Institute Of Government Given \$50,000 To Use Three Years

Program Arranged for Study of Structure and Workings of State Government.

ROOSEVELT PRAISES PLAN
Necessity for Annual Contributions to Movement Stressed By the Guarantors.

A guarantee of \$50,000 to carry forward over a period of three years the unique and distinctive program of the Institute of Government for systematic, comparative study of the structure and workings of government in the cities, counties, and state of North Carolina, was announced by Albert Coates, director of the institute.

The state board of advisers, consisting of the official leaders of all groups of city, county, state, and federal officials and representative groups of private citizens in North Carolina, unanimously accepted the terms of the gift, which was made by a group of North Carolina citizens whose names were withheld by request, Coates said. The program has already been launched along the three lines of tax administration, accounting methods, and practices in governmental units, and administration of justice in the courts. Other phases of the program will be inaugurated from time to time.

Program Already Begun
Five full-time members of the staff of the Institute of Government have been secured, he announced. Three of these are already at work. Two others will join the staff as soon as they can terminate their present connections. Formal announcement of the present members of the staff is expected at the meeting of the state board of advisers to be called in the near future to consider questions of policy and program and to select a board of trustees to administer the fund. Assistant Attorney General A. (Continued on last page)

EIGHT PAIRS LEFT IN BRIDGE MATCH

Quarter-Finals Reached in Tournament Yesterday as Play Continues.

Only three matches were played off yesterday in the Stetson "D" contract bridge tournament as four teams drew byes. There are four matches scheduled for today.

A set of cards with their backs decorated by a picture of the Old Well was donated to the team making the highest score on the first day by the Durham Book and Stationery store. This was won by H. Farr and W. Logan, of Smith building, who defeated Page and Woerner, of THE DAILY TAR HEEL, by a score of 8,720 to 2,400 in a match that took almost four hours.

The quarter-finals will be played today. They will be at duplicate bridge if the participants desire, but otherwise may be played off in the regular way. The finals will be played off Friday in the Stetson "D" store.

Yesterday J. Jones and J. Hunt, Sigma Nu, defeated D. Mosier and H. Maffitt, Phi Delta Theta; J. Hudson and Don Tracy, Chi Phi, met H. Farr and W. Logan, Smith; Ed Michaels and Lindy Cate, Sigma Chi, opposed W. Sadler and Walter Carson, S. A. E.

T. B. P. SOCIETY TO TAP NEW MEN

Honorary Engineering Group Will Choose New Members Thursday.

A joint meeting of all the engineering societies will be held Thursday night at 7:30 in room 206 Phillips hall. At this time the annual fall tapping of Tau Beta Pi, national honorary engineering society, will take place.

Dr. H. G. Baity, state engineer examiner of the National Recovery Administration, will speak on the work of the NRA in connection with the distribution of funds in non-federal construction projects.

The aim of Tau Beta Pi is to mark in a fitting manner those who have excelled in scholarship and character, and to foster a spirit of liberal culture in the engineering schools of America.

The tapping is the major event of the engineering school during the fall quarter and every engineering student is urged to attend. The general public is also cordially invited.

ADVISORY GROUP TENDERS REPORT TO THE FACULTY

No Definite Action Taken at Meeting; Will Meet Later For More Discussion.

Meeting to discuss the proposition of making a sharper distinction between the first two years of undergraduate college work and the last two years, the University faculty gathered yesterday in the first of a series of discussion sessions on educational policies. No definite action was taken on the matter.

This proposal of drawing a sharper line between the first two years of work and the last two years grew out of the preliminary work of committees appointed by the University officials to make studies of the best educational policies. The suggestions of this committee, after being sifted out by a central committee, was considered by the advisory group and was discussed by the faculty yesterday.

Other meetings of the faculty will be called during the year to study further plans and changes in the University educational system brought up by the committees. Definite action on the proposals brought up before the University officials may or may not be taken, depending upon the views of the faculty and committees.

A standing committee to study educational policies has been functioning for a long time. This committee has, for the past 12 months, stressed the need for several changes in the University educational program. Special committees have been appointed to study different problems. Suggestions proposed are passed on by a central committee and advisory group and are then referred to the faculty.

EXAM ANNOUNCEMENT

Comprehensive examinations for the fall quarter will be given Saturday, November 25, it was announced yesterday. The time and place of the examinations will be announced by the various University departments.

BUSINESS OFFICE NEEDS ADDRESSES OF ALL STUDENTS

Buccaneers Cannot Be Distributed Until Addresses Are Ascertained By Circulation Manager.

