

Coach Shepard Shifts Squad In Effort To Revive Punch

Aitken, Chandler, Glace, Henry, And Brandt Work in New Phantom Combination.

NEW TEAM LOOKS GOOD

Runs Wild Against Scrub Opposition in Workout Yesterday; McCachren Is Injured.

Determined to revive the high scoring punch the Phantoms displayed earlier in the season, Coach Bo Shepard shifted his squad around yesterday and struck a combination which ran wild against the scrubs by a score of 33-1.

This new machine had Aitken and Chandler at forward, Glace, center, with Stud Henry, and Brandt at guard. Vergil Weathers was used at one of the guards on this team for a part of the workout. This red club ran wild against various scrub combinations and showed the scoring punch that the varsity five had in early games but which has been sadly lacking in the last six games.

Coach Shepard made no indication that this new team was permanent, he is set on finding a team that will get off to a fast start and then play steady ball. He had such a club before the first Duke battle but since then, through five straight tilts, it has only jumped to an early advantage in one, that against Washington and Lee.

McCachren Out With Injury

Dave McCachren injured his thumb in the Duke fracas and was not used at all in the session yesterday. If this new Phantom five remains intact through this week, the possibilities are that McCachren will be seen at guard with Brandt, with Henry being held in reserve.

Captain Hines scored the only point for the green team in the fast scrimmage yesterday and that was on a foul Glace committed late in the workout. Stuart Chandler looked especially good at forward.

TRACK MENTORS INITIATE FORMAL INDOOR PRACTICE

Freshman and Varsity Squads Start Work Tonight for Indoor Meet.

Coaches Fetzner and Ranson, Carolina track mentors, will formally open their indoor track work-outs for tonight, priming their charges for the coming Southern Conference meet which is scheduled for March 4, here. The Tar Heels' coaches are requesting that all men out for either varsity or freshman track report for their work-outs tonight at 9:00 o'clock in the Tin Can.

From now the combined track clubs will take their daily work-outs on the "boards" in the Tin Can. With the culmination of basketball season within the next few weeks, the teams will have the big tin gymnasium all to themselves and will be able to use the regular track.

Already Coach Bob Fetzner is parading his starting blocks out for the indoor sprint candidates. The corners for the distances will soon be put in position. The jumping pit is open now and all men who are aspiring for positions on the track team are asked to report for the early drills. The hurdlers have been taking daily work-outs on the wrestling mat with a single hurdle. Several promising men have come out and have bolstered the already strong number of hurdlers in the Tar Heel camp.

TWO UNDEFEATED TEAMS CONTINUE UNMARRED MARCH

S. A. E. and Old East Stop Sigma Phi Sigma and Crescent Cafeteria in Only Games.

Only two games were contested yesterday in the intramural basketball campaign. The schedule had been abbreviated to four games and was further reduced when two of the contests were forfeited. In the games which were actually played two undefeated quintets, Old East and Sigma Alpha Epsilon, won to keep their season's records perfect.

Old East's triumph was over the Crescent Cafeteria five, 50-17. The winners were bringing their season to a triumphant close with eight wins to their credit in as many attempts. The losers also wound up their campaign, finishing up their first year in the race with a record of four victories and four defeats.

Fox brought his efforts to gain the individual scoring honors in the two leagues to a close with a fifteen points contribution to the Old East total. This made his season's total 121, fif-

The freshmen will receive special attention this week since they will meet the Oak Ridge Cadets here, Saturday, and then next Thursday, February 23, they are carded tentatively to meet the Davidson freshmen.

BOXERS BEATEN FOR FIRST TIME DURING SEASON

Oak Ridge Cadets Conquer Freshman Mittmen by Close 5-3 Count.

A powerful Penn State boxing team opened its season Saturday night at State College, Pa., and handed the Carolina boxers their first defeat of the season before a huge crowd. The score was 5 1/2-2 1/2 and the Staters had anything but an easy time, every fight going the limit to a very close decision.

The eastern intercollegiate rules do not provide for an extra round when the decision is a draw at the end of the three regulation rounds, so when the fighters are declared even by the referee after the third, the point is split, each team getting half. Sam Giddins as a 155-pounder figured in the only draw of the meet and it was in his fight that the score ended in the fraction. Many present thought that Sam had a shade, but the referee saw nothing better than a dead heat so it ended that way.

ILLUSION:

Josie, the lovely trapeze artist, stands upon a small platform. At the will of the magician she leaps twenty feet into the air to reach her trapeze. She uses no ropes, no ladder! A phenomenal leap for a woman... or a man!

EXPLANATION:

Josie didn't jump... she was sprung! The twenty-foot leap is not dependent on Josie's ability, but on a powerful spring mechanism hidden beneath the stage which propels the artist upward through the air. The force is so violent that the lady wears a light steel jacket which protects her from injury as she starts her astonishing leap.

IT'S FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW

Magic has its place...but not in cigarette advertising.

Consider the illusion that there is a mysterious way to give cigarettes a superior "flavor."

EXPLANATION: Cigarette flavor can be controlled by adding artificial flavorings. By blending. And by the quality of tobaccos used.

Cheap, raw tobaccos can be "built up" or "fortified" by the lavish use of artificial flavorings.

Such magic, however, seldom holds the audience. Your taste finally tells you the truth.

The cigarette flavor that never stales, never varies, never loses its fresh appeal, comes from mild, ripe, fragrant, more expensive tobaccos...blended to bring out the full, round flavor of each type of leaf. It's the quality of the tobacco that counts!

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Because Camel actually pays millions more every year for choice tobaccos, you find in Camels an appealing mildness, a better flavor.

And Camels taste cooler because the welded Humidor Pack of three-ply, MOISTURE-PROOF cellophane keeps them fresh.

NO TRICKS ..JUST COSTLIER TOBACCOS IN A MATCHLESS BLEND
