Varsity Tennis Squad Battles State Today: Seeks 56th Straight

By Mark Garner

Following a one-day rest, Coach Kenfield will send his varsity netters after their 56th consecutive victory this afternoon on the Impressive local courts when the Tar Heels meet State's racket men at 3 o'clock.

When the season opened, many court fans were doubtful of the ability of Kenfield's protegees this year for the team had lost two of its most valued performers in Ken Evensen and Marshall Chambers. Evensen was called into service and Chambers' back injury held down the combined team of Alof last summer has not healed sufficiently to allow him to partici-derman and Kenan, yesterday after-

One of the most important things in developing a winning team is to get the best available material; but such hasn't been true in turning out winning Carolina track teams.

The University has had very few natural track athletes who had participated much in competitive track before coming here. Most anyone connected or interested in track here knows the story on Bill Corpening, who once did :08.5 in the 70-yard high hurdles, one-tenth of a second off the world record.

But few people are acquainted with the rise of Jim Kelly and Harry Lewis, both members of this year's team. less experienced netters a taste of ac-

Everett Holds Edge In Dormitory Race

Seeking to find a third starting pitcher for this season's baseball nine, Coach Bunn Hearn announced yesterday that Charlie Moore, long, lean righthander, would start this afternoon against Virginia Tech in Carolina's third confer-

ence game of the season. The game will start at 4 o'clock on Emerson field.

Charlie Moore

Mound Choice

Is Hearn's

Monk Whiteheart, who was the first question mark of this year's team, has provided the answer to his pitching ability. Red Benton, the only starting hurler Carolina had at the beginning of the season, is already respected and known in conference baseball circles.

And now it remains for Hearn to find a No. 3 pitcher for the team. Charlie Moore is the logical choice, but he will be appearing in the first varsity contest of his career when he toes the mound against VPI today.

As a freshman, Moore was a valuable member of Jim Tatum's team. Last year, however, he hurt his foot early in the campaign and was not used at all. And then, too, Hearn had Cheshire, Benton and Feimster and Moore wasn't exactly needed.

The junior righthander is a fast, curve-ball chunker, and in his freshman pitching days showed the ability to keep the ball low-away from the hitters. In practice this season he has demonstrated much of the same stuff. Moore is really the only other pitcher Hearn has. Jack Hussey, sophomore outfielder, will not be able to pitch this season. And in all probability he will never pitch. An injured bone in his elbow, according to Doc White, team physician, will prevent him from hurling. It is the result of an old injury. Today's game is the first of three scraps in the space of four days for the Tar Heels. Carolina will oppose Davidson Friday in an important Big Five and Southern conference game and Saturday Carolina meets Hanes Hosiery Mill in Winston-Salem. Joe Moody, fast-ball artist, is scheduled to be on the firing line for VPI this afternoon. Moody is one of the three pitchers the Techmen used in defeating Ohio University last week. VPI's record this season is one victory in two starts. The gobblers lost the first game of the two-game series with Ohio.

ham, Tom Wadden and Hunt Hobbs less. or Cliff Tuttle have rounded out the Carolina starters. Markham is probably the only one of these three who will definitely see action today for Kenfield is anxious to give some of the

and Carolina's Mike Wise in a record-breaking race. And he topped off his performance with a brilliant leg on Carolina's winning mile relay team.

In the Carolina Relays last Saturday Kelly ran a leg on a winning Tar Heel team.

The story of Harry Lewis begins back on the intramural fields last year. He was a whiz in the mural track meet and walked off with most of the sprint medals. He qualified in the finals of the indoor meet in the 60-yard dash, and is a consistent scorer for the Tar Heels in the sprint events.

Roy Cathey, co-captain of this year's team, is another example of developing a track man from practically nothing. Roy was also found in the intramural track meet. There are many other Carolina trackmen who had little experience before coming here. But the examples cited are enough to show that trackmen are not necessarily born, but can be made.

The credit for making the trackmen rightfully belongs to Coaches Ranson and Johnny Morriss. Dale They work with the team practically every day during the school year. Cross country in fall, indoor track in winter and outdoor track in spring.

This afternoon's baseball game with Virginia Tech is a very important tilt for the Tar Heels. A See MINCE MATTERS, page 4

group of starters. Other men who may see action today

Moyer Hendrix is waging a battle

are Joe Greenberg and Hal Berk, who have been showing up well in challenge matches and may break into varsity competition before the season progresses much further.

Carolina's probable lineup will be Hearn, ss; McCaskill, lf; Johnson, 1b; Reynolds, cf; Hussey, rf; Honan, 3b; Morris, 2b; Myers, c; and Moore, p.

One of the brightest things about the team so far has been the play of Dub Johnson on first base. In the Maryland series he made 35 putouts in two days. That should be some sort of a record in these parts. His hitting, too, has been a bright feature.

Coaches Hearn and Fetzer have a difficult job on their hands in figuring out where to play Bobby Gersten and Louis Hayworth. Either can play the infield or outfield at any position. Mc-Caskill's hitting gives him the edge over Gersten in the outfield and Morris' steady play rates him above Hayworth at second.
