Pre-Fabricated Houses For Veterans Arrive

Two houses formerly used to house personnel of the armed forces arrived here in sections yesterday and are now being converted into apartments for married veterans.

These apartments were released by the government from the army base at Laurinburg and the navy base at Wilmington. The first of these houses is expected to contain eight apartments though many of the smaller houses will have only four. A total of approximately 378 apartments will be available when construction is complete. Only 178 of these have been formally signed for by the authorities, but approval has already been given for the remainder and the contracts are now being drawn up.

The residents of Whitehall, Alexander, and Abernathy Halls will move into the houses as soon as construction has been completed. Then these dorms will be turned over to the University to house men students, according to South Building officials.

Plans are being made for a climactic three-day program to which English teachers throughout the State will be invited. At that time rooms for overnight stay will be available in one of the campus dormitories reserved for such gatherings, Dr. Hartsell said.

Language Faculty Honors H. H. Staab

Prof. Herman Henry Staab, associate professor in the Romance Languages Department of the University since 1918, was honored at a banquet by members of his department at the Carolina Inn recently on the eve of his retirement.

Thirty-nine members of the Department were present to offer their good wishes both to Professor and Mrs. Staab, who was a special guest.

Dr. W. M. Dey, head of the Department, presided and made the presentation of an engraved silver tray, a gift from his colleagues, to Professor and Mrs. Staab.

Other guests included Chancellor Robert B. House and Lieut. David E. Frierson of the U. S. Navy, a former graduate student in languages here, now on terminal leave, who will return to his teaching duties at the University of the South in Sewanee.

Professor Staab, a native of Heilbronn, Germany, received his B.A. and M.A. degrees at the University of the South. He taught there from 1910 to 1912 when he went to Converse College where he taught until he came to the University here. Before going to Sewanee he taught Spanish in the St. Petersburg, Fla., High School for two years.

All students interested in forming a summer school band should meet at Hill Hall at 4:30 o'clock on Monday, June 17, it was announced today by Director Earl Slocum.

Degrees Given 650 At Commencement

Taking advantage of the lifting of wartime restrictions, alumni returned to the University Commencement this year in large numbers. The graduates numbered approximately 650. Pictured above are the University Library, often referred to as the "heart" of their 152-year-old institution, which houses approximately half a million volumes, and most of the principals in the three-day finals program.
