Entrants to Be Entertained Here.

Approximately 350 entrants in the various competitions to take place during the annual high school week will arrive in Chapel Hill beginning Wednesday, April 12. E. R. Rankin, director of the high school division of the University extension department, has turned the matter of finding lodging for these entrants over to the freshman friendship council.

Beginning this morning, list of the schools and contestants entered from these schools will be posted in the lobby of the Y. M. C. A. There will also be a registration desk at which any student who is willing to share his room with one or more of the entrants may sign his name and address. Students may pick any contestant they prefer to room with them during the high school week The student body is requested to help furnish lodging only since the entrants will provide their own meals. Not later than Monday night members of the freshman friendship council will visit the occupants of both the dormitory and fraternity rooms in order to give everyone an opportunity to indicate whether or not they are willing to help lodge the entrants. Events of the annual high school week include the interscholastic tennis tournament, the interscholastic track meet, and the debate finals for the Aycock Memorial cup. Teams from Chapel Hill, Hickory, Plymouth, Raleigh, Wake Forest, Washington, Winston-Salem, High Point, and Henderson are entered in the tennis tournament. These boys will arrive at 4:00 o'clock Wednesday afternoon. In the interscholastic track meet Charlotte, Ayden, High Point, Old Town, Wake Forest, Westfield, and Winston-Salem have entered teams. Fifty-four high schools in the state have reached the finals of the debating contest and each will send a team of four students, composed of both boys and girls. Every student who can possibly find room to lodge one or more of these entrants is urged to sign up at the registration desk in the 'Y' and to indicate his choice.
