

Registration Listed At 3,886 For Session

Seventy-nine percent of students registered in the first term of the University Summer Session are from this state, according to figures just tabulated by Registrar E. S. Lanier and released by Dean Guy B. Phillips, Director of the Summer Session.

A total of 3,886 students are enrolled and 3,068 are residents of North Carolina. Twenty-four are enrolled from foreign countries and 794 from other states.

Registration this term is less than that of last year at the same time when the enrollment reached 4211.

Of the total registration this year 795 are enrolled in the General College, 772 in the College of Arts and Sciences, 587 in the School of Commerce, 348 in the School of Education, and 996 in the Graduate School.

Certain other divisions of the University enrolled small numbers, including the Schools of Public Health, Law, and Library Science, and special workshops.

Approximately 50 percent of those enrolled are veterans, it was revealed, and of the non-veterans 975 are men and 966 are

women. All of the veterans are men except 47.

Virginia furnishes the largest out-of-state representation with 132 students, with South Carolina running a close second with 119. Florida has 75, Georgia 73 and New York 65. The 24 foreign students represent 17 different countries.

The largest single division in the Graduate School is 352 enrolled in the School of Education.

This is the largest number ever enrolled in the graduate program in education. This includes principals, supervisors and teachers in all phases of public education. Their enrollment is approximately one-third of the entire Graduate School.

Journalism Department Gets Riley

Ex-Raleigh Editor To Begin This Fall

John Robert (Jack) Riley, feature editor of the Raleigh News and Observer, has been appointed associate professor of journalism at the University of North Carolina effective September 1, it was announced this week by Chancellor Robert B. House, following approval by the Board of Trustees.

Riley is recognized as a well known member of the News and Observer staff and is considered one of the most capable and versatile newspaper men of the state, Dean O. J. Coffin of the School of Journalism said.

"He is being asked by the School," Dean Coffin emphasized, "to make first, and perhaps foremost, use of his experience as a small-town newspaper man."

"When it became necessary to replace Thomas J. Lassiter of the Smithfield Herald, who was temporarily supplying, in the absence of Prof. Roy Parker, work in smalltown newspaper production, the journalism staff here recalled that Riley had spent his first four years as a working newspaperman with the Nashville Graphic," Coffin said.

All You Can Eat

Annual Watermelon Festival To Be Held Next Friday Night

Watermelon eating fans will have a go at their favorite pastime come Friday night, July 14th, when the Second Annual Carolina Watermelon Festival will be held under the Davy Poplar.

Last year, when the affair was held for the first time, the festivities attracted well over 1,000 students.

There'll be all the watermelon you can eat, and for those who pride themselves on their capacity for watermelon a contest is in the offing to see just who can eat the most.

Highlighting the festivities will be the crowning of the Watermelon King and Queen by Edwin S. Lanier, mayor of Chapel Hill. Candidates for the King have

been selected from among the faculty while the Queen will be chosen from Carolina's summer stock of coeds.

The contestants are being sponsored by the various fraternities, sororities, and dormitories on campus. Pictures of all candidates have been put up in the Y and will be voted on by the students.

Last year Dean Mackie took the honors as the King and Peggy Sapp was elected Queen.

Ballots will be cast by pennies in the Y with all proceeds going for more watermelons. Voting will close next Thursday at 6 o'clock and if necessary a runoff by personal ballot will be held on Friday.

But the big feed is only a part

of the activities on the slate for the evening. Other entertainment includes a relay eating contest which will pit students against faculty.

Group singing, a dancing contest, and local talent of folk and hillbilly singing are also being planned.

And for the red-tongued, sticky-fingered hearty ones who survive the feast, there will be a square dance in the Y-Court beginning at 9:30 to top off the evening's activities.

The Festival is slated to get underway at 7 o'clock and last until coed hours. Help is still being enlisted on the planning committee for the festival and it is hoped that a large turnout will be on hand for the affair.
