Roy Cole Orchestra To Play for Dance In Woollen Tonight

Coeds Granted Late Permission For First Summer Grail Frolics

By Bookie Jabine The slightly jumpy music of Roy Cole and his thirteen-piece orchestra will feature the first Grail dance of the summer session set tonight from 9 until midnight in Woollen Gym.

Although advance ticket sale has been light, Charlie Fulton, Delegata of the Order of the Grail, expects a large turnout for the affair. Tickets may still be secured from any member Phi Meeting Slated of the Grail or from the office of the YMCA secretary.

As is the case in all Grail dances, tonight's function will be informal.

Late Permission Given Late permission has been granted all coeds so that they may attend the dance.

That new students who arrived this summer might become better acquainted with each other and with campus life in general, is a chief purpose of tonight's dance.

Fulton also said that all profits realized from the dance will be directed to the Grail fund which gives scholarship aid to worthy students. This fund operates independent of the University administration.

Roy Cole's band which will play tonight is composed entirely of students and has appeared at many spots throughout North and South Carolina. This spring Cole's outfit played an engagement at the widely publicized strawberry festival at Wallace,

Speakership Contested

Selection of a speaker pro-tem developed into the most spirited contest of the evening, when Jim Taylor and Charles Fulton were nominated. Jack Booraem and Tom Eller presented the merits of Taylor as a candidate, and John Surratt spoke in behalf of Fulton. In a roll-call vote Taylor won by 17 to 15.

Speaker Warren opened the meeting with the most important item of old business, a report from the bylaws committee presenting a bill con-

By-Laws Adopted

All veterans of both World War I and II are invited to participate in the ceremonies, James F. Chesnutt, of Clinton, president of the University Veterans Association, said today.

SATURDAY, JUNE 29, 1946

President Frank P. Graham and Chancellor Robert B. House will make brief talks, after which President Chesnutt will introduce General Gavin. Following his address, Lieut, Rufus G. Herring, USNR, of Roseboro, recipient of the Congressional Medal of Honor, will be presented.

Following the invocation, Chesnutt will extend a welcome and there will be a presentation of the colors.

Most-Jumped General

A native of New York and a graduate of the United States Military Academy in 1925, General Gavin is known as the "most jumped" general officer in the Army, having amassed a total of 70 jumps during his service in airborne operations. He jumped four times in combat and insisted on always jumping first before his men in the lead plane.

At present he is still in command of his famed division at Fort Bragg where it has become a part of the regular Army and has the distinction of being the only airborne unit to be retained in this country.

Chapel Hill Office

A rent control office will be located in Chapel Hill with a staff of three or four persons to handle routine operation, state director Johnson revealed. Location of the office and personnel will be announced later.

Forrest Pollard, area rent director, of Durham will have charge of the Orange county rent control programs. Johnson said that plans for the registration of every living quarters in Orange County will be announced at a later date. OPA regulations specify that this must be done within 45 days.

Landlords' registration will probably be held within the next two weeks. At this time, tenants' rents must be listed, and sworn to under a maximum penalty of \$5,000 and, (or) one year's imprisonment for fraudulent information.

Regulations Listed Regulations specifically state that,

... no person shall demand or receive any rent for use and occupancy . . of any housing accommodations within the defense rental area higher than the maximum rent regulation; and no person shall offer, solicit, attempt or agree to do any of the foregoing." Under this section, a tenant

and landlord may not enter into any agreement whereby the tenant agrees to pay more than is permitted by the regulations.

Clarifying this control, State OPA Rent Executive Frank McInnis, compiled the following rules: Landlords should reduce rents automatically without official notice. Under certain conditions, such as addition or repairs to quarters, higher rent may be charged than the March, 1945, level. No Eviction

A landlord may not evict a tenant if the tenant refuses to pay more than the legal rent. On quarters constructed since March 1, 1945, the first rent charged shall be the legal established rent. Landlords must petition the Area Rent director for any proposed ncrease.

Designed mainly to protect veterans, the control in many instances has more than halved rents. Last month the University of Virginia, at Charlottesville asked for, and received similar control.
