

South's Sweeties' Sweaters Surely Show Swell Shapes

Atlanta—(UP)—Three people, who should know, agree with makeup expert Max Factor that Dixie belles are the most whistle worthy girls in the world.

One is Betty Lou Weber, an Atlanta masseuse, and here's what she says: "Southern girls, especially Atlanta girls, have the most perfect figures in the world—they know what they want their figures to look like." And Miss Weber adds "those girls will go through fire and brimstone if necessary to attain that come-hither shape."

The owner of a string of beauty parlors, C. J. Rich, says he toured the whole world before deciding to settle in Atlanta. And Rich declares, "I wanted to be among perfectly

beautiful women. I don't like the beanpole figures of England," he adds, "and the broodmare shapes of Bavaria are revolting." Rich insists that he can find ten beauties on Peachtree Street for every one in Hollywood.

However the fellow who spoke with the most authority on the subject tonight was Frank Garson of the Lovable Brassier Company. Says Garson: "Southern women have just enough of exactly what it takes to fill a sweater properly." The man from the brassier company adds, "I get a stiff neck every time I walk down Peachtree Street. I can't keep my mind on where I'm going when I see one gorgeous sweater girl after another."

Scientists Organize In Hope To Support A Stable World Peace

Dr. O. K. Rice heads a newly organized association designed to meet the increasingly apparent responsibility of scientists in promoting the welfare of mankind and the achievement of a stable world peace. The group is called "The Association of Durham Scientists."

The group plans to have Mr. Henry Linschitz of Duke University talk on "The Control of Atomic Energy." Mr. Linschitz played an active role in the development of atomic energy. He assisted in the assembly of the atomic bomb which was tested in New Mexico and observed the blast.

President Pully pointed out that an eligible rushee consisted of a student who had not previously passed through a rushing period.

A motion was made to hold open rushing during the spring term, but it was defeated.

One representative asked members of the council to investigate the possibility of fraternities changing meeting times from Wednesday to Monday night.

CAROLINA

opens the season for the Blue and White harriers on Fetzer Field Saturday. Carolina will depend on a team dominated by GI's and with but a handful of last year's fair squad on hand.

After whipping Kalamazoo College, 7 to 2, last week, Coach John Kenfield's Tar Heel tennis club engages William and Mary here Friday. The Indians who are reputedly the class of the Conference, have returning many racquet-swingers who beat Carolina, 7 to 2, last year. Carolina, however, with a team that is completely GI, has better than a good chance to score an upset.

Romance reaches dramatic proportions in Paramount's Technicolor production, "The Virginian," which comes today to the Carolina Theatre, with Joel McCrea, Brian Donlevy and Sonny Tufts in the starring roles. Here lovely Barbara Britton pleads with McCrea, the Virginian, not to seek a showdown with Donlevy, who plays Trampas, the cattle-rustler.
