REGALIA CHOSEN FOR SENIOR WEEK

White Pullover Sweaters with Letters NC on Bottom Front To Be Worn May 21-26.

White terry cloth pullover jackets with the letters NC on the bottom front were selected as the regalia for senior week by the senior week committee at a meeting Sunday night.

The regalia, as is the tradition of the senior classes here, will be worn during senior week, which has been designated by the committee as May 21 through May 26.

Mr. Wise and Mr. Woods, representatives of the Arcraft Novelty company of Grand Rapids, Michigan, from whom the jackets are being purchased, will be in the lobby of the Y. M. C. A. today and tomorrow from 10:00 to 12:00 o'clock in the morning, 1:30 to 2:30 o'clock and 5:00 to 6:00 o'clock in the afternoon, and 7:00 to 8:00 o'clock in the evening to take measurements and orders. The price of the jackets is \$1.25 plus postage. A deposit of fifty cents will be required when the order is placed, the rest to be paid when the jacket is delivered COD to the individual.

Members of the committee pointed out that the jackets can be worn as regular sweaters and that the purchase will not be impractical. Last year sleeveless woolen sweaters were chosen and in 1932 seniors wore beer suits.

Other tentative plans were discussed and information concerning them will be released by the committee later. Members of the committee are: Bernard Solomon, chairman, Cornelius Bretsch, Julian Frankel, James Temple, Claiborn Carr, and Forney Rankin.

ARMAMENT TO BE LEAGUE'S TOPIC

Student Foreign Policy League Will Meet Tonight to Discuss World Disarmament.

The Student Foreign Policy league will meet tonight at 9:00 o'clock in Graham Memorial for the purpose of further discussion and consideration of the world disarmament problem.

The organization is interested in the disarmament conference which is to re-assemble in Geneva May 29 and which will be in the nature of a continuation of the conference which met from February 2, 1932, to July 11, 1932. The attention of the league is especially drawn to the subject because of the hesitancy on the part of some of the governments participating to take up again the work of the 1932 conference.

Norman Davis, United States ambassador at large in Europe and chief disarmament delegate, has given the president a somewhat pessimistic view of the progress of disarmament, saying, however, that no nation wants war. The Foreign Policy league is interested in encouraging this world disarmament in so far as it is possible for it to do so. It will take a position on the question as to whether the United States government should or should not energetically push the work of this conference.

The league will attempt to gain the co-operation of other organizations interested in such matters in North Carolina and will make efforts to bring their views before President Roosevelt, the secretary of state, and the members of the North Carolina delegation in congress, both senators and representatives.

An invitation to attend and take part in the discussions and decisions of the organization has been extended to all students interested in the liberal discussion of foreign policy and who would like to see student opinion carry weight with the officials of the government.
