# UP Enters Fairley For Vice - Presidency

## CPU Will Broadcast "Town Meeting Of The Air"

### NEW CANDIDATE IS NOW JUNIOR COUNCIL MEMBER

**Nominee Is Third To Enter Current Political Struggle**

By DONALD BISHOP

The University party last night made its second announcement of the current political season by placing the name of Jack Fairley on the ticket for vice-presidency of the student body. The junior class student council representative immediately accepted.

Fairley's running mate will be Jim Davis, junior class vice-president and track star, who was announced for the presidency by both the University and Student parties several weeks ago. Bill Pearson, Everett dormitory president, is in the field as an independent against Davis.

"As a candidate for the student body vice-presidency, I favor a more complete orientation of freshmen as regards the honor system and the campus code," the candidate asserted. He did not enter this as the substance of a platform, but advanced it as one of his general objectives in student government.

#### REFORMS

Concerning the student legislature, over which the vice-president of the student body presides, he stated: "I realize there are several possible reforms which might be made to improve it."

### STUDENT PARTY PLANS MEETING

**Delegates Convene Tomorrow Night**

Delegates to the Student party convention from dormitories and fraternities will convene tomorrow night at 8:30 in Phi hall for the second and final nominating session of the quarter. Mitchell Britt, party chairman, announced yesterday.

"We hope to make this meeting, as the first was, a true expression of student democracy," Britt said. "The Student party introduced the convention system this year with elected representatives from Student party dormitories and fraternities as a means of making the nomination of campus officials more democratic. I hope to see all of our delegates present on time so that we can transact our business without delay."

At its previous meeting, the party nominated Jimmy Davis, University junior and track star, for student body president.

### Encores Numerous At Entertainment Program Last Night

Featured by encores and numerous ovations, Emma Otero, Cuban colorata soprano, and Orlando Barera, Italian violinist, presented a joint concert in Memorial hall last night. The program was the third student entertainment of the winter quarter.

Both artists played and sang pieces of their native countries. Barera played on the violin "Largo," by Veracini; Rondo, by Mozart-Kreisler; Symphonie Espagnole, by Lalo; Guitarre, by Moskowski; Sonata, by Salvarini; La Fille Aux Cheveux de Lin, by DeBussy, besides several encore numbers.

Miss Otero, dressed in light pink hoop skirt, was representative of her native Cuba, both in song and in dress. She rendered: "La Calandrina," by Jomelli; "Star Vicino," by Salvarini; "Tarantella," by Rossini; Aria from "Linda Di Chamounix," by Donizatti; "Exaltation," by Katherine Breid; "Sylvelin," by Sinding; "Pastorale," by Frank LaForge; "I Shall Awake," by Walter Kramer; "Mi Nina," Guetary; "Cancion de Los Parajitos," by Penella; "Chiquilla," by Obradors; and Guiterra Espanola," by Alonso.

### NATIONAL RADIO HOOK-UP PLANNED FOR MARCH 30

**South As Economic Problem Will Be Subject Of Forum**

"Town Hall Meeting of the Air," broadcast every Thursday night over a national radio hook-up, will be presented under Carolina Political union sponsorship from Memorial hall March 30 in connection with the Human Relation institute, which begins the same night with an address by Lecturer Dorothy Thompson.

This announcement was made yesterday by Union Chairman Voit Gilmore after he had conferred with George V. Denny, moderator of the Town Hall program and University graduate, who is on the campus for a few days.

The subject arranged for the program, "Is the South Our Number One Economic Problem?" will be discussed by three speakers which will be chosen by the CPU in the near future. According to Gilmore, the speakers will represent Southern liberal, Southern conservative and national viewpoints.

#### HOOR LONG

The hours NBC broadcast will begin at 9:30 p. m. and will last for an hour. The first half-hour will be taken up by the three speakers and the second will be divided between the audiences in Memorial hall here and Town Hall in New York City, with listeners in Chapel Hill being allowed 20 minutes.

When the CPU learned that it would be possible to present the broadcast from this campus, the organization decided to make the program a contribution to the work of the Human Relations institute, which is making a special study of the South.

#### NOTED WOMAN

Miss Thompson, often referred to as this country's most noted woman speaker, will begin this year's institute the same night with the first of three Weil lectures. She will speak at 8 p. m. in Memorial hall and will be

### SANDIFER WILL PRESENT SOLO

**Concert Scheduled Tomorrow Night**

Dale Sandifer, graduate assistant in the music school, will be featured as soloist at the University band concert in Hill Music hall tomorrow night at 8:30. Sandifer will play his rendition of Greig's "Piano Concerto" in A minor. The Concerto was transcribed for band and piano by Director Earl A. Slocum.

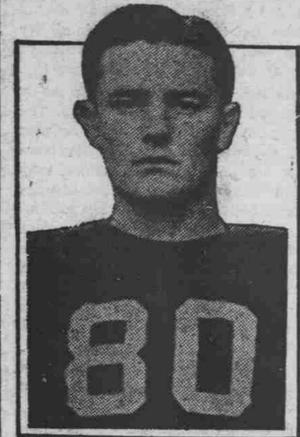

An instrumental novelty, "Pop Goes The Weasel" will be presented on the concert by the entire band. Lucien Cailliet has developed the theme of the composition in seven different styles; the introduction, the statement of the theme, as a fugue, in menuet, in Old Jerusalem, as played by a music box and in jazz.

