

PUBLICATION FEE VERY SMALL HERE

Fee for Student Publications is Smallest in State and Below Other Colleges.

According to reports received by the Publications Union board from some of the larger schools in the country, the publications fee of the University of North Carolina is lower than that of many of the other institutions in the country.

The fee for the students of the University of Chicago, probably one of the largest schools in the middle west, is \$11 for the entire year. This sum pays for the yearbook, a comic, a literary magazine published only four times per year, and a newspaper published only four times per week. The fee for the yearbook alone amounts to the same as that paid for all of the publications combined here at the University of North Carolina.

Another report shows that the fee at Columbia University amounts to \$12, more than double the amount paid here. Students at the University of Illinois, where Dr. H. W. Chase will go next year, are required to pay only \$10 for their publications fee.

In comparing the fee paid here with that paid by the students of Harvard University, it is found that the Harvard students pay a little over four times the amount paid by students here. The publication fee there is \$21.50.

Princeton also has a larger fee. The fee for publications for the entire year at Princeton amounts to \$19.50, almost four times that paid here.

Comparing the publications fees in some of the schools in this state, that of the University continues to be lower. Both State College and N. C. C. W. have a fee of \$6, and neither of these schools publishes a daily paper. Davidson's fee is still higher with \$7.

CAFETERIA OPENS SUNDAY MORNING

The repairs at the Welcome In Cafeteria have been finished and the establishment will open tomorrow morning at breakfast.

All students holding old meal tickets are requested to see the new manager, W. E. Trotman, this evening at 5 o'clock in the cafeteria.

Mr. Trotman will manage the new cafeteria while Mrs. Trotman, the old manager, will have charge of the kitchen and menus which will consist of the best food available. A special rate will be put on from now until the end of this quarter under which tickets for \$2.50 will be sold for \$2.

Enlarge District

New Territory Added to Special School Tax Area. The Chapel Hill school district is to be enlarged. Voters decided that Saturday when the ballots were cast at the special election. Included in the new territory taken in is the Coker development, the Pittsboro road development, and several families out toward the Durham road section.

This will mean that many school children are now entitled to the full nine months term who have been charged a special tuition fee in the past, and that the school tax is more equally distributed to everyone living in the district.

143 people registered 99 voted in favor of the enlargement and 4 against it. Both white and colored people voted in the election, and both schools will be benefitted by the territory enlargement.

Morrow's and Wilson's Views

(Continued from page two)

the people are particularly important. Wilson expressly advises "diversified governmental action and adaptation to the widely varying conditions in, and the habits and sentiments of the people of, the several states." Morrow says that the control of the liquor traffic must be "divided between federal and state governments in a way that will recognize the habits and sentiments and moral principles of the people in the different parts of the country."

Identical as are the two pronouncements in their recognition of the fundamental cause of the failure of national prohibition, they are exactly opposite in their final words as to what ought to be done about the eighteenth amendment. "The eighteenth amendment should remain unchanged," says Wilson, while Morrow says: "I see no way of settling the question satisfactorily without a further change in the Constitution."

How can a retention of the eighteenth amendment be reconciled with "diversified governmental action and adaptation to the widely varying habits and sentiments of the people?" Plainly, it cannot be. The very essence of the amendment and the Volstead act is that these measures shall apply uniformly throughout the country, in New York as in Georgia, in New Jersey as in Kansas. Anybody who proposes that the eighteenth amendment and the Volstead act remain unchanged, and that at the same time the enforcement of prohibition be adjusted to the habits and sentiment of the people in various sections of the United States, is simply proposing a form of nullification. Probably Wilson believed that a repeal of the prohibition amendment would be forever impossible and foresaw that there must be some such compromise as now prevails in the South with regard to the fifteenth amendment, which guarantees Negroes the right to vote; a compromise which would be nullification but which had better not be frankly so named. Morrow's proposal for the repeal of the amendment is more straightforward and logical—and less likely to be fulfilled.

L. G.

LOMBARDO WILL PLAY FOR ENTIRE FINAL DANCE SET

Rumor That Famous Orchestra Will Not Play June 10 Is Unfounded Says Yarborough.

"Guy Lombardo and His Royal Canadians will play here for our entire set of finals," stated Will Yarborough, treasurer of the German Club, when asked yesterday if there was any truth to the rumor that the famous orchestra would not play here Tuesday night. "We have a contract with Lombardo and George Race, president of the club, has been assured by both the Music Corporation of America and Lombardo that they will be here. We experienced considerable trouble in getting him for the finals as he is in demand throughout the country, and now that we have him we have no idea of changing the contract."

Rumors current on the campus during the past few days were to the effect that the German Club officials here had released Lombardo from his contract in order to allow him to play at the University of Virginia Tuesday night, June 10. Yarborough said that Virginia dance officials asked if it were possible for the orchestra to remain over for that dance if another orchestra could be secured for the Carolina dances. The request of Virginia was submitted to the German Club Committee. It was decided that in so far as the German Club had been expecting Lombardo it would not be wise to change the contract.

