

## Hunter Lists Committees For New Senior Administration

**Hobbs And Wall Are Named As Committee Heads**

By EARL ALEXANDER

Benny Hunter, president of the senior class, yesterday announced his selection of committees for 1939-40. Bert Premo was named as representative to the University Dance committee. Chairmen of the class dance and executive committees are Vance Hobbs and Walter Wall, respectively.

Hunter has introduced a new feature in that all committees except the dance committee will have their chairmen sitting on the executive body. Under this plan, all the class committees and functions will be coordinated under one group and will enable the class to carry out a more comprehensive program of activity.

Hunter, commenting on this new idea, said, "I hope that this plan of having subcommittee chairmen on the executive committee will help unify the various boards. Its value lies in the fact that whenever the executive committee meets, it will be fully informed as to the activities of all other groups that are working on the class program."

### SIX COEDS

Six coeds were named by the senior class president to the executive committee, fulfilling the plan of the senior administration to allow the coeds an active part in class affairs.

From the executive committee the following six committees will be formed next fall: Senior Week, Invitation, Cap and Gown, Gift, Ring, and Project committees.

Members of the committees are:

Representative to the University Dance committee: Bert Premo.

Senior class dance committee: Vance Hobbs, chairman; Dave Murchison, Mitchell Britt, John Parker, Ben Turner, Joe Hough, Jack Vincent, Ernest King, Tommy Royster, and Preston Nesbit.

Senior executive committee: Walter Nesbit.

## Hey, Band Members!

Those members of the University band who are not planning to stay over for Commencement should turn in their uniforms immediately.

## Notice

To Whom It May Concern,  
Some time during the Winter Quarter of this year I loaned to a student in English 59 (Technical Composition) a sheet listing the qualifications of a former University of North Carolina graduate, Mr. W. N. Suominen. So far as I can ascertain, this data sheet has not been returned. As I am planning to use this in a forthcoming book, I should be grateful if the student who has it, and whose name has escaped me, would be kind enough to return it to me.

Very truly yours,  
A. C. Howell  
Professor of English

## BOARD IS SET UP TO INVESTIGATE CAMPUS PROBLEMS

**Committee Of Five Organized By Student Council**

As was specified at the last Campus Government conference meeting, the planning committee of the training session met last Tuesday evening to set up a committee of five, for the purpose of studying and making recommendations in the major problems of student government. The new committee is composed of Dewitt Barnett, chairman; Otho Ross, Lee Wiggins, Allen Green, and Jack Fairley.

Various fields of study were suggested, but the specific problems to be dealt with, excepting the legislature, were left to the discretion of the committee. It was made imperative that the new committee should first study the problem of the student legislature, with a view to interpreting its potential functions to the campus, and calling pertinent issues to its attention. The committee's procedure might otherwise be in whatever fields it considered most important.

### FUNCTIONS

The planning group suggested that it could pass some of the issues on to the legislature if it felt they best fit its functions. For other problems, the members might work on them themselves, or appoint sub-committees to divide the tasks.

As suggested by the planning committee to the new group, the problems to be dealt with deal primarily with two main topics, the honor system and the policy of student government. The training session board pointed out the possibilities of studying the educational procedure of the Council with freshmen, upperclassmen, and faculty, making recommendations as to how it can become more effective. To study the theory of the honor system, mak-

## Caretaker Of The Dead Tells Of Morbid Duties

**Man Who Makes The "Stiffs" Stiff Claims That People Are Not Bought Before Dead**

By HUGH BALLARD

"I don't love it but I like it pretty well," answered Walter Jones when he was asked how he liked the job of "preparing stiff" for the medical students. Walter's job is to "take the dead bodies and put them in the 'vault' for a few months. We usually keep them in there for four or five months, and the more they stay in there the better they are," Walter said.

"I never did have my hands on a dead man before I got this job, and I was scared to death of 'em at first. I got over that though when I accidentally knocked a dead man off the table and had to put it back myself,"

## Annual Patterson Award Goes To George Nethercutt; Other Honors Are Given By Groups

## GERMAN FINALS WILL BE HELD IN TIN CAN

**New Decoration Scheme To Be Used; Fans Will Be Added**

Sutton said that the Tin Can will be made cooler with extra fans and a new manner of decoration. The decorations, which will extend from side to side, will be hung above the windows to give better ventilation.

## Exhibit Features Philatelic Freaks

"In haste if you please" must have sent the heart of Miss Nancy S. Wright of Pierceville, Cleveland county, racing when she saw it written on the outside of a letter mailed to her on May 31, 1873; but her letter is not the only one in the stamp exhibit at the library that has a message written on the outside of the envelope. One of the Confederate States stampless covers is marked "Carried by the prolixity of Mr. Peter Peeler."

### COLLECTORS

The exhibit, which is found in cases one and two in the lobby of the library, contains stamps from the collections of Dr. George Coffin Taylor, M. A. Strupp and Sumner Quimby. Also, a number of Confederate States stampless letters are included, the lack of stamps due to the fact that stamps of the Confederacy were not adequately distributed to all districts. Some of the stamps are postmarked as early as 1851, and the collection contains a sheet of Confederate States stamps printed in 1863 by Archer and Daly of Richmond, Virginia, a second issue of which was printed by the same company in 1864.

More recent stamp issues on display

## Gets Highest Award

Baseball co-captain George Nethercutt, Phi Beta Monogram club president and campus leader, was chosen last night to receive the Patterson award for being the best all around athlete on the campus.

## Co-Captain Also Picked Best Man On Baseball Nine

By RUSH HAMBICK

George Nethercutt of Roanoke Rapids, University senior, last night was presented the Patterson memorial medal, awarded annually to the most prominent athlete and scholar, at Awards Night in Memorial hall.

Nethercutt, a Phi Beta Kappa student and member of the varsity baseball team for three years, was presented the medal by Dean D. D. Carroll who described him as "playing the game with zest and enthusiasm on the athletic field and in the class room as well." He is a Grail man, former president of the Monogram club and an acknowledged campus leader.

The medal, donated by Dr. Joseph Patterson in memory of his brother, is presented to the University senior ranking highest with regard to five points; athletic ability, morale, leadership, sportsmanship and general excellence.

### GRAIL TROPHY

Besides winning the Patterson award, Nethercutt, co-captain of the varsity nine, was also presented the Grail trophy for being the most outstanding baseball player of the year.

Each year the Order of the Grail recognizes outstanding members of various athletic teams by awarding an individual trophy to the man in each major sport who has made the best scholastic record. A similar award is given by the Grail to one man selected from all the combined minor sports. In addition, an award is made to the freshman athlete who had the best academic record.

To the outstanding dormitory and fraternity intramural athlete individual trophies were awarded. Finally the Grail presented a plaque to that dorm-
