**LET'S GO—**

**— but first, a summer check-up**

Don't risk spoiling an all-day or week-end trip. Be sure your car is in tip-top shape for summer driving. Every car needs complete chassis and mechanical lubrication against summer heat and increased mileage. It also needs fresh oil, clean spark plugs, efficient cooling, accurate steering and wheel alignment ... in fact, a thorough check-up.

**UNC To Set Up  
Opera School  
In Raleigh**

Establishment of the Carolina Opera School in Raleigh this fall under the administration of the Extension Division of the University of North Carolina at Chapel Hill in cooperation with two other groups was announced this week by Chancellor Robert B. House.

The School will train singers for professional careers in opera and concert work. It is scheduled to open September 17 with a faculty of three members.

This School is considered unique in that it is affiliated with the Grass Roots Opera Company of Raleigh which can offer to qualified students 49 to 50 per-

ed air bases.

According to Chancellor House, the research "represents a major step in our program for making substantial research contributions to the nation as well as to North Carolina."

Early fall will find activities extended to other bases in this country and abroad.

Chancellor House said, "It is good to know that our Institute for Research in Social Science has been recognized by the Air Force in its efforts to secure scientific study of organizational problems.

"And it is fortunate educationally that this type of project provides us with a splendid vehicle for the collaborative work of psychologists, anthropologists, statisticians, and sociologists.

"We expect the product of this research to throw new and useful light on many of the fundamental problems of human organization, civilian and military alike."
