

CHAPEL HILL HIGH TO GIVE OPERETTA FOR SECOND TIME

"Miss Cherryblossom" to Be Presented Tonight at 8:00.

"Miss Cherryblossom," an operetta in three acts, will be presented for the second time by Chapel Hill high school students tonight at 8:00 o'clock in the high school auditorium.

The repeat performance was made necessary by the bad weather conditions which prevailed at the time of the first performance. The first presentation took place April 11.

The scene is laid in a tea garden in Tokyo. The cast includes Jean Breckenridge as Cherryblossom; D. D. Carroll, Jr. as Kokemo; Cecil Ernest as John Henry Smith; Ned Hamilton as Henry Foster Jones; Billy Henderson as Horace Worthington; Herman Lloyd as James Young; Ann Bagby as Jessica Vanderpool; Billy Seawell as Togo, a chorus of 12 Geisha girls, and a chorus of 24 American boys and girls.

The operetta is under the direction of Juanita Huneycutt and B. W. Davis. Admission is 10 cents for school children and 25 cents for others.

Janitor Quakes As Body Suddenly Rises

dat wuz just his style of sleepin', but hit war' a terrible bad way, wid a knife restin' on his breast."

The janitor was greatly relieved when Lewis informed him that the thing in the bed was neither his own dead body nor a stiff from the medical building, but was a death mask, made by Walter Patterson and made up in life colors by Lewis himself. This is the first time, as far as is known, that this has ever been done.

Lewis' Idea

The idea was that of Lewis, who is in charge of the make-up department of the Carolina Playmakers. Last week Patterson, University organist, made the mask of plaster of Paris, by a secret process known to few besides undertakers. The night before last Lewis, using a mirror and eight different shades of color of the regular theatre make-up, worked until he had perfect resemblance of himself, a death mask come to life.

Yesterday morning he put the mask on his own pillow, in the gruesome manner described by Tom, with pillows and shoes arranged to give a stiff and death-like effect. The shades were drawn, a knife was stuck in a piece of cardboard on his chest, with accompanying inscription: DRIVE HIM FAST TO HIS TOMB. This literary allusion, however, escaped the worthy colored gentleman's attention in his fright. The cause of Tom's terror as he came to clean up was "Mistuh Dave" and "Mistuh Dave" alone.

Since the discovery at 11:30 o'clock that morning the enlightened janitor has shown to hordes of pilgrims his thrilling find. When his friends point out that he was shaking with fright, he merely excuses himself with something to the effect that "Tom 'as a cold."

Lewis also senses the weirdness of the affair, of having his "twin" in his bed with a knife through his heart.

"I'm not superstitious, or morbid, or a believer in ghosts," he says, "but I really feel as if I were 'flirting with death.' I feel as if people were coming to pay their last respects before burial when they come to stare at my effigy there in bed. When they talk about it, I feel like a ghost at my own funeral."

Johnny Goodman is the man America is placing most of her hopes on. In the second round, he defeated Captain G. A. Rusk of St. Andrews, 5 and 4, and in the third round, Sean Burke, the Irish champion, 4 and 3.

If McLean, therefore, can be defeated, it ought to be a clear course to the championship for either Goodman or Dunlap, but the matches have been so close thus far that the championship will probably not be decided until the last hole.

Student Wins Award

J. B. Crutchfield, University student, was recently awarded the scholarship of \$50 offered by the American Institute of Chemical Engineering.

The scholarship is applicable to his fees at the University. Crutchfield, a senior next year, also received the scholarship offered last year.

it has assuaged and the social disruptions which it has undoubtedly served to avert. But, there is the suggestion that the erection of bronze tablets at any or all projects be the final detail, that completion be definite, positive and visible to the naked eye before self-laudatory messages be transcribed for posterity.

For instance, that Raleigh airport is not, even now, serving the capital city any great practical purpose. Due to inadequate lighting equipment, night service is impossible. In fact, mail and passenger planes generally have been held up while reconstruction was under way. When funds gave out and uncertainty characterized the metamorphosis from CWA or FERA, it appeared for a time that Raleigh's all-weather airport, still far from that, would be left a permanent mudhole which might be of service only to amphibians. The same went for Woman's College golf course here. Just at the critical stage, it was abandoned, left for erosion to undo much of the work that had been done while builders and the public alike wondered about further allotments and completion. What a monument to the CWA it would have been in its washboard condition.

Bronze markers for relief projects? It's o. k. by us. But let's see that they are absolutely finished first so as not to stand as memorials to mismanagement, waste, inordinancy and downright dampoolery.—Greensboro Daily News.

The Wheel Turns

GOOD news for the classics department! Worried and haggard, the members of this division, seeing that their courses are apparently going into the discard, can take hope with the discovery of a faithful disciple. The Raleigh News and Observer reported yesterday that since Sunday night, Florence Crane Robinson of Chicago "has maintained virgil" by the side of her bridegroom.

The Sunny Side

THE SIGHT of so many sunbathers around the campus gave up an intriguing thought the other day: perhaps the University is becoming one of the centers of nudism in America. Happy at the thought, we inaugurated a personal investigation to ascertain the number of students who would like to become members of a nudist colony. But the first answer smashed our survey; the interviewee, shaking his head scornfully, said: "Not me. The best you can expect from nudism is a bare existence."

Accounting Test Today

Examinations for the Carbis Walker accounting award will be given today and tomorrow afternoon at 3:00 o'clock in Bingham hall. Three examinations will be given, and the student who receives the highest average in the three tests will be awarded \$50 in cash.
