Board of Aldermen adopt new \$7.7 million budget

by Ted Melinik Staff Writer

With as little controversy as a town budget can create, the Chapel Hill Board of Aldermen unanimously adopted a \$7.7 million budget Monday night.

"There was no controversy probably because no tax increase was proposed," Alderman Gerry Cohen said. "Some of the Board members felt that with the citizens' cost of living going up and since taxes have been raised every year for the last five years, there should be no tax increase."

"It was rather quiet," Chapel Hill Mayor Howard Lee said. "We spent more time closely examining the budget items than usual. And it was the first time the new city manager compiled the budget on his own."

Alderman Tom Gardner attributed the lack of public concern to the fact that most

Rules based on search and seizure laws

requests were met. "All down the line most appropriations reflected an increase over last

Last year's tax rate of 92.5 cents per \$100 evaluation was continued for next year. Of the 92.5 cent tax, 89 cents supports the general fund and 3.5 cents goes to the new

For a student living in Chapel Hill who has filed for property taxes and claimed a car worth \$2,000, the present tax rate means he will get a bill from the town in October for

The owner of a \$40,000 home in Chapel

Hill will be billed \$370 in property taxes. Of the \$7.7 million, over \$1 million is carried over from projects contracted last year but not completed. This year's budgeted revenues total \$6,706,228, about \$300,000 more than 1973. The major change in the budget was a shift of \$50,000 from sewer

station upgrading to Consumers Utility Corporation, to support the company in acquisition of the University utilities. The board also approved an additional \$321,000 to eliminate the Mason Farm sewage

treatment plant emergency. Salaries for 303 full time town employes were appropriated. Fifty-one of these positions are new, forty-seven of which are for the new bus system.

Cost of living rates were approved for town employes, 10 per cent for those with salaries below \$8,745 and 7.5 per cent for those with salaries above \$8,745.

"I wish we could have raised the salaries of the low level employes more." Lee said. "I would have liked to have seen 12 or 13 per

The sewer rate was also increased by 35 per cent, from 45 to 57 cents per 1,000 gallons of effluent.

The Department of University Housing in conjunction with campus police, plans to revamp the campus room entry procedure to clarify the rights of both students and police to prove the existence of places mentioned in Homer's "Odyssey." July 24. Chapel Hill Public Library. 7:30 p.m. officers in the event of an emergency security

> Dr. James D. Condie, Director of University Housing, preferred not to comment on the new policy until it has been finalized.

Director of University Police T.M. Marvin, who met with the housing staff to discuss the policy, said there would be no real change concerning the actions of policemen.

by Laura Toler

Staff Writer

"The new room entry procedure has been approved by competent legal authorities," Marvin said. "From a law enforcement standpoint, it is something that I agree with."

Examination of dorm inspection procedures has resulted from extensive criticism of the June 16 early-morning search of McIver dorm, in which five women were found with men in their rooms and charged. with violations of housing rules. Two campus police officers and two members of the housing staff conducted the room-byhelp, please call 933-8313 or come by the room check on the grounds that a door of the

Marvin emphasized that any search

involving policemen must be for security reasons only. "If the intent of an inspection is to smoke out housing code violators," he said, "law enforcement officers are not going to be involved. We are not trying to legislate

some type of ethical or moral code." The Campus Governing Council (CGC) officially condemned the search last week, resolving that it was unnecessary for student

University officials responded to the CGC action in defense of their departments.

"I can understand why the students are upset," Marvin said. "This is a classic example of a clash between the residents' right to privacy and the need for a search to protect the safety of the residents."

Marvin has completed his investigation of the matter and is convinced his officers acted in good faith. He said the officers told him they did search public areas of the dorm, but did not realize they were not supposed to look under beds and in closets-hence the need for policy clarification.

He defended the lack of a warrant, saying an emergency situation existed considering the open door and previous complaints from McIver residents about poor dorm security. He explained that a warrant must specify

it is thought to be taking place. "So do you get a warrant for every one of those rooms?" he challenged. "By then it

what type of violation is suspected and where

Room entry procedure to be revamped

Both Marvin and Sandy Ward, assistant director for Residence Life, confirmed that it is standard procedure for housing personnel to accompany University police in any kind of dorm check. Ward said even though the R.A.'s escorted the officers through McIver in search of a criminal, they could not ignore housing code violations they saw in the

"If information of an Honor Court violation comes to the staff members, they are obligated to turn it in," Ward said. "They can't say they're looking at one thing and not at another."

Some McIver residents approved the CGC resolution. "I personally feel the search was nothing more than a bed check," Natalie Sanders said

Others said their welfare really had been threatened and the situation in the dorm had

improved since the search. McIver residents Bridgett Martin and Sabahat Guven said they were continually bothered by men on their hall during first session and that they had complained to the

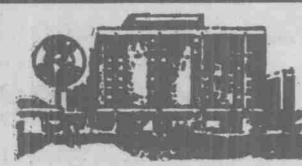

"I was insulted so many times," Bridgett said. "My privacy is invaded when I walk down the hall in my pajamas at four in the morning and some guy says something obscene to me. I went to the bathroom one night and noticed a size 13B shoe in the next

"I thought of calling the police several times," Sabahat said. She disagreed with the CGC recommendation, saying the offenders should be punished