A special arrangement by Director Slocum of Mozart's famous "Marriage of Figaro" will also be presented by the 80 musicians. "Figaro" is the most often performed of Mozart's operas and is probably the most celebrated. The overture is vivacious in character and is particularly adaptable to the symphonic band.

Other numbers to be presented at tomorrow night's concert include "Las Sorella March" by Borel-Clerc, Bach's "Prelude and Fugue" in D minor, "The Pathetic Symphony" by Tschalkowsky, David Bennett's modern composition "Rhapsody in Rhumba" and the march from "Love of the Three Oranges" by Prokofieff.

There are no admission charges for the evening's performance and the townspeople and students are cordially invited to attend.

#### May Return

Jim Tatum, former University athletic star and assistant football coach, has been offered the newly-created position of director of freshman athletics. Tatum is at present assistant football coach and baseball coach at Cornell.

### REORGANIZATION OF ASSOCIATION SEEMS IMMINENT

**Alumnus Would Be Assistant Football, Baseball Coach**

By SHELLEY ROLFE

A reorganization of Carolina freshman athletics into a separate division of the Athletic association with Jim Tatum, assistant Cornell football and baseball coach, as director was imminent today following the announcement yesterday by Coach Bob Fetzer, University athletic association director, that Tatum had been offered the position.

Tatum, Fetzer said, would serve as assistant football and baseball coach in charge of freshman activities.

"There is nothing definite to say yet about Tatum coming here. We are negotiating with him, but so far have received no answer," Fetzer said.

#### MAY BE

"Jim has been down in the Canal Zone all winter playing exhibition baseball, and he doesn't want to give us an answer until he sees Carl Snaveley and other Cornell athletic officials."

### University Planning 800-Acre Arboretum Within Five Years

**Project Will Be On University Land In South Chapel Hill**

By SANFORD STEIN

An arboretum of 800 acres or more, to be open to the public within the next five years, is one of the University's leading plans for the future. Purpose of the project is to study the characteristics and usefulness of the trees in this climate, to gather together Southern plants of every variety and species, and to give the students more contact with nature than is possible in Dr. Coker's miniature woods behind the Shack.

The University, however, is not the only organization concerned with the development of the arboretum, which will occupy most of the school's unused land in south Chapel Hill—about four miles outside the main town. It is a cooperative enterprise with the Soil Conservation Project of the United States Department of Agriculture which is primarily interested in controlling soil erosion by experiments in proper farm practices, use of me-

### ATTEMPT MADE TO ROB YMCA NICKLEODEON

**Officer Sees No Connection With Everett Theft**

An unsuccessful attempt to rifle the electric victrola in the lobby of the YMCA sometime Saturday night was being investigated yesterday by Officer J. D. Blake, campus policeman, and by University authorities.

A metal plate around the deposit slots on the front of the nickleodeon was removed, but the box containing the coins was unreached. A putty knife, used in removing the plate, was found, broken, on top of the victrola.

The attempted robbery occurred before midnight Saturday, H. F. Comer, secretary of the YMCA, declared. A couple who came in to play the machine made the discovery and notified Officer Blake.

Amateur burglars looted the Everett dormitory store cash box of \$65 in money and checks early Friday morning. Blake doubted that both attempts were by the same person. The Everett dormitory marauder removed putty from a window in effecting his entrance, but he apparently used razor blades rather than a putty knife.

Blake advanced the theory that the nickleodeon might have been opened by someone innocently attempting to extract a jammed coin, since the money box could not be reached except from the rear of the machine.

### Group Meets On Refugee Problem

A group of friends and interested faculty members held a meeting Sunday night in which methods of aiding German refugees in the United States, getting those out of Germany who can leave, and helping those who must remain, were discussed.

Besides the exodus of the Jews many a non-Jewish professor in a German college has felt it necessary to resign when he has been asked to discharge his Jewish assistants, and the Quaker-headed group discussed possibilities of obtaining positions for such men in America.

A committee composed of Prof. R. J. M. Hobbs, Dr. F. H. Edmister, Miss Mary Henderson, Mrs. Allen Bonnell, Dr. E. M. Bernstein, and Dr. D. D. Carroll was selected to consider the various proposals.

### Phi Slates Bill On Sale Of Arms

Phi assembly meeting tonight at 7 o'clock will discuss two bills as follows: Resolved, that the United States sell arms and munitions to dictator nations and resolved, that the Philanthropic assembly reduce its dues to \$1.

Following the session a meeting of the debate committee will be held by Representatives Albert Rosen, Elmer Nance and Arthur Dixon.

The regular meeting of the ways and means committee will be held at the YMCA building this morning at 10:30.

### Kan And Wiggins Head IRC Broadcast

Lee Wiggins and Lincoln Kan, members of the International Relations club will appear on the club's weekly broadcasts from Durham tonight from 10:15 to 10:30. They will present "The International Scene," commenting on the outstanding events of the week.

