games.

The Pre-Flight football situation is moving right along, but without such stars of last year as Stan Koslowski and Otto Graham. Coach Paul Bryant reveals himself as pleased with the Cloudbusters so far, and before the season is gone, the local fliers are likely to come up with a good squad. At least they had better-with Army and Navy on their schedule. . . . This man Koslowski, who co-starred with Graham all last season, is playing for his old Holy Cross crew this year and seems destined to emerge an All-
