# Spain Breeding World War III Poland Warns

## Asks Diplomatic Break with Franco

New York, April 17—Polish Delegate Oscar Lange warned the United Nations Security Council this afternoon that Spain may become the jumping off place of the next war.

Lange introduced a resolution calling for all United Nations to break off diplomatic relations with Spain, and inviting the Spanish people to get rid of Franco. To support his call for action, Lange charged that a German atomic energy specialist is directing atomic research at a laboratory in Toledo, Spain. He reminded the council that Spain has six uranium mines.

He says one hundred thousand German and Vichy French troops are stationed in Spain, and charges that Franco has moved Moorish troops to the Spanish-French border, and built machine gun nests and tank traps there. He charged that Spain has the largest army in its history and is spending more money on arms than ever before.

He pointed out that the Spanish-French border has been closed. Then he put this question to the council—"When borders are closed, when a government masses troops on another nation's frontier—doesn't this endanger international peace and security? Do we have to wait until guns are shot, bombs are dropped, and men are killed?"

Lange made detailed charges, some of them from the American State Department documents, to prove that the Franco regime worked hand-in-glove with Hitler during the war, and that the Franco government was set up by the Axis, on the Fascist pattern.

## Jerry Atkins Is Elected Coed Speaker

### Off-Campus Conduct Considered in Bill

Jerry Atkins was elected speaker-pro-tem of the 1946-47 Coed Senate at the first meeting of the new coed senators Tuesday night.

Mona Bense was elected secretary, and runners-up for that office were Jerry Hobbs and Bettie Washburn.

A recommendation from the Honor Council that qualifies the Campus Coed in making coeds responsible for their conduct off campus as well as on, was passed as bill 119. The recommendation was sent to the Senate with the remarks that coeds do not understand that they may be tried for violations of the Campus Code which occur on weekend trips.

The necessity of bringing the clarification to the attention of the coeds was seen by the Honor Council when reports came to them of the conduct of some of the students on weekend beach parties.

Sarah Tillet moved an amendment to the bill that only those cases committed off campus which would come under state and national laws be tried by the Honor Council. The amendment was defeated.

Speaker Sibyl Goerch appointed Frances Avera to the Coed Hour Program Committee and Lucy Jordan to the Coed Hour Attendance Committee to represent the coeds at large.

A resolution was passed to send a letter of appreciation to Emily Aliton, chairman of the Leadership Training Program committee, for the fine leadership training that was given new officers last week.

## Graham Memorial Sponsors Ted Shawn Here Tuesday

### Noted Dancer to Perform, Lecture; Barton Mumaw Featured on Program

Probably the greatest figure in American dance, Ted Shawn, will appear in the Playmakers Theatre Tuesday night under the auspices of Graham Memorial, director Martha Rice stated. Besides dancing, Shawn will lecture on modern dancing and show kodachrome slides of the dancers who have appeared at America's foremost dance school, in Jacob's Pillow, Massachusetts.

Accompanying him will be Barton Mumaw, openly acclaimed as "the greatest man dancer of his generation." For nine years Mumaw was a featured solo dancer with Shawn and was with the group when they appeared on the Carolina campus several years ago under the auspices of the Student Entertainment Committee.

### Slides to Be Shown

The slides to be shown are part of a famous collection which will be permanently housed at the Museum of Modern Art in New York City. Audiences at the Museum last year paid \$2.50 per seat for the privilege of hearing this lecture. Tuesday's showing, which is free to students, is for the benefit of the "University of Dance" at Jacob's Pillow.

Shawn's well known "Four Dances Based on American Folk Music" and "Flamenco Dances" will be featured in the second half of Tuesday's program. Barton Mumaw will also do two of his most famous dances, "Pierrot in the Dead City," to the music of the great aria from Korngold's opera, "Die Tote Stadt," and "War and the Artist" danced to the "Funerailles" of Liszt.

### Great Appeal

These dances, which have been in the repertoire of Shawn's troupe for several years, have had an equally strong appeal for both civilian and G.I. audiences.

This program marks the return to the stage, after his recent discharge from the services, of Mumaw, who went into the Army Air Forces in 1942.
