(Continued from first page) student body, due to the large number of veterans in school now. It is proposed that the house be turned over to an agent responsible to the student government, opened to the entire campus and a veteran be appointed as student manager.

Guidance Available

The guidance facilities of the University Testing Service, Veterans Advisement Office, University Housing Office, and the regional office of the Veterans Administration here, make further activities in this field by the UVA unnecessary, the executive committee believes.

Other campus organizations have recently taken a greater part in campus social activities, for which main purpose the UVA was organized, and the forming of American Legion and AVC posts on the campus makes joint action on veterans' problems possible by the new groups.

Veterans Council

Feeling that there is a need for some agency on the campus empowered to speak for the UNC veterans, the executive committee proposes the setting up of a six-man student Veterans Council, to be chosen in a campus-wide election by all veterans. This council would represent ex-servicemen on the campus in state and national affairs, and could mobilize the veterans at any time when joint action by all campus veterans seemed necessary.

"I wish to strongly urge all veterans, and any other interested persons, to attend the UVA meeting next Wednesday at which time these proposals will be put up to vote," stated President Stewart.

ascertained. Before this decision was made public I called the speaker of the legislature and explained the situation to him and he concurred with the decision to declare the ballots invalid.

The cry has now been raised that a portion of the student body has been "robbed" of its right to vote. I assure you that no perpetration of fraud was intended by the elections committee. The fact that 118 votes were declared illegal was made public in its report to the legislature and there has been no unnecessary secrecy in its actions.

I have never witnessed an election in which at least some of the ballots have not been invalidated and somebody's duly cast vote declared illegal. In this case it is unfortunate that the fact is known that the contested votes would change the outcome of the referendum. The decision as to whether or not the report of the committee should stand is in the hands of many more important people than I, but I would like to say that I think the election results should stand as they have been reported.

DUBIOUS BATTLE

Letter of Commendation, and your Campus Activities—good heavens, there's the Di, the Phi, the Geet Got Guy, the IRC, The CPU, the razzoaz and the Poop-poop-a-doo.

The candidate above the pack, Mrs. Dubie's lad, vote for Jack. "There's no question that you're right, Bud, but how about The boy whose name is free from mud, A vote for him is a vote for Bud." "You're right, Jack, we're both great. But I couldn't carry on alone—we've been together so long, dear. Which gives me an idea."

"Exactly, Bud." Final Plug Dept.: Therefore, dear voters, please use the blank space offered at the bottom to write in your ballot.

I want Jack Dube and Bud Imbrey for co-Presidents of the Student Body because: It ain't what they do, it's the way that they do it. They will eliminate the double standard. They will pour enough PeeJay into Hogan's Lake to decontaminate it. They will give you a ride in their fine automobile (trolley
