## Bill to Increase HPB Is Rejected

A letter from the Student Council announcing its veto of the bill, passed by the Student Legislature, to stop vandalism on college campuses with the threat of suspension was read to legislators Thursday night by Douglass Hunt, Speaker. The bill will come before the Legislature for reconsideration at its meeting in two weeks when a two-thirds vote will be required for its passage above the Student Council veto.

The bill to revamp the House Privileges Board so that each fraternity will be represented by one member was almost unanimously defeated on the grounds that the Board would be too large to work effectively.

### Offers Resignation

Walt Brinkley, chairman of the Elections Committee, tendered his resignation from that post following the passage of the motion that the election of secretary-treasurer of the Student Body be declared null and void since it was improperly conducted.

The legislature refused Mr. Brinkley's resignation but voted unanimously to enlarge the Elections Committee to include 15 members. Speaker Hunt appointed Travis Hunt, Fred Bauder, Betsy Bowman, Charles Donnell, Charles Fulton, Jack Lackey, Roland Paylor, Barbara Saunders, Trudy Walton and Ray Jefferies to supplement Brinkley, Warren Ficklen, Bill Jernigan, Bill Lloyd, and O. A. Allen on the committee.

The proposal to prohibit a student from being rushed by a fraternity during his first quarter in school was tabled until the next meeting so that the Interfraternity Council can be consulted.

would be necessary since, "should a revote be held the results would be the same." Another: "The girls might raise their hands differently this time."

The desire for closed ballot was being voiced but was ignored. Before the whole group was aware of what was happening, the chairman had called arbitrarily for an oral vote and had dismissed the issue as conclusively decided by a bloc yelling the loudest.

The fault of the procedure lay partly with the chairman. It was her responsibility in such a case to recognize all the aspects of the problem and to take time to see that each group could express its views. The fault also lay with the coeds, with those who were unscrupulous in their methods and, especially, with those who were indifferent enough to let such methods take effect.

The situation as it stands consists of extremes, neither of which is desirable. If this is indicative of the coed body of the University of North Carolina, then it is time that chances were made.

Sincerely yours,

and until coed closing hours at night."

"This is a student center. It should have some eating facilities. The Grill has always been well patronized, yet most of the equipment necessary for its maintenance is now lying idle in the Grill. The board of directors has sent a letter to the administration requesting resumption of its operation, and at their last meeting Dean House expressed himself strongly in favor of its reopening."

"The grill would be easily accessible to most of the women students who would come here rather than go up town unescorted. During rush hours in most eating places in town and especially in Lenoir Hall, it takes as long as thirty minutes to one hour to get served. Many students work late in the building and people over here for organizational meetings late at night want refreshments."

"I sincerely feel that the reopening of the Grill would considerably alleviate the eating problem for all students and townspeople, and would serve as one of the greatest attractions for students to the union."

## President of Nudists Has Perfect Solution For World's Troubles

By United Press

Among the other things Knapp says his followers are fighting for is to obtain reduced insurance rates. They argue that if a person gets cheaper rates for abstaining from alcohol and narcotics, he should get the same treatment for abstaining from clothes.

What to do with your football shoulders (after the season)

They inspired female sighs during play, but now that you're back in tweeds—what can you do with 'em?

Simple. Squarely between those shoulders set the perfect-fitting Arrow Collar that comes attached to every handsome Arrow Shirt.

Under that collar, slip a colorful, smooth-knotting Arrow Tie.

Southeast of your lapel, you'll find a pocket. Tuck a matching, man-size Arrow Handkerchief into it.

There! Now you can get the sighs without the scrimmage! Ain't clothes wonderful?

P.S. If your Arrow dealer hasn't the one you want, try him again.
