At the conclusion of General Gavin's address Lieutenant Herring, who was cited for "conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty as commanding officer" of a Navy gun boat during the pre-invasion attack on Iwo Jima, will lead the entire assembly in offering the oath of allegiance.

The program will close with the playing of the Star Spangled Banner by the band. Prof. Paul Young will lead the singing.

"Most Jumped" General

A native of New York and a graduate of the United States Military Academy, General Gavin is known as the "most jumped" general officer in the army, having amassed a total of 70 jumps during his service in airborne operations. Throughout his combat career he has insisted on always jumping first before his men in the lead plane.

At present General Gavin is in command of his famed division at Fort Bragg where it has become a part of the regular army and has the distinction of being the only airborne unit matic corps to join the Navy. to be retained in this country.

G. I. Kiddies Discharged from Strollers

Nursery School For Veterans' Children Operated By Trained Child Psychologist

By Arnold Schulman Until recently, when the G. I. nursery school at the Presbyterian church opened, it was not uncommon to pass the veterans' trailer camp and see several unattended pre-school children restlessly trying to amuse themselves while strapped to their

strollers. This condition has been corrected to a certain extent, and now, while the fathers are attending classes and the mothers are busy with necessary household tasks, many of the children are being cared for at the nursery school by teachers trained in child psychology.

The school is the outgrowth of an apparent need recognized some time ago by the Rev. Charles M. Jones, Dr. Carson Ryan, and Dr. Frances Horwich. They had noticed the unintentional wrong done to these children, and after discussing the matter at length decided that action should be taken immediately. Conditions were far from ideal, but as Dr. Horwich explained, "the need was so great that we decided to do the best we could, hoping that the program would get better and better as we went

along." School Formed The first step was to form a list of all the veterans in town with chil-See NURSERY, page 3