All those students who are not receiving their copies of THE DAILY TAR HEEL must turn in their complaints at the business office of the publication in Graham Memorial or to Ralfo Farlow, circulation manager. The Carolina Buccaneer is coming out Friday and all the students' addresses must be correct in order that they receive their copies.

The following students' addresses are not on THE TAR HEEL records or in the student directory. They will turn in their addresses as soon as possible. G. M. Yoder, Charles McIves, R. H. Klingman, W. T. Hall, D. J. Grantham, G. M. Galanas, E. O. Huffman, R. E. Bullard, Carl Pigman, W. F. Stranpou, Harriet Taylor, C. P. Cameron, J. L. Carlton, H. P. Smith, I. D. Lickerman, W. S. Rosenthal, R. D. Buck, M. J. Skibik, Mary Frances Parker, R. M. Stewart, O'Henry Lyon, Jr., and Frances Burney Shamburger.

MURCHISON TO SPEAK

Dr. C. T. Murchison will speak to the general economics seminar tonight at 7:30 in 113 Bingham hall. The topic will be the new measures of financial control relating to the National Recovery program.

Interviewer Finds Student Body In Favor Of Mid-Term Change

Sophomores To Meet At Assembly Today

Assembly for the sophomores, featuring a class meeting led by President Morty Ellisberg, will be held this morning at 10:30 o'clock in Gerrard hall, it was announced yesterday by the sophomore assembly committee.

Elections of dance leaders for the sophomore hop will take place during the assembly. Five leaders will be chosen for this dance, which is tentatively scheduled for Friday, October 27, the evening before the Georgia Tech game.

Seats have been assigned to sophomores and they will be required to attend assemblies each Wednesday. Only one cut will be allowed a quarter. Rows lettered R, S, and T will be found in the balcony.

Pete Ivey Addresses Freshman Assembly

Pete Ivey, editor of the Carolina Buccaneer, made a short talk to the freshmen at assembly yesterday morning.

After briefly describing the kind of work done on the comic magazine, he asked all students with witty propensities to try out for the Buccaneer. He stated that there was already a large staff, but that there was room for competent writers.

The first issue of the Buccaneer is to be a football number. In a brief, humorous description of the game, Ivey gave the students an idea of the satirical type of wit that would make up the magazine.

OLD EAST SMOKER

Old East dorm will have a smoker tonight in 214 Graham Memorial at 9:00 o'clock.

FIRST BUCCANEER OF FALL QUARTER DUE THIS FRIDAY

Initial Copy of Humorous Publication Will Be Football Issue, States Pete Ivey.

Owing to difficulties in getting advertisements placed for an early issue and in having the magazine printed in Durham, the release date of the opening number of the Carolina Buccaneer has been postponed to Friday, Editor Pete Ivey announced yesterday.

The publication date had been previously set as last Sunday, a week ahead of the usual date, and copy was turned in to the printer on schedule, but other factors prevented the release of the magazine on time.

"It was thought at one time that the football number would be out ahead of the publication date," said Ivey. "Therefore an announcement appeared that it would be out October 15; but due to these difficulties, the date has been shifted to October 20."

Ivey also announced that all students wishing to try out for positions on the Buccaneer staff will be given an opportunity to do so tomorrow night at 7:15 o'clock at the office in Graham Memorial.

YACKETY YACK STAFF

The business staff of the Yackety Yack will meet this afternoon at 2:00 o'clock in 207 Graham Memorial. All members of the staff must attend.

Class Presidents and Other Leaders Express Eagerness For Alteration of System.

Interviews with campus leaders and other students indicate an overwhelming sentiment in support of THE DAILY TAR HEEL plan to relieve confusion and disaster at mid-term examinations. Virtually every student who the feature board representative questioned expressed himself in favor of taking the mid-terms on specified days. All revealed a deep resentment and dissatisfaction with the existing state of affairs and hoped for immediate solution to the vexing problem. Statements of various students interviewed are as follows:

Haywod Weeks, former president of student body: "I think that such a schedule for mid-terms as has been suggested is the only fair means of determining a student's standing on a course. If his work is crowded up into taking as many as two or three mid-term examinations on the same day, he is not able to give a fair account of himself. I believe that a plan should be worked, if it is possible, whereby a student can take his exams somewhat in the same manner that he takes his finals. A fair estimate of the student's knowledge of the course at mid-term cannot be gained if he is required to take two examinations in a day and in addition also attend his other classes."