Rates for the dances will be \$6 for members, \$13 for new members, and \$10 for visitors and alumni. The \$1 increase in members' and new members' rates is due to the increased cost of this year's dances. In the past no standard rate has been charged for alumni and visitors' cards, each dance costing \$2. However, this year it was decided to have a standard price for the entire set of \$10. The rates for individual dances for visitors and alumni will remain the same except the evening dances will be \$3 instead of \$2 as in the past.

Entertains Teachers

The Chapel Hill school board entertained all the teachers at an informal banquet at the school building Monday night.

THOMPSON HEADS ENGINEER GROUP

The final meeting of the American Institute of Electrical Engineers, held Thursday night in Phillips Hall, was featured by a lecture by Prof. R. F. Stainback, elections, freshman awards and refreshments.

Prof. Stainback's lecture was upon the "Cathode Oscillograph."

At the meeting Thursday Prof. J. E. Lear, of the school of engineering was re-elected faculty councillor of the society. George Thompson was elected president for next year and James M. Duls, vice-president. C. P. Hayes was made secretary and R. E. Hubbard treasurer.

Sliding-rules were awarded to two outstanding freshmen in the electrical engineering department. These men were J. R. Marvin and W. G. Miller. Refreshments were served after the business session of the meeting.

Howell Revising Code

At the recent Pharmacopoeial Convention in Washington Vernon Howell, dean of the University's school of pharmacy, was appointed a member of the committee of fifty that is to revise the Pharmacopoeia, the official drug code of the United States. He is one of thirty-three of the nation's leading pharmaceutical scientists assigned to the task; the other seventeen members of the committee are physicians.

The Pharmacopoeia is republished every ten years, and the revision is a long and tedious enterprise. The volume on which Mr. Howell is working will bear the date 1940. The preparation is divided among sub-committees, each being entrusted with a certain department of the study of drugs, and Mr. Howell has been appointed to several of these sub-committees.

While he was at the meeting of the Pharmaceutical Association in Baltimore, which preceded the Washington convention, he was a guest of Colonel Isaac Emerson at the celebrated Preakness horse race.

Bingham Debate

The tryouts for the selection of contestants for the Bingham medal from the Phi Assembly will be held next Tuesday night, May 27, in the assembly hall. Those who expect to compete for these positions will be present at the hall at 7:30 that evening.

GREENS TO TAKE OVER 'LANTERN'

Jones Gives It Up because He Is Going to the University of Michigan

ESTABLISHED BY HIBBARD

Howard Mumford Jones must give up "The Literary Lantern," the book-review column published in leading Southern newspapers, because he is to leave the faculty here and go to the University of Michigan. He is turning it over to Mr. and Mrs. Paul Green, and their first column will appear Sunday, June 8.

The "Lantern," which deals with books by Southerners and about the South, is now appearing every Sunday in papers having a total circulation of about 450,000. They are the Durham Herald, the Raleigh News and Observer, the Greensboro News, the Charlotte Observer, the Asheville Citizen, the Wilmington Star, the Norfolk Virginian-Pilot, the Columbia State, the Charleston Evening Post, the Montgomery Advertiser, the Savannah Press, and the Wichita Falls (Tex.) Times.

Addison Hibbard established the "Lantern" in 1924. Like all syndicated features it had a modest beginning, being published for several months only in four or five papers. Among the first to take it were the Greensboro News, the Norfolk Virginian-Pilot, the Columbia State, and the Charlotte Observer. It grew steadily in the esteem of editors, and gradually other papers were added to the list. The pressure of other duties compelled Mr. Hibbard to give it up after about three years. Raymond Adams ran it for a few months, and then it passed on to Mr. Jones.

DAILY TAR HEEL WINS APPROVAL

(Continued from first page)

Dr. Alexander, who delivered the Weil Lectures here, is also among those who have asked for back-numbers of the Tar Heel. He, too, praised the paper for its fine work, and stated that he had not seen such in any other college paper.

H. F. Comer, general secretary of the local Y, was also very complimentary of the Daily Tar Heel. He stated that throughout the entire year the editorial page of the paper had been one of the strongest in thoughtful, logical treatment of subjects as any editorial section that he had ever read in a college paper. "I am very well pleased," he continued, "with the whole tone of the paper, and I think that making the paper a daily was one of the biggest advancements that has been made on the campus in sometime."

Besides these numerous requests that come in, copies of the paper go daily all over the United States. One copy even goes as far as France, and a second is sent regularly to a subscriber in Oxford University, England.

Other copies of the paper are mailed to Boston, Schenectady, Long Island, Philadelphia, and one as far as Montreal, Canada. There are also subscribers for the paper in Brigham Young University in Provo, Utah; University of Denver, Denver, Col.; University of Montana; University of Washington, Seattle, Wash. Several other copies are sent to subscribers in Michigan, Illinois, and other states in the Middle West.

