

Franklin Delano Roosevelt
1882-1945

The 1946 March of Dimes, January 14-31, is dedicated to the memory of Franklin Delano Roosevelt, founder of the National Foundation for Infantile Paralysis.

More striking than any monument which might be erected to Franklin Delano Roosevelt is the organized fight against poliomyelitis, which he inaugurated and personally symbolized in his lifetime.

Join These National and Local Leaders In Supporting the MARCH OF DIMES Campaign

President HARRY S. TRUMAN