Alex Andrews, vice-president of Phi Beta Kappa: "If the faculty wishes to obtain a really accurate estimate of a person's standing at mid-term, it seems only fair that the student be given adequate warning and

Mid-Term Examination Plan Being Considered, Says Dean

TRABUE TALKS ON UNEMPLOYMENT

Educator Will Speak After Making Intensive Study of Factors.

Dr. M. R. Trabue of the University department of education will present a lecture on "The Contributions of Ignorance to Unemployment" tonight at 8:00 o'clock in 201 Peabody building.

As executive secretary of the Committee on Individual Diagnosis and Training, Dr. Trabue directed for two and a half years investigations of the human and personal factors that contribute to unemployment in the northwest.

These studies were a part of the program of the Employment Stabilization Research Institute of the University of Minnesota. The research involved comprehensive studies of a large sampling of the unemployed population.

In the course of the study, a number conducted the retraining of jobless persons for other types of work than they had done before the depression.

AUDIT BOARD TO HEAR PROPOSALS FOR BOOKKEEPING

Accounts of Nine Campus Organizations Expected to Be Presented at Meeting.

The Student Audit board will meet this afternoon at 3:00 o'clock in the student government office in Graham Memorial.

Robret H. Sherrill, auditor for the organization, will appear before the board to make proposals for the installation of a new system of bookkeeping and the matter of employing a bookkeeper.

There will be a discussion of suggestions concerning payment and office hours for the bookkeeper and the change in the location of the office.

It is expected that Sherrill will submit today financial reports for four campus organizations whose audits are reviewed by the board.

Last spring Sherrill turned in reports for 14 campus groups whose fiscal years ended April 30, 1933. The reports to be submitted today will be those for organizations whose fiscal periods ended during the past summer.

The four organizations whose audits must be reviewed by the board are:

The Publications Union (comprising separate reports for THE DAILY TAR HEEL, the Buccaneer, the Magazine, and the Yackety Yack), the Athletic association, Graham Memorial, and the Student Entertainment Committee.

Several other organizations have voluntarily come under the audit board, and it is not required that their audits be made public. Reports for the other groups will be published in THE DAILY TAR HEEL after they have been approved.

COMMERCE FROSH MEET

The commerce school freshmen meeting with Dean D. D. Carroll in Bingham hall is the only meeting of freshmen with their deans scheduled for today.

Bradshaw Believes That It Is Too Late for Any Action This Quarter.

SHOULD AVOID CONFLICTS
Thinks Best Method Would Be Schedule Running Over a Period of One Week.

"Although it is too late to take any action this quarter," stated Dean F. F. Bradshaw in an announcement in the freshman assembly yesterday "the plan suggested in THE DAILY TAR HEEL for having a definite schedule for mid-term examinations has been taken into consideration."

The dean of students said that the suggestions from the students had been considered too late by the University officials to go into effect this quarter.

Mid-Term Reports Advisable

"I believe that continuing the issuing of mid-term reports at the end of four weeks of school is advisable," Dean Bradshaw had previously stated. "But if there are conflicts among mid-term quizzes, the conflicts should be avoided by announcing the tests sufficiently ahead of time and by giving the examinations one a day — 8:30's, 9:30's, 11:00's, and 12:00's—covering a period of about a week, without interrupting the regular program of classwork."

In a talk previous to the assembly program, the dean of students stated that the idea of setting aside two special days for quizzes alone was not the best method of solving the problem. Instead he advocated a plan of letting regular class work continue while the examinations were being taken. Freshmen having conflicts to this plan could take their English or history on Saturdays, he said.

LORING TO SPEAK ON INDIAN SONGS

Pianist and Singer Will Give Account of History of Indian Lore Tonight.

Harold Loring, famous pianist and lecturer, will present his musical lecture, "The Indian in Song and Story," tonight at 8:30 o'clock in Memorial hall. The program is an interesting and vivid picture of the Indian as few people know him.

An analysis of the part each song played in the tribal life of the red race will feature the program. No effort will be made to idealize the songs, but Loring will rather seek to present them in all their crudity, exactly as the Indians felt and sang them. In addition to his own piano transcriptions, the musician will tell of the many ceremonial dances and their significance to the native Americans.

Loring has spent many years on Indian reservations in the northwest recording these melodies, stories, and legends of the race. He not only speaks the Sioux tongue but demonstrates the sign language of the tribe. He is a capable pianist, having appeared before many schools in this country and having broadcast over national networks.

This program is the second in the series of student entertainments. All students who do not hold pass books may obtain tickets at the box-office.
