Di Senate Will Aid In Drive To Bring Wolfe's Works Here

Members To Conduct Personal Campaign To Raise \$5,000

The Di Senate voted last night to sponsor a movement to help the Thomas Wolfe memorial fund committee raise funds to bring original manuscripts of the Carolina alumnus back to the University library.

Members of the senate will conduct a concentrated campaign by personal contacts in dormitories, fraternity houses and town to help raise the approximately \$5,000 needed to bring the collection on which the committee hold an option.

A copy of the bill which passed the senate almost unanimously will be sent to the Phi assembly asking it to join in the campaign.

LIMITED TIME

The option held by the committee for purchase of the manuscripts is for a limited time only, it was brought out in the discussion last night. Mary L. Thornton, secretary of the committee, said, however, that this time limit may be extended if campus interest seems great enough to indicate that the money would be raised.

ALL EXCEPT ONE

The collection includes all of the 25 original manuscripts of Thomas Wolfe except one, "Look Homeward Angel," which was purchased recently for the Harvard university library for \$1,700.

Wolfe, who died in 1938 at the age of 37, graduated from the University in 1920. He was editor of the DAILY TAR HEEL and an original member of the Carolina Playmakers while here.

A resolution to "petition the Publications Union board to consolidate the Carolina Buccaneer and the Carolina Magazine into a new and more representative publication" was killed after a long discussion.

Frank Holeman Has Own Idea About Women; Loves Wolfe

Tall, Lanky Senior Able To Look Down Upon World With Amused, Cynical Detachment

Name: Frank Holeman.
Address: 314 Mangum.

Noted for: 6 feet 5 inches of pencil-like lankiness and deep, booming voice, an adoration of Thomas Wolfe, an astute shrewdness, a medieval attitude toward women.

Those of you who saw Deanna Durbin's picture, "First Love," will remember an old-maid school mistress who says, "I'm a character—a lovable, crotchety old character. I hate being a character." We don't know what Frank Holeman's sentiment in this matter is, but that he is definitely a character, one of those "above the crowd" (practically in the skies, in fact).

Up in his windswept brain, 6 feet 5 inches off the ground, Frank is able to look down upon the world with an amused and rather cynical detachment.

Ballots To Appear In Daily Tar Heel For Four Choices

Vance Hobbs, chairman of the senior class dance committee, and Ott Burton, chairman of the junior class dance committee, yesterday announced that the members of the two classes will be given an opportunity to vote on the orchestra to play for Junior-Seniors.

These ballots when filled out and signed by the voter as a bona fide member of the junior or senior class are to be sent to Hobbs in Carr dormitory by the seniors and to Burton in K dormitory by the juniors.

Though its satire on the "Queen's Navy" no longer has the bite of former years, its tunes are still captivating, its characters still lively and its wit still piquant.

John E. Toms, of the University music department, is in charge of music for the production, and Samuel Selden, associate director of the Playmakers is director.

A meeting will be held on Friday in room 204 of Peabody at 10:30 for all those interested. All candidates for positions in 1940 are invited to be present and make preliminary registration.

Following the meeting individual conferences will be held with the applicants and a complete record prepared for placement files. Calls will begin to come in to the Bureau around March 1 and it is desired that full information be available before that time.

EMERGENCY CALL

There have been approximately 20 calls for teachers for emergency positions within the last 30 days. The largest number of calls have come in the fields of mathematics, science, and physical education. There has been also a rather significant number of calls for teachers of music, both vocal and instrumental. The "Pop Quiz" program to be given at 10:30 in Memorial hall as the first attraction of the day will be modeled after the well-known radio program "Information Please." GODFREY TO LEAD IRC DISCUSSION AT FIRST CLINIC

Work In History, Current Events Qualifies Speaker

First in its series of propaganda clinics will be presented tonight at 8:30 in the main lounge of the Graham Memorial by the International Relations club with James L. Godfrey of the University history department leading the discussion.

Godfrey was chosen to take charge of the first clinic because his work for the past few years in the field of history and current events qualifies him to speak with authority on the subject of propaganda, officers of the club said.

Explaining the purpose of the series, Walter Kleeman, president of the IRC said, "In view of the huge amount of propaganda flooding the country today, we feel that it is part of our program this year to bring to the campus explanations from time to time of propaganda, especially in regard to international relations."

SALIENT FEATURES

Tonight's clinic will introduce the salient features of the problem and will treat some of the propaganda reaching the United States from warring nations in Europe and Asia.

Kleeman expressed the opinion that student interest in propaganda, and modern propaganda techniques warranted the presentation of speakers on the subject.

The program tonight is part of the club's activity program for the year, which is designed to acquaint not only the members of the club but the whole campus with more facts about international affairs and America's foreign policy.
