### BASEBALL

(Continued from page three)

frame. Good Defensive Game

Carolina turned in its best allaround performance of the season, as the entire team gave Coleman brilliant support afield. Ryan played an excellent defensive game at short, handling all of his chances cleanly.

Hackney made a beautiful running catch in left to cut off what looked like a Wake Forest rally in the eighth. With two men on base and two out, big Red Cochran hit a long, high drive to left center. Hackney, a transformed shortstop, ran diagonally to his left and reached out at the last minute to snare the rapidly falling ball. It bounced out SOUND TRACK of his glove, but he clutched it again quickly to retire the side.

and Hearn and Hayworth with two hits each, paced the Tar Heel attack. Every man in the lineup hit safely with the exception of Coleman and John Gregory.

within one-half game of the third place Deacons in the Big Four race.

of Tennessee where he was a council.

liamson was a member of the the role demanded. From what honor council at Presbyterian I have observed, nuns are pious, junior college. He has served on the dance committee and been assistant manager of the football team here. He was chairman of the honor council in high stride—such as being able to school.

Dodge Geohagen, sophomore candidate, has been a member of the freshman class executive committee, a member of the YMCA cabinet, and vice-president of Battle dormitory.

Frank Hill, candidate for sophomore representative, was a member of his high school student council for two years, serv ed in the legislature, and was president of the junior Hi Y.

#### Volunteer Workers Needed at 2 O'clock By Daily Tar Heel

A number of students are needed for a special DTH project this afternoon. Those interested must report to the Editor's office at 2 o'clock.

Student volunteers may work as long as they choose. The work will be interesting and educational, and credit will be given to all those who assist.

Colones, with three safeties, Malley, who donned a St. Louis Browns sweat shirt when his black suit got wet from a sprinkler, or who showered crochety Father Fitzgibbons how to hold a mashie. The latest The victory put the Tar Heels Father O'Malley is going conservative, I am afraid.

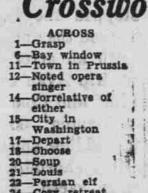

As a foil for Father O'Malley's Irish banter, Producer Leo McCarey chose a beautiful-and very implausible-nun who resembled Ingrid Bergman. Miss Bergman, who has portrayed sultry creoles as well as comely class officer and a member of the female psychiatrists, was not up honor council. In high school, he to the job of filling a nun's habit. was also a member of the honor She played Sister Marie Benedict with extraordinary vigor, Junior Candidate Andy Wil- but with none of the subtlety reserved souls whose lives are dedicated to God. Sister Marie had, however, a worldly flareand a disconcerting athletic use her dukes and swing a ball bat, that seemed to me a broad concession on the producer's part to prove to non-Catholics that nuns are human too.

When Miss Bergman attempted to teach one of the youngsters the manly art of "pugilistics" I had the same uncomfortable feeling I get when I listen to a smutty story about religion. Maybe I have the wrong idea about the sisterhood, but after Sister Marie stopped one on the button I squirmed.

# It Is Jeopardized by CANCER

This week the YW and YMCA are sponsoring a drive for funds to fight the disease of cancer. The purpose of this drive, besides trying to raise money to prevent the disease through research, is to educate the public as to the threat of cancer to our popula-

The problem of what is to be done about cancer has presented us with some facts at which we don't like to look. More people are dying of cancer in this country every year: 169,000 in 1944, and well over 170,000 in 1945. This is about 19 people an hour, more than die of anything else except heart disease.

You don't think of cancer as a children's disease, but four times as many children died from cancer as infantile paralysis. Yet two years ago while the March of Dimes collected \$350,000 for each case of polio, the American Cancer Society collected \$.50 for each case of cancer.

The Gallup Poll has showed just how vague most of us are about what cancer really is. Any number of other growths which are still not normal are not cancer. A wart is not a cancer; neither is an average mole or a benign tumor. But cancer is a growth that does not stop and has no order or pattern. We tend to think of cancer as a hopeless disease, but it isn't at all. IT CAN BE CURED IF CAUGHT IN TIME.
