The 39-year-old Earl said two of the lost paintings were by Rubens. He did not identify them by name. Another, he said, was a portrait of King Charles 1 on horesback painted by Van Dyck.

The fire broke out early today in the warehouse at St. Helier, Jersey. Two similar fires at St. Helier, which also began in early morning hours, already had aroused police suspicions of arson. Two Scotland Yard men were sent to Jersey to investi-

(Continued from page 3) clock pushed on and soon it seemed the contest was moving to a dreary end. That's when the boys started putting the excitement back into the ball game.

As does with most of the touchdowns scored in Kenan these days Justice had a part in the forthcoming score. He punted to Bulldog Ken McCall, who took possession on his own 13, then smuggled the ball across the field to Eli Maricich. That was a mistake as far as the Tar Heels were concerned for Eli, galloped off through all kinds of Tar Heels and soon found himself in the wide open spaces with nothing but chalk between him and the goal line. Justice was the last to see him go, but from his poor vanatge point, could do little but tag along behind. A Mr. Walston added the tying point.

Twas then the Tar Heels called on the old physical and spiritual reserves and shove defeat back down the throats of the Bulldogs from whence it had been once coughed up. The moment Justice stepped back on the field, victory returned to the hearts and two plays later, to the scoreboard.

The Tar Heels continue to improve as a football unit and as they improve, continue to beat good football teams. They not only won the game yesterday, but were the best team on the field. And with no Butts about it.