### Amateur Show And Group Sing Scheduled In Lounge Tonight

**Nothing Ordinary About This Meeting**

There will be an important meeting of the entire DAILY TAR HEEL staff at 1:35 this afternoon on the second floor of Graham Memorial. Every member of every division of the paper is expected to be on time so that the session may be adjourned in time for 2 o'clock classes. The roll will be checked, the customary excuses will not be accepted, and there will be no refreshments.

### GRAHAM SCORES DICTATORSHIPS BEFORE CLUBS

**Americanism Is Subject Of Talk To Civic Groups**

Denouncing Fascist and Communist dictatorships, President Frank P. Graham in a Washington birthday address in Winston-Salem yesterday declared that freedom and democracy must not revert to "reaction and the autocratic power of a darker age."

Asserting that the roots of Americanism are "deep in the teachings of our religion, traditions of the race, and the ideals of our country," he said "Americanism grown on this soil is not a frail plant that must be falsely protected with terrorism by those without faith in the depth of its rootage or the robustness of its timber."

#### AMERICANISM

Dr. Graham addressed a meeting of the Winston-Salem civic clubs sponsored by the Junior Chamber of Commerce at the Robert E. Lee hotel. The theme of the session was Americanism in commemoration of Washington's birthday.

"In this day when human liberty is being shackled by both Fascist and Communist dictatorships and democracy is in retreat on many Eastern and Western fronts," Dr. Graham said "it is needful for us at this memorable time in February not only to celebrate the birthday of George Washington but also to commemorate the birth principles of our Republic and to refresh our ideals in the historic streams of our first Americanism."

"With filial faith we salute the memory of the Father of our country, the rock of the Revolution, upon whom broke defeat, intrigue and despair. In winter's gaunt retreat his dauntless faith held on and feathered the birth of a nation and an idea, a venturing hope for freeing the earth in time."

Asserting that a free people have no cause to fear the dictatorship of any class, President Graham said "the fear of no economic theory, however fallacious, and of no social philosophy, however hateful, can, I believe, terrorize us into the overthrow of the Anglo-Saxon tradition and the American principle of lawful freedom of speech and assembly . . ."

### Senators Will Hold Executive Session

The Dialectic senate will hold its quarterly executive session tomorrow night in New West at 7:15. Officers will be elected and plans for the next quarter will be made.

The senators voted last week to initiate all new members who had been voted into the senate but who had not been initiated so that these members may take part in the session tonight. This initiation will precede the elections.

President Walter Kleeman requests that all members be present in order to take part in the elections.

### Woodhouse To Lead Campus Performers In Hour Program

For the first time in several weeks there will be a Graham Memorial Amateur program tonight, which promises to be one of the best this year. Several amateur musicians have agreed to appear on the program, and there will be a community sing conducted by Bob McManus.

"King" E. J. Woodhouse will be master of ceremonies and will preside over the entire program. Among those who will appear on the program are Boston Lackey, an expert flute player from Lenoir; Paul Griffith, a drummer in Jeep Bennett's orchestra who has been acclaimed over the state for his unusual interpretations; and a trumpet trio from Charlie Wood's orchestra.

Late last night Bob Magill, director of the union, announced that Ray Martin, accordion player, will also perform on the program. Martin has just returned from a YMCA deputation trip to Fayetteville.

Interest should be added to the program by the appearance of Woodhouse, as he has recently been active in presiding over such meetings.

The program will be timed to last exactly one hour and will begin at exactly 8:45 in the main lounge of Graham memorial.

The usual prizes of three dollars first prize and two dollars second prize will be awarded. The public is cordially invited to attend.

### Faculty Club Idea Will Be Investigated

After a two hours discussion Saturday night at the smoker at Carolina inn, the faculty empowered a committee to investigate further the possibilities of using Archer house as a faculty club.

Dr. W. A. Olsen, chairman of the meeting Saturday evening, said that the committee will call another meeting in two weeks at which it will present the information and facts now needed before a decision can be made as to the advisability of the plan. He said that the faculty would probably be able to decide at this meeting.

In regards to the plan Dean R. B. House said that the whole idea is at this stage only a speculation. The Carolina inn, Graham memorial and other places are available for faculty use at any time, but as Archer house will be vacant next year the faculty is now simply considering its worth as a club for the faculty, the townspeople and for possible use for romping purposes.

As to how the idea originated Dean House said that "since Davie poplar first sprouted somebody has been planning a faculty club" but the plan has never materialized.

The smoker Saturday night was a preliminary meeting. About 50 faculty members attended.

### Coast Guard Officer To Present Movie

Lieutenant Richard F. Rea of the United States Coast guard will offer a talk supplemented by a moving picture on the activities and functions of that division of the United States military units Wednesday night in the main lounge of Graham memorial at 7:30.

Lieutenant Rea will show a picture depicting the life of the men in the Coast Guard and illustrating the work done daily by this unit, offering comments on the picture. Afterwards he will deliver a short lecture on the functions of the department.

The public is cordially invited to attend free of charge.