Cobb Entertains Visitors

Dr. Frank J. Wright, professor of geology in Dennison University, Granville, Ohio, made a visit to Dr. Collier Cobb, head of the department of geology, on Tuesday and Wednesday.

UNDEFEATED NET MEN CLAIM TITLE

The undefeated Tar Heel racquet wielders are the strongest claimants to the Southern team tennis title. The University of North Carolina team, playing a 15-match schedule, 10 of which matches were against Conference opponents, won 14, lost none, and was tied only by Tulane, who would play the Tar Heels only on condition that they use a four-man team. No other Southern team could show such an impressive record as Coach John Kenfield's squad.

In addition to winning all matches, the Tar Heel team captured both singles and doubles titles in the North Carolina College tourney, Hinkey Hendlin winning the singles and pairing with Phil Liskin to win the doubles.

Members of the team are: Ed Graham and Captain Bill Merritt of Chapel Hill; Julian Palmore, College Park, Md.; Henry Baggs, Washington, D. C.; Hinkey Hendlin, New York City; Herbert Browne, Nashville, Tenn.; and Phil Liskin, New Rochelle, N. Y.

TAR BABY NINE SENDS UP GOOD VARSITY PROSPECTS

After a successful season which netted 12 victories to 5 losses, the Carolina freshman baseball team has ended its career as a freshman team and has graduated a number of good prospects up to the varsity for next year.

Lewis Riggs, shortstop, led the batting for the season with six home runs, followed by Lewis Whitehead, with five. Both are counted good varsity prospects. John Daniel and James Dixon form a fast, hard-hitting pair of fly-hawks to team with Whitehead, while "Smokie" Ferebee has looked good at second all season.

Several of the freshman mound staff are well above the freshman average, and should be a big help to Coach Jim Ashmore when he begins to groom the varsity next year. James Griffith, Sam Scarboro, John McNeill and Stuart Chandler are the best prospects. John Peacock, a clever, hard-working catcher and a good hitter, is the best of the backstops coming up.

New City License Plates On Sale at Town Office

The 1930 Chapel Hill license plates are now on sale at the town office.

These licenses run from June the first to January the first instead of a whole year as was the case heretofore. The reason for this change is so that the town plate will run along with the state license, and thus it will be more convenient for car owners to put both licenses on at the same time.

The cost of these plates is 60 cents for the seven months. The usual cost for the licenses was one dollar.

Visitors from South Africa

Mr. and Mrs. M. Boehmke of Oudtshoorn, Cape Province, South Africa, were in Chapel Hill last Saturday. Mr. Boehmke is president of a teachers' college in his native land, and he came to America to make a survey of educational conditions under the auspices of the Carnegie Corporation.

School Commencement

Exercises Begin with Baccalaureate Sermon Sunday Night, June 1

Commencement exercises of the Chapel Hill high school will begin Sunday night, June 1, when Rev. Eugene Olive preaches the baccalaureate sermon to the graduating class, in the Baptist church.

On Monday night at half-past eight the seniors will have a party in the Methodist church social rooms. Tuesday night, June 3, is the time of the senior play and the annual class day exercises. The play this year is a one-act presentation, entitled "Grandma Pulls the String."

Diplomas will be presented to the graduates Wednesday night, after an address by Rev. C. Excell Rozzelle.

The seniors this year are Margaret Bennett, Mildred Bennett, Margaret Beam, Betty Durham, Annie Fowler, Pauline Freeland, Mamie Harwood, Marina Henry, Nancy Leigh, Elizabeth Raney, Maria Strowd, Penelope Wilson, Nancy Woods, Elizabeth Remsen, Eleanor Williams, and George Koch, Grady Durham, Eugene Odum, Ledford Simmons, Andy Williams, and Claude Council.

PLAYMAKERS CUT CAPERS TONIGHT

(Continued from page one)

"Playmakers Back From Broadway," a new tragedy. Characters: Helen Dortch and Pendleton Harrison.

"Behind 'The Balcony Scene'" by Anthony Buttitta. Characters: Edith Mangum as Juliet; Holmes Bryson as Romeo.

"Three Dances," tap; acrobatic waltz; waltz clog. By Ethel Hood and John Parker.

"The Devil You Say!" (An Expressionistic Folk Play) by Kent Creuser. Characters: Jim, Kent Creuser; Pete, Joe Fox; J. C., Charlie Taylor; The Old Man, Billy Arthur.

The committee in charge of the Caper consists of Milt Wood, chairman, Margaret Vale, Mary Marshall Dunlap, Grace Williams, Helen Dortch, Kent Creuser, Eveland Davies, Pendleton Harrison, and Anthony Buttitta.

LOST

Lost—Bull terrier, white with brown spots. Last seen in Kenan stadium Thursday during dancers' entertainment. Reward. See F. F. Bradshaw, phone 5951.
