Make Your Choice This
Week For Present or Future
Officers' Training

If your blood boils at the very thought of an enslaved world... If Jap treachery and Nazi savagery make you see red and itch for a gun—calm yourself with the promise that we shall pay them back with compound interest!

We shall—and you as a college man now have the opportunity of serving as a Flying Officer—a Bombardier, Navigator or Pilot—with that branch of service which will do that paying back in person—the U. S. Army Air Forces!

Under the new Army Air Force Reserve Plan—if you are a Senior or wish to leave school—apply now for your Aviation Cadet training.

You and your friends can share together the work and fun of flight training, and after approximately 8 months—earn the right to be flying officers in the U. S. Army Air Forces!

On the other hand, if you are a Freshman, Sophomore or Junior—you can, if you like, continue your studies under the Deferred Service Plan of the Army Air Forces—and become better prepared for Officers' Training later.

New Simplified Requirements

To qualify you must be 18 to 26 (inclusive), physically fit—and pass a new, simplified mental test which college men find easy.

When you are ready—and facilities are ready—you begin as an

THREE ENLISTMENT PLANS FOR COLLEGE MEN

Juniors—Sophomores—Freshmen May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standing.

All College Men May Enlist for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R. O. T. C. plans.)

Aviation Cadet at \$75 a month, with expenses paid.

If you have majored in science or engineering you can try for a commission in the ground crew—in Armament, Communications, Engineering, Meteorology, Photography.

Settle Your Service Now

The years ahead are war years—and every college man should make his plans accordingly.

To make America supreme in the air we need every college man who can qualify for active or deferred service.

So take advantage now of this option. You may never again have such opportunities.

See your Faculty Air Force Advisor for information and help with details. Join the thousands of America's college men who are enlisting this week!

NOTE: If you are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today.
