Committee Considers Referendum

Editorial: F-8141, News: F-8146, F-8147

Plan May Raise Dance Expenses

At a meeting of the Ways and Means committee of the Student Legislature Monday night, it was decided that the Legislature should take no action to revoke the dance cut bill but should leave any changes up to the student body which may act by the power of referendum.

Acting on this suggestion, three members, Sim Nathan, Billy Britt, and Johnny Davis, have laid plans to draft a referendum amending the dance cut bill which will probably be presented to the student body next Monday for signature. Dance Regulations

The proposed amendment will probably state that the present \$750 limit on dances be raised to an amount which will be determined by Monday; that with the limit raised, there be one big dance each quarter sponsored by the University Dance committee
