

## Gray Denies New Post Will Interfere

(Special to the Tar Heel)  
Charlotte, June 20—President Gordon Gray of the University of North Carolina told an alumni rally here last night that the four Negroes recently admitted are "being treated like other students."

"It is a difficult problem," Gray said. But he declared that the admission of the Negroes had not caused any unpleasant incidents on the campus at Chapel Hill.

Gray, recently appointed by President Truman as chairman

of a national board of psychological warfare, denied the contention of some University trustees that the assignment would interfere with his educational duties.

"I am not leaving the University," Gray said. "This is not even to be considered a leave of absence."

The trustees agreed after some dispute yesterday to permit Gray to spend "two or three days" a week in Washington to organize the new board.

## Coach Casey Will Return To UNC

By Art Greenbaum

One of the greatest swimming coaches in the country will once again return to Chapel Hill where he will aid Coach Dick Jamerson with the aquatic sport this winter.

Ralph Casey, away at Columbia University for a year for his ED. D. in physical education, will return to Carolina at the end of the summer session. Probably the youngest successful coach in the business, Casey was the chief factor in determining the Blue Dolphins' success in recent years.

His greatest "accomplishment" was Jimmy Thomas, who was the greatest swimmer to ever swim in the Southern Conference. Thomas matriculated at Carolina in the fall of 1947 and was established as the number one backstroke.

Casey thought otherwise and within one year Thomas became the "great Jimmy Thomas." Switching over to freestyle and breaststroke, the "Kid" captured championship after championship. Some of his records will never be broken.

For most of this, we have Ralph Casey to thank. He not only guided Thomas through four wonder-

ful years but established Carolina as the swimming power in the South.

Coach Dick Jamerson will surely welcome the return of Casey or with the elimination of the freshman rule this year, varsity swimmers will be in abundance some of the top swimmers in the country will matriculate at the University in the fall.

This is not the end for students who still wish to gain a post on the Tar Heel swim club. Casey has taken many newcomers and turned them into first-rate swim-

mers in one year. If it can be done at all, Casey can do it.
