# LOBBY OPPOSES FOREIGN STUDENT TUITION RAISE

### Several Raleigh Lawmakers Favor Such An Increase

A statement interpreted by some as opposing increasing the differential in tnition rates between state and out-ofstate students was issued yesterday by John Rankin, head of the University student lobby, following expressions by several legislators that they were in favor of a boost for non-residents, while not in favor of an increase for

#### STATEMENT

Rankin's statement said that the University's percentage of foreign enrollment is considerably lower than that of some surrounding schools, and argued that contact with students from other sections and states has educational values.

The complete disclosure follows:

"The student lobby of the University of North Carolina in regard to out-ofstate students issue the following state-

Carolina boys from contact with students from other states and sections, and the practice of inter-state reciprocity involved in the very idea of the federal union, necessitates the following information.

"1-.That the wise selective policy of our three institutions in admitting out-of-state students embodies first that the student must be in the upper 50 percent of his graduating class. Interviews by faculty-alumni committees and other personal interview required. Also, a \$100,000 out-of-state

#### AMERICAN LIFE

In an effort to replace the borrowed, sterotyped European form of ballet, Lincoln Kirstein, founder and director of the company, has concentrated on reproducing in the dance the gayety, vitality, and virility of American life.

"Yankee Clipper," "Billy the Kid," and "Filling Station" are the troupe's most successful American numbers. Eugene Loring received for his composition, "Yankee Clipper," Stage's award for the finest choreographic work of the past year. In it he tells the story of a boy's voyage around the Cape on a sailing vessel. Loring, himself, dances the leading role. The music was composed by Paul Bowles, who describes, through his compositions, the countries encountered on the voyage.

"Filling Station," the Ballet Caravan's first great contemporary hit, has music composed by Virgil Thomson, who wrote the musical score for Gertrude Stein's "Four Saints in Three Acts," Leslie Howard's production of "Hamlet," and for Tallulah Bankhead's "Anthony and Cleopatra." Paul Cadmus, the young artist whose panel, "The Fleet Is In," caused a minor art crisis in Naval circles a few years ago,

The dancing of Marie Jeanne, preson of Frank R. McNinch, chairman miere ballerina of the troupe, has been recognized by critics as "noble." "frank," "open," "clear as crystal," and "the real American style of dancing." She is the first American to rise to preeminence as a ballerina in a century. Miss Jeanne has been called an "American version of Danielle Darrieux, young and straight forward."
